There's nothing I need that is missing.
I'll examine your tongue while we're kissing.

While partaking of my quarterly shot
Of the lot which some people misname pot
I read Marlene's plea
And I wrote with my knee
That which follows and it has no sane plot

60201 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

A nude little lady, Marlene,
Had asked for non-creeps to drop een.
But the response, quite huge,
Could have melted a luge,
And not just the boudoir was seen.

60202 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

With sirens and bells came the Fire Brigade
And their hoses began spouting lemonade.
Marlene had her screw,
Others had naught to do
'Cept themselves and remaining parade.

60203 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

That friction when combined with the heat
Meant that those bodies and all that meat
Set fire to the bed,
And the beer lost its head.
The lemonade was a much needed treat.

60204 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

Ever been showered with Lemonade?
You should see the mess that they made!
I didn't get one screw
Let alone get two
I got quite lost in the parade.

60205 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

Your fire report is in error,
About what really went on here.
I did not get laid
By the Fire Brigade,
My lucky neighbor did, I fear.

60206 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

That's right. They all went the wrong place!
I never even got to first base.
Since I am so short,
I just got ignored;
She was posed in pearls and lace!

60207 SEDUCTIONS - BY FEMALE -SERIES Jim Weaver Collection

I can see how you could confuse us;
I sound taller when I write; thus
Your report was sincere,
Even though I fear,
You assigned the wrong name to the fuss.

While thinking one day on the crapper,
Of gentlemen handsome and dapper,
At forty unbrided,
Aunt Gertrude decided
To go find a man to unwrap her.

60209 SEDUCTIONS - BY FEMALE -SERIES Younger Brother

Her plan was decidedly simple,
She changed mini-skirt for her wimple.
By showing some leg,
There'd be no need to beg;
She'd just smile, so to show off her dimple.

60210 SEDUCTIONS - BY FEMALE -SERIES Younger Brother

On her first night out, Gertrude met Fred.
He was older, but better than dead.
But he wasn't too rich,

There was a young man of Belgrade,
Who planned to seduce a fair maid.
And as it befell
He succeeded quite well,
And the maid, like the plan, was well laid.

60557 SEDUCTIONS - SMOOTH Isaac Asimov

Recreation is sometimes a lark
In an automobile in the dark.
If the fellow is brash,
It doesn't take cash,
But only a quiet place to park.

60558 SEDUCTIONS - SMOOTH A. N. Wilkins P8610

Marquis Guy, to the Comtesse Renee,
Did declare, "Je suis tres enchante,"
But he was a gent,
The guy really meant:
"I would bet you're a really great lay."

60559 SEDUCTIONS - SMOOTH Thomas G. Keller P9505

There's a nip in the air, love, tonight.
The moon is above to the right.
The trees are a-swaying,
A love song I'm playing...
Please don't say you won't, say you might!

60560 SEDUCTIONS - SMOOTH Vinny the Face T9710

An amateur satyr named Stew
Has found work as a waiter in Kew.
But his purpose, it's clear,
Is to locate a dear
Who, if he can date her, will screw.

60561 SEDUCTIONS - SMOOTH Norm Storer

Touching all chords of her woman's heart,
He plead his suit with highest art.
Perplexed, confused,
With love suffused,
She slowly sighed her legs apart.

60562 SEDUCTIONS - SMOOTH W. L. McAtee G0090

A young lion tamer named Pete
Plays a game all the girls think is neat.
They stretch out and purr
When he strokes on their fur,
Then roar when he slips them the meat.

60563 SEDUCTIONS - SMOOTH Bob Giandomenico P8712

There once was a smooth-talking Druid,
Whose manner of living was lewd.
He'd engage Druid lasses,
In small talk--no passes,
But the first thing they knew, they'd been screwed.

60564 SEDUCTIONS - SMOOTH John Ciardi

Whether it's large or pip-squeak,
I offer you all this technique:
Rub square on her G
With a finger or three,
While lickin' her love-nub oblique.

60565 SEDUCTIONS - SMOOTH H WHELCHEL

A dirty old pilot, while flying,
Has all of the pretty girls sighing,
By praising their twats in
Both Greek and Latin,
Then fucking them till they were dying.

60566 SEDUCTIONS - SMOOTH

To a lady whose fancy he'd tickle,
He said, "I'm quite sure you're not fickle."
But he was a gent,
What the guy really meant:
"I'll bet you would spread for a nickel!"

60567 SEDUCTIONS - SMOOTH Norm Storer P9505

I found as a lad in my teens,
Of all my hormonal routines,
The Lord's Prayer in French
Lit fires I would quench,
As my date wriggled out of her jeans.

60568 SEDUCTIONS - SMOOTH

A loquacious, though salty, old sailor,
On meeting a lass would impale her.
"For," one said, "what it's worth,
Though your harpoon lacked girth,
I sure fancy the tales of a whaler."

60569 SEDUCTIONS - SMOOTH Dr Limerick modifiedP9410

The chef was an avid young learner;
The maid said his acts did concern her.
She perceived he had class
And was cooking with gas,
But she asked him to try the front burner.

60570 SEDUCTIONS - SMOOTH Albin Chaplin 3024-0933

A brazen hi-fi fan named Walter
Lured a girl to his audio altar.
As she studied his tweeter
He plugged in his peter:
'Twas coaxial bliss to assault her.

60571 SEDUCTIONS - SMOOTH G0750a

A natural normal affliction
This limerick fuction addiction;
The rhythm and beat
Of the meter is sweet,
For seduction and suction and friction.

60572 SEDUCTIONS - SMOOTH

When he hired Miss Julie Lampeer,
He said, "I will further your career."
But he was a gent,
What the guy really meant:
"I'm going to fuck you, my dear."

60573 SEDUCTIONS - SMOOTH Tom Patton P9505

It seems a young damsel named Spenser,
Than whom few young damsels are denser,
Was beguiled by the flattery
Of a satyr named Slattery...
What later occurred we must censor!

60574 SEDUCTIONS - SMOOTH G0188

Now you might kiss my...Oh no, I can't!
But I'd love you to...Nah, well I shan't!
Could we lay down a bit --
Or at least...may I sit?
As my knees get weak I cannot grant...

60575 SEDUCTIONS - SMOOTH - SERIES

...That I can still master my mind.
I'm afraid that too soon I may find
I could no longer hide
This feeling inside,
At which sight I try hard to be blind.

60576 SEDUCTIONS - SMOOTH - SERIES

My love, you've the brightest of eyes,
And the loveliest hair, as it lies
There framing your face --
Oh, your lips I must taste,
For their beauty description defies.

60577 SEDUCTIONS - SMOOTH - SERIES

It's my heart - it is pounding like hell;
When you're holding me, it feels so well.
To my mind comes a word
Which I somewhere have heard
(And I wonder if it rings a bell?)

60578 SEDUCTIONS - SMOOTH - SERIES

We rob death of its victory, yes
And the grave of its stinging caress;
For to die, having found
Such a pleasure profound,
Means life was a flawless success.

60579 SEDUCTIONS - SMOOTH - SERIES

So mount, and with passion, let's fly
To the peak of Olympus on high,
And together we'll reach
A zenith for each:
I ache for the sound of your sigh.

60580 SEDUCTIONS - SMOOTH - SERIES

I have missed you all week.
I've read all your writings (I peek).
Down here it is spring;
Libidos take wing;
Your autumn is being quite meek.

60581 SEDUCTIONS - SMOOTH - SERIES   Archie

A moonlight night -- in a boat;
Let's have all our fun while afloat.
No, it has no screw;
I'll have to row you.
(You know, down here, we've got to vote!)

60582 SEDUCTIONS - SMOOTH - SERIES   Archie

We must be fifty yards off shore.
I don't think I can row any more.
(In a car, I'd talk
Of petrol, a walk)
I doubt that this quietness will bore.

60583 SEDUCTIONS - SMOOTH - SERIES   Archie

We'll watch the full moon up thar
Out over the Isle of Arra.
Hands are for holding,
Not just for folding,
While you show to me the Pole Star.

60584 SEDUCTIONS - SMOOTH - SERIES   Archie

I'll quote some Omar Khayyam
(I'm just a trite horny old ham)
Time slips 'neath our feet;
But today is sweet --
My love for this verse is no sham.

60585 SEDUCTIONS - SMOOTH - SERIES   Archie

My moving fingers write not, they
Unbutton and unclothe and may
Even tickle your bum,
While questing for some
Secret places where they may stay.

60586 SEDUCTIONS - SMOOTH - SERIES   Archie

And play and then tease and arouse;
You know this could go on for hours.
While I'm kissing your lips,
You're moving your hips --
No longer a shy little mouse.

60587 SEDUCTIONS - SMOOTH - SERIES   Archie

And the rhythmical motion,
Is just the result of emotion --
I've brought a good red,
Careful, it'll go to your head.
(Though that could lead to coition)

60588 SEDUCTIONS - SMOOTH - SERIES   Archie

And yes, it did! But so slow
We just keep moving with the flow.
The small waves make
Our little boat shake --
I use much the same motion to row.

60589 SEDUCTIONS - SMOOTH - SERIES   Archie

The big moon will soon be downsetting;
On shore our dogs are a-fretting.
Soon back to the shore,
Face real life once more.
I'll remember all of our petting.

60590 SEDUCTIONS - SMOOTH - SERIES   Archie

Feeling weary, I've just reread this.
Now you'd better not go take a piss.
I'm reaching the pits --
There's no mention of tits,
Or other rude places I've missed.

60591 SEDUCTIONS - SMOOTH - SERIES   Archie

Psychology used on a child,
Will drive a young college girl wild;
Since she is so curious,
She's gonna be furious;
That sweet thing will feel so beguiled.

60592 SEDUCTIONS - SMOOTH - SERIES

And, honey, you don't have to wait;
Come 'round to your private back gate;
My door's always open
For you, and I'm hopin'
To get something between us real straight!

60593 SEDUCTIONS - SMOOTH - SERIES

I know that seducing in parks
Is crass - it should be at Jacques,
A small French Hotel,
One I know very well;
My exploits are noted on plaques!

60594 SEDUCTIONS - SMOOTH - SERIES

Ma Cherie, come with me now to France.
Tonight, together we'll dance.
Aaah, the wine and the food
With all of it's good,
And then I'll get into your pants!

60595 SEDUCTIONS - SMOOTH - SERIES

Now I ain't quite sure how you'd romance
A beautiful woman in France;
But it sure sounds to me
Like it surely must be
Pretty hard to look cool in her pants.

60596 SEDUCTIONS - SMOOTH - SERIES

I reckon I may be a lout
But if pants is what this is about,
Well why fight agin 'em?
No need to get in 'em,
Much better to get her ass out!

60597 SEDUCTIONS - SMOOTH - SERIES

If her ass though is big as a hill,
And you ain't got too much time to kill,
Can't get in, can't get out,
Save the thrashin about,
There's only one option -- to drill!

60598 SEDUCTIONS - SMOOTH - SERIES

You're right, there's not much room for two,
So I'll tell you what I'm gonna do --
Before filling her parts,
I will use all my arts
And post off her panties to you!

60599 SEDUCTIONS - SMOOTH - SERIES

Do these five lines we avidly coin
Spring mainly from aches in the groin
And the verses we scan
Give faint hope to each man
That his limb may lie down with her loin.

60600 SEDUCTIONS - SMOOTH - SERIES   Bob Giandomenico   P9106

As to limericks you'd avidly coin
Because of the ache in your groin.
Do the verses you scan
Make it likely, young man,
That your limb will lay down with her loin?

60601 SEDUCTIONS - SMOOTH - SERIES   Bob Giandomenico   P8807

Tonight I'll invite her to dinner;
Those oysters are surely a winner.
Combined with champagne,
I shall try once again
And with luck nad surprise I'll be in her.

60602 SEDUCTIONS - SMOOTH - SERIES   Peter Wilkins

For sure, I'll seduce her alright,
In the glow of the candles I'll light.
With the music turned low,
She'll just go with the flow;
Yes, I feel in my bone it's tonight.

60603 SEDUCTIONS - SMOOTH - SERIES   Peter Wilkins

After having a bit of good wine,
On this terry-clothed pad, do recline;
If you please, in the buff!
I won't pull funny stuff;
Just relax, love; this treatment's benign...

60604 SEDUCTIONS - SMOOTH - SERIES

With my fingertips, softly I'll trace,
Where your hairline meets neck and your face;
Love, I hope all this serves
As to sooth your face nerves;
Let your mind just become a blank place!

60605 SEDUCTIONS - SMOOTH - SERIES

On your shoulders, this oil's a great charm;
I'll be vigorous with both hands and arms;
I will rub your fair hide,
'Til my hands no more slide;
Do your collar and shoulders feel warm?

60606 SEDUCTIONS - SMOOTH - SERIES

Your back muscles need to be browsed,
To your hips where your joy center's housed;
With more oil from the spout,
This here scent sends me out;
Love, I'm getting a wee bit aroused!

60607 SEDUCTIONS - SMOOTH - SERIES

On your spine I will do a good job;
Kind of easy, more lotion I'll swab;
On your sides, my hands rest,
Lightly touching each breast;
My Big Willy's just started to throb!

60608 SEDUCTIONS - SMOOTH - SERIES

So by now, hope you're limp as a rag;
Sort of floating, with nowhere a sag;
You should sway for a spell,
Like in mid-ocean's swell;
Do you like this? I hope it's your bag!

60609 SEDUCTIONS - SMOOTH - SERIES

Your thigh muscles need a good churn;
Your well-being's at stake, you will learn;
Now your rump I do thump;
(Love, I'm dying to hump!)
Now my sweat-suit comes off 'fore I burn!

60610 SEDUCTIONS - SMOOTH - SERIES

Now, my love, I can't leave you half done;
Roll on over, don't miss the best fun;
Turn the lights down a bit;
Here, a candle I've lit;
By no one will I be outdone!

60611 SEDUCTIONS - SMOOTH - SERIES

My neighbor's off working in Ayr
And left his young ladyfriend Claire
To look after his place;
Should I risk an embrace
And suggest that we start an affair?

60612 SEDUCTIONS - SMOOTH - SERIES

Well, would you believe it? I saw
Her just now at a quarter past four,
And I couldn't keep my eyes
Off her golden brown thighs,
As she walked through my living room door.

60613 SEDUCTIONS - SMOOTH - SERIES

"You must be quite lonely", I said,
Now your boyfriend (ol' wotsisname Ted)
Is off working in Ayr."
But she said, "I don't care;
I can do what I like now in bed."

60614 SEDUCTIONS - SMOOTH - SERIES

Now all of you know I'm no sinner;
I think though I'm onto a winner.
I asked her to dine
With me well before nine;
She's agreed to come over for dinner.

60615 SEDUCTIONS - SMOOTH - SERIES

You're wicked, you know that my girl,
And you're sending my mind in a whirl.
You've no shame or remorse;
So dismount from that horse,
For you're causing my dick to unfurl.

60616 SEDUCTIONS - SMOOTH - SERIES Peter Wilkins

Now peel off those jodhpurs so tight.
Do it slow to ensure you excite.
Now show me, my lass,
How you wriggled your ass
When you rode in that saddle last night.

60617 SEDUCTIONS - SMOOTH - SERIES Peter Wilkins

Now on your saddle, I ride.
Your texture, so smooth, it's rawhide?
And your horn is so hard,
My sweet limerick bard,
I'll just mount up and ride you astride.

60618 SEDUCTIONS - SMOOTH - SERIES Ericka

Joy, I afraid I'm too tired
To have a real date, let just ride.
We'll talk; for a lark
We'll find somewhere to park,
And we'll just sit there, side by side.

60619 SEDUCTIONS - SMOOTH - SERIES Archie

It's nice to relax with a friend,
While tired brains we try to mend.
I've been working too hard.
(It's an old canard --
What you make, if you're dead, you can't spend.)

60620 SEDUCTIONS - SMOOTH - SERIES   Archie

Why your hand is quite cold, my dear.
I'll warm it so just give it here.
I'll rub it and kiss it
And closely caress it.
Oh No, your top fell down, I fear.

60621 SEDUCTIONS - SMOOTH - SERIES   Archie

Beneath that thin T-shirt there's nought,
Except what from nature yo've brought.
And they are divine.
I wish they were mine,
To hold, not to have, like you thought.

60622 SEDUCTIONS - SMOOTH - SERIES   Archie

They are quite cold, I'll warm them too,
So we'll cling quite close, me and you.
It's just a big hug,
Here under the rug...
My pants are now getting tight too!

60623 SEDUCTIONS - SMOOTH - SERIES   Archie

This night has now turned into fun.
Why Joy, now you're squeezing my bum.
But I'll fix you,
I'll squeeze yours too.
And I'll kiss what you've got there in fron(t).

60624 SEDUCTIONS - SMOOTH - SERIES   Archie

I'll just draw the curtains right there.
No need for the others to stare.
I just used the word front
And, as is my wont,
I hate obvious rhymes...my hands WHERE?

60625 SEDUCTIONS - SMOOTH - SERIES   Archie

A look and a touch that inflame,
Wild feeling burst forth without aim;
Overwhelming desire,
All senses on fire,
Mad passionate love that's not tame.

Moist kisses exchanged in perfusion;
Arms and legs in love knot,

Wetness matched with a rock hard protrusion.

Clothing ripped to the floor without care,
No thought given to how or where;
Both lovers are randy,
A rug or couch handy,
Bare rumps and sweet bumps that they share.

Long moments of unfettered love;
Motion at fevered pitch,
Each relieving their itch,
Unconcerned with which one is above.

The lovers have reached Promised Land;
Sighs and cries interweaved,
Perfect sex is achieved,
Grand fulfillment for each firebrand.

Restful lull with low whispers so dear;
Loving cause for refrain,
Passion builds up again,
Full arousal and thrill reappear.

It's all too often been said,
That dancing will lead you to bed;
For it's love set to music,
And activates your dick
So her clothes can be easily shed.

In motion not quick, but so slow?

Why, last week I bought it a sun dress.

Go away; Don't be silly...

A student from Texas named Bess
Passed Drama but failed to impress.
For she said, "It was hard

But all's swell that ends swell, I guess."

60646 SHAKESPEARE Graham Lester

When Shakespeare was asked on the day
That he married a maid past her May,
How she had snared the Bard,
He said: "It wasn't hard,
For you must know that Anne Hathaway."

60647 SHAKESPEARE Warrick Elrod

Did Shakespeare woo Anne Hathaway
By whispering, "Anne hath a way,"
Or did Will desist
And this pun resist
Lest he bemoan, "Anne hath away"?

60648 SHAKESPEARE Irving Superior P8401

If Shakespeare were writing today,

To porn and to pics,
About condoms and tricks,
Should we bring him back for a day.

Death! Art thou peace or tormenty?

60652 SHAKESPEARE Loren C Fitzhugh

He seldom produced the uncouth
And rarely avoided the truth,
But Shakespeare sure wrote
Some stuff you don't quote
To children or parsons - forsooth!

60653 SHAKESPEARE R. J. Winkler P8401

To Shakespeare be grand panegyrics!
O, would he had written our lyrics
For most that we hear
Today do appear
Designed to engender hysterics!
(panegyric - laudatory public speech, eulogy)
60654 SHAKESPEARE R. J. Winkler P8401

Poor Falstaff, that knight of full lard,
Was writ in two plays by the Bard.
Position demeaned,
Alleged sex fiend,
Which Slick Willy says is CANARD.

If Shakespeare were writing today,
Methinks he'd be openly gay.
But dating the Bard

He's passed his four hundredth birthday.

60656 SHAKESPEARE Finnegan

Ham actor was quick to EMOTE,
And would Shakespeare frequently quote,

Dr. Bowdler complained, "All that smut!
Shakespeare's Muse was a regular slut.
For surely it's hard

60659 SHAKESPEARE Robin K. Willoughby P8401

The ghost of Will Shakespeare, to shit

If Shakespeare were writing today,
He'd say, "This vocation don't pay.
Though an artist I ain't,

I'm baroque and I need the Monet!

60661 SHAKESPEARE Observer TP9901

How seldom we hear from the Bard
Since he's buried out back in the yard.
But we'll all share his wit
If his play's worth a shit,
And for him, that shouldn't be hard.

60662 SHAKESPEARE Johnboy

Will Shakespeare's the boss, don't you see?
All manner of folk will agree.
With a heigh and a ho
And a heigh nonny no,
He's the king of artsy repartee.

60663 SHAKESPEARE Ystap TP9804

Our thanks to this Shakespeare named Will
For plays that enthrall with a thrill.
He tells a good story,

But better than Jack and his Jill.

60664 SHAKESPEARE R. J. Winkler P8401

Goode friend, my bones do spare,
And not moveth them from heare;

To be barren of quim for a year.

60665 SHAKESPEARE

In Stratford on Avon resided
Will Shakespeare who firmly decided
To author some plays
Designed to amaze --
Rejoicing that he wasn't misguided!

60666 SHAKESPEARE R. J. Winkler P8401

I remarked to my good friend, the Bard,
That the world held him in high regard.
He replied, "Richard II
I found easy to do;
My Midsummer-Night's Dream was quite hard."

60667 SHAKESPEARE Arthur Deex P8311

Now I hope I don't sound very bitter,
But old Shakespeare was naught but a quitter.
Seems that anapests broke
His mind, the poor bloke,
So he wrote iambic pentamitter.

60668 SHAKESPEARE Dave Safar

Will Shakespeare, we know was another
Great poet of England whose brother
Inspired him to write
A verse every night,
Describing their flings with their mother.

60669 SHAKESPEARE Travis Brasell

And, thus, be inspired

His heroes and heroines tell
Their anguish and ecstasy well
And when they emote

60672 SHAKESPEARE R. J. Winkler P8401

The scholars who study the Bard
Think Shakespeare had really tried hard
To turn out a play
Each day after day,
While showing the task no regard.

60673 SHAKESPEARE R. J. Winkler P8401

"The source," said a scholar named Brady,
"Of his income was not the least shady.
Because as you know
And as records show,
The Bard married a young Avon lady."

60674 SHAKESPEARE A. N. Wilkins P8401

"Shakespeare's income," observed old Prof Brady,
"Rumor says was illicit and shady.
But the actual truth
Is that in his youth
The Bard married a young Avon Lady."

60675 SHAKESPEARE A. N. Wilkins

Will Shakespeare wrote many great plays;
Had a knack for 'turning a phrase.'
But some are in doubt
And bandy about,
That Marlowe deserves all the praise.

60676 SHAKESPEARE Gifford Wherry

Did Shakespeare use Microsoft Word?
They say that a quill he preferred,
But it's certainly clear
That he word-processed Lear,
And he grammar-checked Richard III.

60677 SHAKESPEARE Richard Long

"Since with luck I might really have starred
As a poet," said Shakespeare, "it's hard
To spend all of my days
Merely writing cheap plays.
I might have become a great bard!"

60678 SHAKESPEARE A. N. Wilkins P8401

"Who so firm that cannot be seduced?"
That's my favorite Shakespeare 'mot juste';
"Firm" surpasses puns;
Does he hint at tits, buns,
Rigid pricks, or mere morals unloosed?

60679 SHAKESPEARE Robin K. Willoughby P8402

If Shakespeare were writing today,
An actor would have more to say.
DiCaprio'd be broke;
His acting's a joke.
He can't compare to Olivier.

60680 SHAKESPEARE Anon

My best guess would be supersonics
Of Macbeth's and Iago's demonics
Would not be downrated
But emasculated
When they're found dumbed down in 'Ebonics'.

60681 SHAKESPEARE Loren C.Fitzhugh P9703

Poor Willie could get no reward;
His Annie refused the back yard.
She wouldn't give head,
Nor legs would she spread,
And gave him the name, no holes bard.

60682 SHAKESPEARE

If Shakespeare were writing today,
He would likely have nothing to say;
For as everyone wots,
He stole all his plots,
And his dialogue's nought but cliche.

60683 SHAKESPEARE Francis Bacon

If Shakespeare were writing today
He'd have made his lone way to L.A.,
Where he'd have to give head
To the guys with the bread,
If he wanted to put on a play!

60684 SHAKESPEARE

If Shakespeare were writing today
About Toastpoint, I know he would say,
Include my limericks,
With the assorted pricks,
That came here to lyrically play.

60685 SHAKESPEARE John Chastaine TP9901

If Shakespeare were writing today,
He would surely be carried away
With writing nude scenes
For buff kings and queens,
Since more than the plot shows today!

60686 SHAKESPEARE Anon

Good friend, for Jesus sake forbear,
To dig the bones enclosed here!
Blest be the man that spares these stones
And cursed be he that moves my bones.

60687 SHAKESPEARE Shakespeare

That's the only verse known to be written
By the Bard of Elizabeth's Britain;
All others, bar this,
Could be written by Chris,
With Edward, or Francis, pinch-hitten.

60688 SHAKESPEARE Hugh Clary

Do you mind if I join this affray
And bring you some culture today?
Will Shakespeare's the name
And I hope that you came
To the opening night of my play.

60689 SHAKESPEARE Peter Wilkins

In the speech of his time, did the Bard,
Refer to his prick as his 'yard',
But sigh no more, madam,
'Twas no longer than Adam's,
Or mine, and not one half so hard.

60690 SHAKESPEARE L1629

OXFORDIAN theory is hard,
Disclaiming that Will was the Bard
Of Avon, and so,
For all that I know,
Famed Homer was a Greek retard.

60691 SHAKESPEARE Chris Papa

If Shakespeare was so OXFORDIAN,
Goes debate like an accordion,
We'd have better clues
Than old Oxford blues,
And conundrum and a knot Gordian.

60692 SHAKESPEARE Daniel Ford

Shakespeare wrote sonnets and verse
All the way to his grave and his hearse.
But limericks, none.
He had little fun,
"No limericks" was his cruel curse.

60693 SHAKESPEARE Pete Gardner

Egads! You are so very wrong!
Of course, Willie wrote limerick song!
Here's one you can read,
And if there's a need,
There's more: finding them won't take long.

60694 SHAKESPEARE Travis Brasell

Say I to thee, Dearest, beware
Of men like me who to thee fair
Wilt give thee a rose,
Whilst shedding our clothes,
For more than our souls doth we bare.

60695 SHAKESPEARE Travis Brasell

But shouldst thy fair hand reach to pick
Thy rose, dear, thou mustn't be quick
To pluck, else in kind,
Thou wilt surely find,
In thy tenderest fingers, a prick.

60696 SHAKESPEARE Travis Brasell

Is there naught fair maid or shrew'd hag
Who dwells in yon village or crag,
The which wouldst be willing
For meal, aye! For shilling,
To bear this huge burden I drag?

60697 SHAKESPEARE Travis Brasell

Come quick! As in flight of strong sparrow,
Attendeth my bone without marrow;
Shouldst thoulacketh strength
To heave my hard length,
Then bringeth, O wench, thy wheelbarrow.

60698 SHAKESPEARE Travis Brasell

When Shakespeare wrote plays for the masses,
For people of various classes,
His tragedies thrilled
As heroes were killed,
And villeins made passes at lasses!
(villeins - peasants)
60699 SHAKESPEARE R. J. Winkler P8401

With characters taken from Plutarch,
Full many a play was a landmark;
As Shakespeare found there
The secrets that bare
The soul of a peasant or monarch.

60700 SHAKESPEARE R. J. Winkler P8401

If Shakespeare were writing today,
There wouldn't be much left to say.
He'd probably cuss
And make such a fuss,
That the government would put him away.

60701 SHAKESPEARE Jim Weaver Collection

Bill Shakespeare, the "Creme de la Creme,"
Wrote sonnets and plays, so they claim.
But was he the one
Or was it really some
Other fellow who had the same name?

60702 SHAKESPEARE Margaret A. Murdock P8401

"Despite all his subsequent fame,
William Shakespeare was playing a game,
For he did not write
The plays," declared Dwight.
"It was someone else by the same name."

60703 SHAKESPEARE A. N. Wilkins P8401

Seven ages, first puking and mewling,
Then very pissed off with one's schooling,
Then fucks, and then fights,
Then judging chap's rights,
Then sitting in slippers, the drooling.
(All the world's a stage...)
60704 SHAKESPEARE Victor Gray

In Stratford, young Will went to school
For seven years -- he 'twern't no fool!
Learned Bible and Latin,
On language got fat 'n
Discovered he had a great tool.

60705 SHAKESPEARE Travis Brasell

Come quick as the flight of strong sparrow;
Attendeth my bone without marrow.
Shouldst thou lacketh strength
To heave my hard length,
Then bringeth, my wench, thy wheelbarrow!"

60706 SHAKESPEARE Travis Brasell

Shakespeare, a scholarly nit,
Was quite proud of the limericks he'd writ.
But his siblings were schnooks,
Devoured all his chapbooks,
And each hair in his patrons armpit.

60707 SHAKESPEARE Nancy Henry-Kline P9402

In order to celebrate Will,
That poet and playwright of skill,
I'll praise not in prose,
But I'll try to compose
This sonnet with pen, ink and quill.

60708 SHAKESPEARE Peter Wilkins

For shall I compare thee to <BLOT>
It droppeth from heaven like...What?
An ink blob upon it?
All over my sonnet?
Oh come: 'tis merely a spot.

60709 SHAKESPEARE Peter Wilkins

Forsooth and Gadzooks! How did Will
Compose all his stuff with a quill?
But damn, I digress
And this sonnet's a mess.

60710 SHAKESPEARE Peter Wilkins

My boy, it seems that you ought
To have a fifth line, not naught.
But wait! I can see
What the problem must be...
You've forgotten to yell "Out, Damn Spot!"

60711 SHAKESPEARE C Anton

With all due respect to the bard,
I suspect he found limericks hard.
He got most of them wrong,
They were fourteen lines long,
And the metrical elements jarred.

60712 SHAKESPEARE Peter Wilkins

To Stratford-on-Avon rain came.
More rain and then more of the same
Rose higher and higher
Until the town crier
Gave to Avon-on-Stratford its name.

60713 SHAKESPEARE Irving Superior P8401

In plays that are truly Shakespearean,
With plots that are tragic or cheery, an
Emotion arises
Mid pleasant surprises
And visions of summits empyrean.
(empyrean - highest level of heaven)
60714 SHAKESPEARE R. J. Winkler P8401

If Shakespeare were writing today,
He'd have some advice to convey.
"To be so serious,
Can only weary us;
I know now, the thing is to play."

60715 SHAKESPEARE Finnegan

Ah, Shakespeare! your children's report'll
Never take you through Time's massive portal;
But do not lose cheer,
This limerick here
Will certainly make you immortal!

60716 SHAKESPEARE Laurence Perrine P8401

Over three hundred eighty-five years
Ago, over crumpets and beers,
Young Will was awritin'
Both day and night, 'n'
I think we should give him three cheers!

60717 SHAKESPEARE Travis Brasell

If Shakespeare were writing today,
I think he would be quite blown away
By all the publication
About fornication;
Be it hetero, bi-sexual, or gay.

60718 SHAKESPEARE

The NEWSPEAK'S a language absurd.
All Shakespeare's reduced, I have heard.
To the Limerick's 5 line
And that Limerick divine,
Is condensed to a four-letter word.
(probably from 1984 - Orwell)
60719 SHAKESPEARE Dick Buenger P8406

The cast was having a ball
Playing Shakespeare out in the mall,
But the play was so sad
And they played it so bad,
Not a dry handkerchief in the hall.

60720 SHAKESPEARE Andy Sorenson P9009

When Shakespeare had mastered the sonnet
(I'd bet my last dollar up on it!)
He caused some deep flushes
And virginal blushes
While flipping the maidenly bonnet!

60721 SHAKESPEARE R. J. Winkler P8401

If Shakespeare were writing today
There is no doubt what he would say:
"I thought I was clever
But I could not, never
Write as meaningfully as C. Bronte.

60722 SHAKESPEARE Patty P TP9901

Will Shakespeare excells as a poet;
A check of his speeches will show it.
His players emote
So well that we quote
A beautiful line -- when we know it!

60723 SHAKESPEARE R. J. Winkler P8401

"What's in a name?" (Did Shakespeare start
To give an answer but lose heart
And beat around the bush
Then roses try to push?)
"What's in a name? In Mozart - Art."

60724 SHAKESPEARE Irving Superior P8401

Bill Shakespeare once wrote on the page:
The Earth is a wheeled wooden cage.
It's owned by Wells Fargo
And carries it's cargo
Through life...Yes, the world is a stage.

60725 SHAKESPEARE Tiddy Ogg

Now Dickens, he wrote about Scrooge,
A man with a fortune so huge,
His fellows he'd screw,
'Cause Ebby sure knew,
To him all the world was a stooge.

60726 SHAKESPEARE Tiddy Ogg

Wilde's Canterville Ghost was a pain;
His blood spots a mark as of Cain.
They spread on the floor,
To be there evermore.
To him, all the world was a stain.

60727 SHAKESPEARE Tiddy Ogg

Jane Austin would write of young maids;
Those darlings who never got laid.
They'd ne'er get a kiss;
All good stuff they would miss...
To her all the world was so staid.

60728 SHAKESPEARE Tiddy Ogg

Said the Avon Bard, "'Twould be a pity
If I lost the gift to be witty.
If I did so, I know
De Vere, Bacon, Marlowe,
I would hire and we'd write by committee."

60729 SHAKESPEARE Loren C Fitzhugh

When I was a lad and at school,
Our assignments weren't nearly so cool;
We would study the Bard
(Who found limericks hard)
And write sonnets all day as a rule.

60730 SHAKESPEARE

If Shakespeare were writing today,
He would right in a much different way.
No concern for phonics,
He would write in ebonics:
"Wat up! Po' Yoric!" he'd say.

60731 SHAKESPEARE Oddo Von Schlong TP9901

I, while visiting Tesco's to buy
Bacon, sausages, eggs and a pie,
Wrote my list out in verse.
(This is hard, but what's worse;
Rhyme tomatoes and waffles--you try!)
(I Bacon wrote this rhyme)
60732 SHAKESPEARE - BACON Lynne Davies

I long to write verse about fishes,
Bacon, and eggs; but such wishes,
Wrote Will, 'I discard;
This proposal's too hard;
Rhyme is wanting to speak of such dishes.'
(I Bacon Wrote This Rhyme)
60733 SHAKESPEARE - BACON Mark W. Harlequin

I have heard vegetarians told
'Bacon's flavor you must miss of old!'
Wrote one such to The Times:
'This meat's not sublime,
Rhyme nor reason see I ain't being sold.'
(I Bacon wrote this rhyme)
60734 SHAKESPEARE - BACON Andrew Shires

Francis Bacon once said to his wife,
"The thought still cuts like a knife.
For when I did write
Shakespeare's dramas I quite
Neglected the chance of my life."

60735 SHAKESPEARE - BACON Arthur N. Wilkins P8401

Mr. F. is a figure forsaken.
His importance is often mistaken.
But he's highly Shakespearean
By any criterion.
I'm referring, of course, to F. Bacon.

60736 SHAKESPEARE - BACON Neal Wilgus P8401

Bill Shakespeare, if I'm not mistaken,
Worked hard at the job he had taken.
We must give him credit;
His family, he fed it.
He worked hard to bring home the Bacon.

60737 SHAKESPEARE - BACON Margaret A. Murdock P8401

If Bacon, de Vere, even Marlowe,
Were with us today or tomorrow,
I think they'd all say
"No, there was no way
That Shakespeare, our help, he would borrow!"

60738 SHAKESPEARE - BACON Travis Brasell

Said Shakespeare, "I fear you're mistaken,
If you think that my plays are by Bacon.
I'm writing a book
Proving Bacon's a crook
And his style's an obscure and opaque 'un."

60739 SHAKESPEARE - BACON

I'm sure that you have heard the claim,
Re: who wrote all those plays of great fame.
That it's perfectly clear
They were not by Shakespeare,
But by someone else with the same name.

60740 SHAKESPEARE - BACON Fran

You bet I can get very annoyed
When Dons, using learned sang froid,
Attack the old Bard
In Avon's back yard,
And argue who's to fill his void!

60741 SHAKESPEARE - BACON Barb

Was Shakespeare well-written by Bacon?
If true, all respect be forsaken
For such a big phoney
(His genius - baloney!)
Whose works would be products of fakin'!

60742 SHAKESPEARE - BACON R. J. Winkler P8401

A young bawd in a brothel did waken
To find her sex organs achin'.
She thought it Will's doing,
But all that rough screwing
Was authored by Sir Francis Bacon.

60743 SHAKESPEARE - BACON Getting Straight P8401

Some amateur players, most brave,
A performance of Hamlet once gave.
Said a wag, "Now let's see
If it's Bacon or he --
I mean Shakespeare -- who's turned in his grave."

60744 SHAKESPEARE - BACON Linda Marsh Coll

In many a sonnet the same
You promised him immortal fame:
Your friend shall live always
In Time's sounding hallways.
But tell us, Will, WHAT was his name!

60745 SHAKESPEARE - BACON   Laurence Perrine   P8401

Some attribute Shakespeare's work to Bacon.
Even if true, why be shaken?
Just rejoice in the perk
Of true genius at work.
That's the given with which to be taken.

60746 SHAKESPEARE - BACON   Loren Fitzhugh   P0208

The author of Shakespeare is Bacon!
Though vast seems this great undertaking;
At dawn every day
He'd work on a play,
While William an essay was making.

60747 SHAKESPEARE - BACON   Irving Superior   P8401

...receding forehead...the nostril swell...
The backward thrust of the cerebell...
The dental flaw...
The jut of jaw...
Alas, poor Yorrick, I knew him well.

60748 SHAKESPEARE - HAMLET   Irving Superior   P8401

Into my hands a used sweeper fell.
At its sight I expelled a pained yell.
It was frayed, badly worn,
Just an object of scorn,
"Alas poor Oreck, I knew him well."

60749 SHAKESPEARE - HAMLET   Loren C. Fitzhugh   P9703

Prince H. and the queen get betrayed;
King C. and his rogue get the blade.
The windbag -- deflated,
Friends -- decapitated,
And madness devours the maid.

60750 SHAKESPEARE - HAMLET Lassies Lover

His heart tied in torturous loops,
Hamlet fears he hears someone that snoops.
What ho! It's a rat!
Take this! And take that!
Oh! Sorry, Polonius (oops).

60751 SHAKESPEARE - HAMLET Lassies Lover

King C. full of regal concern,
Sends Hamlet off, ne'er to return.
Guess who takes the whacks
From the Englishman's axe?
Good Rosencrantz and Guildenstern.

60752 SHAKESPEARE - HAMLET Lassies Lover

But nobody knows in advance
Which is which, so I won't look askance.
If you said, that instead
They cut off the heads
Of good Guildenstern and Rosencrantz.

60753 SHAKESPEARE - HAMLET Lassies Lover

Prince Hamlet, that noble young Dane,
Was finally forced to complain
Of the sins of the court,
Where incest was sport.
In the end he got everyone slain.

60754 SHAKESPEARE - HAMLET Problem Dear Henry P8401

Hamlet was always delaying
A sensitive family slaying.
As eveyone dropped,
He finally stopped
The game that his uncle was playing.

60755 SHAKESPEARE - HAMLET Nicol Mackintosh

When all your dreams are busted bubbles;
When income halves or outgo doubles;
When there's no place to turn,
From William Shakespeare learn,
"Take alms against a sea of troubles."

60756 SHAKESPEARE - HAMLET Irving Superior P8609

For her Hamlet in drag, actress Clubb,
Learned her lines while immersed in the tub.
Using Method a bit,
She would finger her clit
As she memorized "Ah, there's the rub"

60757 SHAKESPEARE - HAMLET Jim Weaver Collection

They've written some verse about me
In that lewd Limerick S I G,
And I'll bet my left tit
And my whole mother-wit
All the worst ones begin with "To be..."!
(S I G - special interest group)
60758 SHAKESPEARE - HAMLET Robin K. Willoughby P8402

The corpse had been blasted, yuh sees!
Autopsy was ordered by Police.
Small pellets were used;
They are still confulsed --
Was it BB's or not BB's.

60759 SHAKESPEARE - HAMLET Archie

That fellow named Hamlet is mad,
Who talks too damned much to his dad.
He does in Polonius
In a manner felonious,
And is toward Ophelia a cad.

60760 SHAKESPEARE - HAMLET Warrick Elrod

A thing that caused Hamlet to scowl
Was that Claudius also would prowl
The hens in the coop,
To fill them with goop,
Which, unhappily, murdered most fowl.

60761 SHAKESPEARE - HAMLET Elmer L Fairbank

Those critics of 'Hamlet', asked Lee,
Whose ridiculous pieces we see
As incredibly bad,
Are they actually mad
Or merely pretending to be.

60762 SHAKESPEARE - HAMLET A. N. Wilkins P8401

While musing over Yorrick's remains,
Such wisdom Prince Hamlet attains!
For life is so brief
And death is the thief
Who robs us of all our life's gains.

60763 SHAKESPEARE - HAMLET Bob Mornington

It took all the loins he could girder,
When Claudius thought he might squirt her.
He made to the King
An offer to sing
A tune, with an earful of murder.

60764 SHAKESPEARE - HAMLET Badinage

Now Hamlet was a very odd lad,
Quite unable to avenge his dead dad.
But what's even more funny
Was his lust for his mummy;
An oedipus complex, he had.

60765 SHAKESPEARE - HAMLET Bobbob

Ophelia, feeling no pain,
And freed from the need to abstain,
Declared it was better
With big Irish setters.
(She'd been fucked quite enough by Great Danes).

60766 SHAKESPEARE - HAMLET

The chief actors flew into rages
When the youngest of Claudius' pages
Fell through the trap door,
For the fellow, they swore,
Was constantly going through stages.

60767 SHAKESPEARE - HAMLET A. N. Wilkins P8401

If the good that men do is interred
With their bones, and that's what I've heard,
If this tale is true,
Then all we need do
Is dig them up. Ain't that absurd?

60768 SHAKESPEARE - HAMLET Al Willis P9806

In Denmark there was a young prince,
Who could not his Ophelia convince.
So he really did press her,
He fondled, undressed her,
And she's been quite glad ever since.

60769 SHAKESPEARE - HAMLET Bill Edwards P9103

An actor, who's rather a duffer,
Wondered, "Is it far nobler to suffer,
Arrows and slings,
And those sorts of things,
Or just grab a bird and then stuff her?"

60770 SHAKESPEARE - HAMLET Jim Weaver Collection

Guildenstern and his pal Rosencranz
Went to Prince Hamlet's house for a dance.
He Ham introdu-
ced 'em, he knew who was who
By the big G's and R's on their pants.

60771 SHAKESPEARE - HAMLET Robin K. Willoughby P8402

The play, said Hamlet, is the thing,
Wherein I find the guilt of the king.
We'll put on a show;
If his face doth glow
I'll know he's behind Dad's passing.

60772 SHAKESPEARE - HAMLET

Prince Hamlet thought uncle a traitor
For having it off with his Mater.
Revenge Dad or not -
That's the gist of the plot -
And he did - nine soliloquies later.

60773 SHAKESPEARE - HAMLET Stanley J Sharpless P8401

Did Ophelia ask Hamlet to bed?
Was Gertrude incestuously wed?
Is there anything certain?
But the fall of the curtain
Almost everyone's certainly dead.

60774 SHAKESPEARE - HAMLET A Cinna

Poor Hamlet! It's fit to congeal ya,
To see what a hard fate can deal ya.
For what did him in,
Was a prick in the skin,
When the prick should have been in Ophelia.

60775 SHAKESPEARE - HAMLET

Poor Ophelia sighed, "I deplore
The fact that young Hamlet's a bore.
He just talks to himself.
I'll be left on the shelf,
Or go mad by the end of Act IV."

60776 SHAKESPEARE - HAMLET Frank Richards

When the ghost told Hamlet of his killing,
For vengeance the son seemed unwilling.
This pathetic inaction
Is the principle attraction
To which Lit students so often go milling.

60777 SHAKESPEARE - HAMLET Bobbob

Hamlet's pal was performing fellatio
And was stunned by his width-to-length ratio.
Quoth the Dane, "I've more girth
Under Heaven or Earth
Than you've ever dreamt of, Horatio!"

60778 SHAKESPEARE - HAMLET Stargazer

A thing that Prince Hamlet abhorred
Was having a mother who whored;
Though speculatory,
It makes a good story
So readers will seldom be bored.

60779 SHAKESPEARE - HAMLET R. J. Winkler P8409

Brooding Hamlet seemed somehow star-crossed
In a life, at best, most tempest tossed.
As its plot did evolve,
He performed with resolve,
Fearing he who meditates is lost.

60780 SHAKESPEARE - HAMLET Loren Fitzhugh P0305

The quality of mercy's not strained,
But the look on its face is quite pained.
The modern generation
Has caused consternation
Since paradise has been regained.

60781 SHAKESPEARE - HAMLET Tony Burrell

Excuse me, dear Hamlet, for me
The question's not "Be, or to be?"
I'd fain leave today.
Then why do I stay?
I can't pay the burial fee!

60782 SHAKESPEARE - HAMLET Laurence Perrine P8401

One morning, Shakespeare, on a whim,
Decided to compose a lim,
But "To be or be not"
Was as far as he got,
So we won't get much more out of him.

60783 SHAKESPEARE - HAMLET Jim Weaver Collection

It's Hamlet that's mostly bereft,
For the new King is cunning and deft.
But when they're all done
With their ponderous fun,
There ain't hardly anyone left.

60784 SHAKESPEARE - HAMLET Elmer Fairbank

Polonius was quite wise as you'll see.
When from Denmark his son wished to flee,
His advice was quite clever,
For he said one should never
A lender nor a borrower be.

60785 SHAKESPEARE - HAMLET Bobbob

Hamlet's wit could seldom be beaten.
He killed Polonius and soon felt the heat on,
So he said the poor sinner
Had been detained at dinner,
But not where he ate but was eaten.

60786 SHAKESPEARE - HAMLET Bobbob

Ophelia endeavored to sing
As she leapt in the stream from her swing.
Her melodious lay
That maleficent May
Made her spring in the Spring in the spring.

60787 SHAKESPEARE - HAMLET Gately

Said Ophelia to the prince, "Now look, Hamlet,
I fail to see mirth in this gambit!
The nunnery sounds grim,
But methinks it's your whim!
I like it, sir, NOT! Not a damn bit!"

60788 SHAKESPEARE - HAMLET Ystap

Ophelia, Ham's gal, was the one
Who off to flip out she did run.
While Ham talked to ghosts,
She sat round and moped,
Till he said, "Go live with the nuns."

60789 SHAKESPEARE - HAMLET

Prince Hamlet, out walking his dog,
Spied Ophelia face-down in the bog;
The two noble Great Danes
Used their brawn and their brains,
But, alas, she was snagged on a log.

60790 SHAKESPEARE - HAMLET   Robin K. Willoughby P8401

"To be," said young Hamlet the wit,
"Or not to be." (Snip out the shit.)
"Perchance I will dream
Of bare bodkins and scream
'Won't you give me Ophelia tit?'"

60791 SHAKESPEARE - HAMLET   Peter Wilkins

A fellow with ghosts and some shamlets,
Lost his girlfriend, Ophelia, Poor lamb-let.
Instead of taking a wife,
He is stuck with a knife,
Then orphaned and poisoned, poor Hamlet!

60792 SHAKESPEARE - HAMLET   E Wolf

A scene Shakespeare addicts love to see,
And well worth waiting for, believe me,
Is that soliliquy
Which begins with, "To be,"
Not done peripatetically.

60793 SHAKESPEARE - HAMLET   Loren Fitzhugh   P0306

A nosy old coot named Polonious
Thought to eavesdrop was good. (How erronious!)
He got his comeuppance --
For a ducat. (That's tuppence)
Hamlet sliced him like so much bolognious.

60794 SHAKESPEARE - HAMLET   Robin K. Willoughby P8402

"Egad!" said Polonius to Laertes,
He hugged him and gave him a nice squeeze.
"Here's my advice to you,
To thine own self be true,
Unless, more's the pity, you're big cheese!"

60795 SHAKESPEARE - HAMLET Ystap

An old Danish jester named Yorick,
Drank a gallon of pure paregoric.
"My jokes have been dull",
He said, "But my skull
Will one of these days be historic."

60796 SHAKESPEARE - HAMLET Ogden Nash

Did this line describe Yorrick best?
"A fellow of infinite jest."
It suits him quite well
For a grin eternal,
Which he wore during his disturbed rest.

60797 SHAKESPEARE - HAMLET Phil T

Except on those days when it rains,
We actors stroll hedgerows and lanes,
Till, sat on a hillock, we
Declaim the soliloquy
Of Hamlet, the Prince of the Danes.

60798 SHAKESPEARE - HAMLET Barrie Collins

That "To be or not to be?" speech
Was really a bit of a reach.
The use of a knife,
To take your own life,
Is only what Samurai teach.

60799 SHAKESPEARE - HAMLET Larry Davis P8604

Prince Hamlet from Old Elsinore
Had a problem he couldn't ignore.
He caught Uncle Claude
With his Mama, the Bawd,
And decided to settle the score.

60800 SHAKESPEARE - HAMLET   Arthur Deex   P8402

Young Hamlet, the Prince of Denmark,
Fell just a bit short of the mark.
He said to Ophelia,
"Come her, let me heal ya,"
But he missed -- 'twas a shot in the dark.

60801 SHAKESPEARE - HAMLET   Neal Wilgus   P8401

There was a young tourist named Cotton,
Whose travels would not be forgotten.
On a trip to Berlin,
He enjoyed all his sin,
But in Denmark, he found something rotten.

60802 SHAKESPEARE - HAMLET   Albin Chaplin   3024-1712

Poor Ophelia went out of her mind,
When for her father, she excessively pined.
Prince Hamlet's sword
Pierced that so noble Lord,
Through the curtain he'd been hiding behind.

60803 SHAKESPEARE - HAMLET   Bobbob

Here's the question: to be or to not?
Since my Mom and my Unc tied the knot.
Time's arrows and slings
Have just screwed up things.
My life's naught but a soap opera plot.

60804 SHAKESPEARE - HAMLET   Arthur Deex   P0312

Here's the question: to be or to not?
Is it better to suffer or rot?
For time's whips and time's scorn
Are too great to be born.
On the other hand, death's not so hot.

60805 SHAKESPEARE - HAMLET Max Gutman P0312

When Hamlet soliloquized, he
Probed the essence of Life's mystery.
No doubt with a buzzin'
I'm certain, because'n
His "To bee, or not to bee."

60806 SHAKESPEARE - HAMLET Ann Gasser P9004

Prince Hamlet went down on one knee,
While Shakespeare went up him with glee.
The Bard, not quite straight,
Damaged Hamlet's prostate;
Ham now questioned pee/not to pee.

60807 SHAKESPEARE - HAMLET Tucker D. Ott P9004

Prince Hamlet found spelling a tease.
He couldn't spell buter or chease.
Was it habit or habbit,
And what about rabbit?
Are there two B's or not two B's.

60808 SHAKESPEARE - HAMLET Tiddy Ogg

To the ordeal dealt cordial Cordelia
For "I won't declaare more than I feel." Ya
May want to compare
One's fair maid was made fare,
In the fits that unfitted Ophelia.

60809 SHAKESPEARE - HAMLET Laurence Perrine P8401

That fellow from Denmark was mad.
Take, for instance, that talk with his dad.
Of attention the most
He paid to that ghost,
And the havoc it wrought was quite bad.

60810 SHAKESPEARE - HAMLET Warrick Elrod

This question occurred once to me --
To be, or perhaps not to be.
For if we are not
We will soon be forgot,
But if we're to be -- well, we'll see.

60811 SHAKESPEARE - HAMLET Neal Wilgus P8401

In Hamlet's soliloquy,
He wonders in misery,
If 'tis my fate
To reincarnate,
When, what am I to be.

60812 SHAKESPEARE - HAMLET Tiddy Ogg

I may be a flea or a bee,
Or a squirrel high up in a tree.
But I'll not be a mole
In it's dark dirty hole;
I'll never a burrower be.

60813 SHAKESPEARE - HAMLET Tiddy Ogg

I love clever girls, they're such dears...
Told one I'd seen Hamlet...got cheers!
Then she asked, "Whose?"
I thought...This a ruse?
I replied, "Well I think 'twas Shakespeare's"

60814 SHAKESPEARE - HAMLET Jim Weaver Collection

Old Bill wrote "All the world's a stage,"
Then went on to fill up the page.
Despite all his verses,
Hamlet's curse is
Too grave to ever ASSUAGE.

60815 SHAKESPEARE - HAMLET Norm

That potty old Monarch, King Lear,
Was a martyr to chronic diarrhea.
He'd sit on the throne,
Emit a loud groan,
And nobody else would go near.

60816 SHAKESPEARE - KING LEAR Kevin Hale

There was that fine Earl of old Kent,
A loyal, devoted Brit gent.
He stood by King Lear
Without any fear,
But disaster just couldn't prevent.

60817 SHAKESPEARE - KING LEAR

There was an old monarch, King Lear,
Who was martyr to chronic diarrhea. (dire rear?)
He would sit on his throne,
And emit a loud groan,
And nobody else would go near.

60818 SHAKESPEARE - KING LEAR Bill Wall

"King Lear had nephews/nieces dear
Who always call the King, 'Unk Lear.'"
My book report
Was of this sort.
Next to my failing grade: "UNCLEAR".

60819 SHAKESPEARE - KING LEAR Irving Superior P8401

The stories in plays like King Lear
Were based upon plots, it is clear,
From "Holinhed's Lives
Of Nobles and wives" --
No help to a great sonneteer!

60820 SHAKESPEARE - KING LEAR R. J. Winkler P8401

What a trusting old chap was King Lear!
He'd no notion of what he should fear.
If a daughter said "Dearie,"
He should have been leery.
He'd soon have to pay for that 'dear'.

60821 SHAKESPEARE - KING LEAR Laurence Perrine P8401

That sorry old fellow, King Lear,
Had troubles which made him turn queer.
If he'd just gone away
At the start of the play,
We could all have grown tipsy on beer.

60822 SHAKESPEARE - KING LEAR Problem Dear Henry P8401

I hope that I never shall hear
A play quite a gloomy as Lear.
But if necks were just wrung
Of bad daughters when young,
The King would have much less to fear.

60823 SHAKESPEARE - KING LEAR Warrick Elrod

An obsession with sex took Shakespeare
Whenever he drank too much beer.
Then he'd write of a king
Who was having a fling,
And often he'd make the King leer.

60824 SHAKESPEARE - KING LEAR Neal Wilgus P8401

Old Lear got more senile and hoary,
But that is just part of the story:
Two daughters disdained him,
Cordelia pained him --
The rest of the story is gory.

60825 SHAKESPEARE - KING LEAR R. J. Winkler P8409

Both Lear and old Gloucester were blind
To how kindred are often unkind.
And only when blinded
Or out of their mind, did
The two learn true love of their kind.

60826 SHAKESPEARE - KING LEAR Laurence Perrine P8401

King Lear, whose good mind went bad,
Had three daughters: one good, two bad.
"Two bad, one good,"
The King would brood,
"Two bad, one good -- too bad!"

60827 SHAKESPEARE - KING LEAR Irving Superior P8401

Two sisters had learned how to flatter
And left old Lear flatter, not fatter.
The third could not falter.
This caused Lear to fault her.
He'd yet to learn what matters matter.

60828 SHAKESPEARE - KING LEAR Laurence Perrine P8401

Macbeth, with witchly connection,
Used murder to gain his election.
It came to no good
With an ambulant wood,
And a case of Caesarean section.

60829 SHAKESPEARE - MACBETH Anon

When Shakespeare wrote plays like Macbeth,
He told of great carnage and death.
The audience thrilled
As heroes got killed
And horror left most out of breath!

60830 SHAKESPEARE - MACBETH R. J. Winkler P8401

"That Dunsany Wood," said old Bill,
"Has migrated over the hill."
That claim's not rejected,
And it generally accepted
That Shakespeare's not mentally ill.

60831 SHAKESPEARE - MACBETH

Three witches were stirring the cauldron,
When up comes that bloke they call Bald Ron.
"I say, ladies fair,
Can you grow me some hair?
It's cold 'round my ear holes, dears," called Ron.

60832 SHAKESPEARE - MACBETH Tiddy Ogg

The first hidious beldam grabbed, hauled Ron
To the floor, stripped him off, and then mauled Ron.
"Your Dunsany Wood,
Stands up pretty good.
Hey Sisters, you want to try Bald Ron?"

60833 SHAKESPEARE - MACBETH Tiddy Ogg

He lay their while each of the hags,
Bestrode him, and each one he shags.
Despite these tarts' putri
fied warty foul uteri,
His todger stands straight, never flags.

60834 SHAKESPEARE - MACBETH Tiddy Ogg

In a voice quite devoid of emotion,
Witch One says: "Yes, I've a notion,
We'll fry frog's eye, cool,
Add newt's foot, toad's tool,
And liquidise into a potion."

60835 SHAKESPEARE - MACBETH Tiddy Ogg

He drinks it, this nauseous syrup,
While birds in the willow trees chirrup,
And rides homeward, slow...
But his horse seem to grow,
His feet soon don't reach to each stirrup.

60836 SHAKESPEARE - MACBETH Tiddy Ogg

Here's Lady MacBeth, feeling hot,
On the bed with her dog, while her twat
Enjoys the sensation
Of canine fellation;
Here's hubby, kicks dog, "Out damned Spot!"

60837 SHAKESPEARE - MACBETH Tiddy Ogg

It's nearly an hour since he scored,
So, rampant, he's leaping aboard;
But something is strange,
His face, for a change,
He finds 'twixt the breasts of his broad.

60838 SHAKESPEARE - MACBETH Tiddy Ogg

He left home, height six feet or more,
And now he's about five foot four.
As witches forboded,
His hair is eroded
By friction on headboard no more.

60839 SHAKESPEARE - MACBETH Tiddy Ogg

And thus, that strange potion proved true,
From henceforth his follicles grew.
Alas, what he drunken
Made John Thomas shrunken,
And that night he had his last screw.

60840 SHAKESPEARE - MACBETH   Tiddy Ogg

So, males of the species humanity,
Take heed, for it's total insanity.
To lose what's down there
For a head full of hair,
Is a criminal sop to your Vanity.

60841 SHAKESPEARE - MACBETH   Tiddy Ogg

Macbeth stabbed his way to the throne,
But his conscience did not turn to stone.
His plot was undone
By an oddly born son,
And a forest than moved on its own.

60842 SHAKESPEARE - MACBETH   Nicole MacIntosh

The Lady and the Lord Macbeth
Would pause their scenes and acts of death
To think of bygone days
When simpler were their ways
And he was Mac and she was Beth.

60843 SHAKESPEARE - MACBETH   Irving Superior   P8401

There once was a Lady MacBeth
Who chewed garlic to sweeten her breath.
When she puffed through her bonnet,
No Shakespearian sonnet,
But court callers died tragic death.

60844 SHAKESPEARE - MACBETH   H. Kleidman

How I pity that guy called Macbeth --
He must suffer with each mortal breath.
He issued commands --
Now there's blood on his hands,
For he choked his poor rooster to death.

60845 SHAKESPEARE - MACBETH   Neal Wilgus   P8401

If Macbeth had been more of a man --
Prithee picture the play if you can --
In the place of ambition
He'd have practiced coition,
And his Lady'd be laid with elan.

60846 SHAKESPEARE - MACBETH   Thomas A. Quinine   P8401

Jan MacDuff, a young man with great stuff,
Met a lovely Shakespearean buff.
In a year they were wed
And the poor lad was dead.
For she always cried, "Lay on, MacDuff

60847 SHAKESPEARE - MACBETH

Lady Macbeth did chores, did she not?
Hating every plate and cooking pot.
Oh how she did complain,
"I just washed you again.
You're washed thrice, now out, out, out Spam dot?

60848 SHAKESPEARE - MACBETH   Tom Patton   P0109 P0108

Bill said, "I'll concoct a new plot
And with Lady Macbeth cast my lot.
I've sown seed, so must reap
A somewhat troubled sleep,
In which I'll mumble 'Out, out damned spot'."

60849 SHAKESPEARE - MACBETH   Loren C Fitzhugh

Said this Lady MacBeth to her spouse.
"Stick dat shiv in old Duncan, ya louse.!"
Yelled the crowd, "That's tragedy!"
With no refunds there had to be
Not a dry handkerchief in the house.

60850 SHAKESPEARE - MACBETH Don Moore P9009

To the banquet dead Banquo brought madness.
Unfit Macbeth's fit damped the gladness.
Halfway through the salad, he
Grew faint from his malady --
A ghastly return for his badness.

60851 SHAKESPEARE - MACBETH Laurence Perrine P8401

Not noted for cooing and billing,
The lady was eagerly willing
To utilize death
For love of Macbeth,
So Lady Macbeth did the killing.

60852 SHAKESPEARE - MACBETH R. J. Winkler P8409

And suckled his knot,

Came to Lady Macbeth once declaring
That he'd work for the queen,
Keep her dresses all clean,
And take out the spots without swearing.

60854 SHAKESPEARE - MACBETH A. N. Wilkins P8401

I'll tell you the tale of a fellow,
Who hung round the local bordello,
In Venice, way back,
In search of a crack
To fit him. His name was Othello.

60855 SHAKESPEARE - OTHELLO Tiddy Ogg

A tart wandered up, said: "Hey Sailor;
I'll act as your codpiece unjailer.
I see that your prize
Is one hell of a size;
That's fine, my cunt's big as a whaler.

60856 SHAKESPEARE - OTHELLO Tiddy Ogg

So soon then, they jump in the sack;
He takes her to heaven and back.
"How 'bout getting hitched?"
He asked, but she bitched:
"My daddy won't like it! You're black...

60857 SHAKESPEARE - OTHELLO Tiddy Ogg

"And he's such a pointed-head bigot,
He won't want no African spigot
Exciting his daughter,
'Cause he is the sort o'
Dumb racist who just couldn't dig it."

60858 SHAKESPEARE - OTHELLO Tiddy Ogg

No matter, they wed on the sly,
But jealousy strikes by-and-by.
Bill's tale of great angst
Ain't worth half a wangst,
But it ends where the pair of them die.

60859 SHAKESPEARE - OTHELLO Tiddy Ogg

Who's Bill? That old playwright of ours,
And he drags the thing out for hours.
So if you should go,
To see such a show,
Take rotten tomatoes, not flowers.

60860 SHAKESPEARE - OTHELLO Tiddy Ogg

Othello, jealous, acts in haste
And pillows Desdemona's face.
If he but loose his grip
Or let the pillow slip,
The courts won't have a pillow case.

60861 SHAKESPEARE - OTHELLO Irving Superior P8401

When first the Moor, Othello, sees her,
He figures out how best to please her.
So now when they embrace,
A smile will crack her face.
He calls her Desdemona Lisa.

60862 SHAKESPEARE - OTHELLO Irving Superior P8911

Margot, a dumb blonde from Cape Cod,
Had a quite brief encounter with Rod,
When he said, "Dear Margot,
Let's watch Olivier play Iago."
She replied, "I think football's quite odd!"

60863 SHAKESPEARE - OTHELLO FCA T9712

Othello, Act Four, Second Scene,
Desdemona -- her husband was keen
To find if she'd sinned,
When from Iago got wind
That his wife wasn't faithful pristine.

60864 SHAKESPEARE - OTHELLO Hugh Clary

Desdemona, disguised, met Othello
When he stopped at his favorite bordello.
She'd contracted clap
From the unfortunate chap --
Now she gave it right back, the poor fellow.

60865 SHAKESPEARE - OTHELLO Neal Wilgus P8401

The Moor, Othello can't endure
A Scotland moor or ships that moor.
All "moors" fill him with ire
And he must now retire
With Desdemona so demure.

60866 SHAKESPEARE - OTHELLO Irving Superior P8401

Old Othello, so terribly jealous,
Thought his wife did it with other fellas,
Yelled, "Whence cometh this hickey?
-- Who owneth this dickey?"
Then he smothered her under some pillas.

60867 SHAKESPEARE - OTHELLO Robin K. Willoughby P8401

When Othello fell victim to jealousy
He instantly grew over-zealous. He
Saw not the offense
Was his own in a sense --
A fallacy few jealous fellows see.

60868 SHAKESPEARE - OTHELLO Laurence Perrine P8401

Desdemona was really so pure,
Wed to the uxorious Moor.
But their poisoned relation
Defied integration,
And was something no busing could cure.

60869 SHAKESPEARE - OTHELLO Warrick Elrod

And let me the canakin clink, clink,
And let me the canakin clink.
A soldiers a man;
O life's but a span;
Why then let a soldier drink.
(Othello - spoken by Cassio, Act II, Scene 3, lines 68-72)

60870 SHAKESPEARE - OTHELLO Shakespeare

Othello loved Desdemona,
But wrongly thought Cassio'd known her.
When a hanky went missing,
There was an end to the kissing,
He snuffed her, but regretted his boner.

60871 SHAKESPEARE - OTHELLO A. Cinna

Desdemona, a virtuous maid,
Loved Othello, whom Iago betrayed.
Which caused him to think
That his girl was a fink...
Now one's strangled, one's dead, and one's slayed!

60872 SHAKESPEARE - OTHELLO Prof M-G TP9806

If Othello seemed overly cranky
In complaining about hanky panky,
Sigmund Freud would have known
And could clearly have shown
That his fetish was really the hanky.

60873 SHAKESPEARE - OTHELLO A N Wilkins P8708

Desdemona's a dandy, no doubt;
But when rumors are bandied about
That her favorite hanky
Shares a hyphen with -panky,
First Othello, then she is put out.

60874 SHAKESPEARE - OTHELLO Thomas A. Quinine P8401

Romeo lifted her sheet
And found Juliet in great heat.
They made love until dawn.
Quoth the girl in the morn,
"That'll be 20 ducats, my sweet."

60875 SHAKESPEARE - ROMEO AND JULIET Michael Weinstein P8401

Now ordinarily the calmest of men,
Our hero sure blew his cool then;
With a curse and a yell;
For he knew very well,
Were he Capulet, 'twould only be 10.

60876 SHAKESPEARE - ROMEO AND JULIET Michael Weinstein P8401

Young Romeo had it real bad,
For his virginal Julie, (so sad).
She was only fifteen
So he knew she was clean,
With no sign of the pox or the crab.

60877 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

So panting with lust he arrived,
At her house and while standing outside,
Shouted "Hey Julie, chick,
I've got a hard dick,
Come on, honey, you'll love a ride."

60878 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

On the balcony Julie's dad appeared,
Looking frazzled, he'd been on the beer,
But the short-sighted beau
Called up "Julie, that yo'?
Get down here and jump on my spear."

60879 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

The old drunkard climbed down the vine.
In the darkness, Ro' did not divine
Just what was to come.
When J's dad bared his bum,
And whispered "Take me from behind."

60880 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

Sweet Julie came to the door,
And appalled at the sight that she saw,
Cried: "Romeo, you perv!
How could you have the nerve
To court me? You ass-fucking whore!"

60881 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

Poor Romeo was now perplexed.
He'd never seen Julie so vexed.
But her old man just roared:
"Come here you dumb broad,
There's plenty more, it's your turn next.

60882 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

Now Julie at first simply cowered,
While Ro' in the corner just glowered.
So it soon came to pass,
In the cunt and the ass,
By her daddy, young J was deflowered.

60883 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

That voyeur, Bill Shakespeare then hailed
The dad, saying "You'll be blackmailed.
For five thousand duc-
ats, I'll hush up this fuck,
And if lucky you will not be jailed.

60884 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

Well, I guess the old villain did pay,
'Cause in Willy's moth-eaten play,
If you search through the plot,
You'll find not a jot,
Of the happenings upon that day.

60885 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

"Oh Romeo, wherefore art thou?"
"I'm under the balcony, cow.
I'm picking a rose
In my doublet and hose...
And I ... What do I say to you now?"

60886 SHAKESPEARE - ROMEO AND JULIET

(Aside) "What the hell do I say?"
"You say ..." "Hush!" (sotto voce) "Oy vey ..."
"That's all?" "No there's more;
You get down on the floor,
Bend your knees and say "Love you"; OK?"

60887 SHAKESPEARE - ROMEO AND JULIET

"Julietta, I love you tonight ..."
(sotto voce) "My hose is too tight;
Can't get on my knees;
It's too much of a squeeze
And ... oh bugger this!" (exit stage right)

60888 SHAKESPEARE - ROMEO AND JULIET

So this was a "comedie de moeurs"
And poor Juliette, what about her?
Romeo got the frights
Because of his tights;
The thread shoud be "dramatic amateur"

60889 SHAKESPEARE - ROMEO AND JULIET

Montague and old Capulet viewed all
Time as a meaningful doodle.
Though Capulet's dance
Was in late Renaissance,
The relation between them was feudal.

60890 SHAKESPEARE - ROMEO AND JULIET Laurence Perrine   P8401

When Romeo flirted with Julie,
Their parents declared them unruly;
Undaunted, he wooed her
And bravely pursued her,
Insisting, "I love you most truly."

60891 SHAKESPEARE - ROMEO AND JULIET R. J. Winkler   P8409

Said Romeo climbing the fence,
"I love you, but this makes no sense.
That damned wire has ripped
My left ball and snipped
Both my prepuce and vas deferens."

60892 SHAKESPEARE - ROMEO AND JULIET John Ciardi

If you wonder why Romeo's there,
At her window instead of her stair:
With a breezy maneuver
He might easily prove her
Just the louver to let in some heir.

60893 SHAKESPEARE - ROMEO AND JULIET C. Webster Wheelock P8401

What light through crack doth appear?
That smell - Yes, my Juliet's near.
'Tis good that she's farted,
Her ass cheeks have parted,
And sunlight shines out of her rear.

60894 SHAKESPEARE - ROMEO AND JULIET

Three youths crashed a ball. Here's the "stat":
Five deaths ensued upon that.
Both R. and J. died
By vile suicide,
And Mercutio was killed by a cat.

60895 SHAKESPEARE - ROMEO AND JULIET Laurence Perrine   P8401

In an era of feuding by blood
Lived a nimble nymphet and a stud.
Yet for getting hormonal
In their setting Veronal,
They are tragically nipped in the bud.

60896 SHAKESPEARE - ROMEO AND JULIET Francis D. Sails   P8401

'Twas a tragic and very sad fate
For the young lover, Romeo, late.
Denied of his bride
Due to Montague pride,
And refusals to Capitulate.

60897 SHAKESPEARE - ROMEO AND JULIET Gary Hallock

Though risking some bone-jarring falls,
He climbed up the ivy-clad walls.
Alas, though, he slipped;
Some tender flesh ripped;
He lay looking up at his balls.

60898 SHAKESPEARE - ROMEO AND JULIET Tiddy Ogg

Then Romeo did lie there and moan,
Then thought, "I can sew them back on!"
Alas, it's too late;
What's sewed is his fate;
A bird took his balls and was gone!

60899 SHAKESPEARE - ROMEO AND JULIET Floyd Moody

Then Romeo, ball-less and bleeding,
Too late saw the caution sign reading:
"Be careful, m'lad,
This wall, ivy-clad,
Will render ye worthless for breeding."

60900 SHAKESPEARE - ROMEO AND JULIET

Oh, what a tangled web we weave
When first we practice to deceive.
When Juliet swallowed
That portion there followed
A Romeo who over-grieved.

60901 SHAKESPEARE - ROMEO AND JULIET Irving Superior P9401

"But soft! And what light through yon plate
Glass window doth brightly conflate?"
Said Romeo, "Permitteth
On my visage to sitteth,
And perchance I'll divine what thy weight."

60902 SHAKESPEARE - ROMEO AND JULIET Hugh Clary

"To sleep on marble slab" must be
From Juliet, Act Five, Scene Three.
The scene where Mr. Romeo
Lets all of his teardrops flow,
And then acts suicidally.

60903 SHAKESPEARE - ROMEO AND JULIET Irving Superior P9806

Pity Romeo. Why? For love martyred!
And Malvolio likewise. Both bartered
Their peace for a love
They got little of --
One star-crossed, the other cross-gartered.

60904 SHAKESPEARE - ROMEO AND JULIET Laurence Perrine P8401

The Montesques and Capulets
Has Romeo in Juliet's.
He finds beneath her tit
A note, "I'm faking it,
So start without me, signed "Regrets."

60905 SHAKESPEARE - ROMEO AND JULIET Irving Superior   P9012

If Shakespeare were writing today,
Romeo would probably say:
"Yo bitch, Juliet,
Yo pussy is wet,
So open up and swallow my spray!"

60906 SHAKESPEARE - ROMEO AND JULIET Deep Goat

The Bard once caused quite a sensation
With a question which launched consternation.
As with that famed duet
Romeo - Juliet,
"Pray tell, just what's in an appellation?"

60907 SHAKESPEARE - ROMEO AND JULIET Loren Fitzhugh   P0012

When Juliet speaks sad of heart
Young Romeo, his eyes up start.
Up up and when he sees
There's dark beyond the knees,
Cries to the sun, "Oh, wherefore art...?"

60908 SHAKESPEARE - ROMEO AND JULIET Irving Superior   P8401

There was a man called Aaron the Moor,
Who performed evil deeds by the score.
His being of no worth,
They set him in the Earth,
And then covered him with sand all o'er.

60909 SHAKESPEARE - T ANDRONICUS   Pervez Rizvi

Philomel wove her rape in a rug;
Lucrece stabbed herself in the dug;
Lavinia, when violated,
Got her raptors pie-olated...
Too bad about dad's fatal hug.

60910 SHAKESPEARE - T ANDRONICUS   Janet McLellan

As a way of saying goodbye,
Before he was going to die,
Titus collected
The ones he suspected,
And baked them all into a pie.

60911 SHAKESPEARE - T ANDRONICUS   Marcus Marti

In Titus many will die,
Including an ill-favored fly.
But the play's biggest punch
Comes when Tamora's lunch,
Includes her two sons in a pie.

60912 SHAKESPEARE - T ANDRONICUS   Alan Dessen

Old Titus got angry that day,
'Cause Tamora had got in the way.
So he hacked and he hewed
And he stuttered and stewed,
And he died. Bloody shame. Bloody play.

60913 SHAKESPEARE - T ANDRONICUS   Tad Davis

Aaron said to Tamora, "Soft, a word.
What was that loud cry that I heard?
Are you in some pain?
I pray you, explain."
"Yes, I'm giving birth to your bastard!"

60914 SHAKESPEARE - T ANDRONICUS   Pervez Rizvi

I'm glad Will decided to write us
An absolute villain to fright us.
The moor was sublime,
But Aaron won't rhyme,
So I had to write this about Titus.

60915 SHAKESPEARE - T ANDRONICUS   Roger Gross

The ravished Lavinia lies bleeding.
Some timely first aid she is needing.
But Marcus, no nurse,
Instead wraps her in verse.
To much Ovid, it seems, he's been reading.

60916 SHAKESPEARE - T ANDRONICUS   Janet MacLellan

She loved her new husband, for sure,
Though his sexual performance was poor.
But to quench her demand,
She had Titus's hand,
And her other amour was a Moor.

60917 SHAKESPEARE - T ANDRONICUS   Markus Marti

Do you think Julie should be indicted?
Do you feel that her film was benighted?
Was it too hip by half?
Did you puke? Did you laugh?
Well, recall it was not copywrited.

60918 SHAKESPEARE - T ANDRONICUS   Roger Gross

There once was a queen called Tamora;
Her story's of blood and of gore-a.
She ate her own sons,
With pastry and buns,
And she died right there on the floor-a.

60919 SHAKESPEARE - T ANDRONICUS   Melissa Cook

Poor Lavinia, uable to speak
Without tongue, could do nothing but creak.
Without any hand,
She wrote in the sand,
But no one knew Latin or Greek.

60920 SHAKESPEARE - T ANDRONICUS   Markus Marti

Most of Titus's sons are now dead;
Then his daughter is due to be wed,
But plans go astray.
A bloodthirsty play!
'Til the Empress at last is well-fed.

60921 SHAKESPEARE - T ANDRONICUS   Ray Lischner

Doughty Titus comes home from the war,
Kills Alarbus to even the score.
Rape and murder ensue
Plus a maiming or two,
And the banquets got corpses galore.

60922 SHAKESPEARE - T ANDRONICUS   Douglas Lanier

We mistakenly trusted that Titus
Intended to feed us, not fight us.
But he fought us with food;
Chiron tasted good stewed,
But Demetrius gave us colitis.

60923 SHAKESPEARE - T ANDRONICUS   Beth Bradburn

As a general, he's expert in slaughter;
Yet his eyes cannot hold back their water.
He sits on a bench
And swears bloody revenge,
For his hand, all his sons, and his daughter.

60924 SHAKESPEARE - T ANDRONICUS   Markus Marti

Most brave and victorious Andronicus,
Whose wisdom can often astonish us;
Why'd you offer your hand
To that vile Moorish man,
Whose dagger so swift fell upon it, thus?

60925 SHAKESPEARE - T ANDRONICUS   Douglas Lanier

The story of Titus is yucky;
He wasn't what you would call lucky.
He'd twenty-five sons,
And lost all but one.
His future, it looked rather mucky.

60926 SHAKESPEARE - T ANDRONICUS   Melissa Cook

Will's unmerry wife was bestraught,
So 'A Lover's Complaint' she upbrought:
"I do 'What You Will'
'As You Like It' and still
Thy rod and 'Falstaff' comfort naught.

60927 SHAKESPEARE - ZOTHER PLAYS   Kathleen A. Martin P8401

"If the 'Measure For Measure' is oblique,
'Tis the four plays before that be weak;
Such a fine frontispiece
For the 'Rape of Lucrece!"
Then she brought his bare bodkin to cheek.

60928 SHAKESPEARE - ZOTHER PLAYS   Kathleen A. Martin P8401

"To be or to not!" she did scream.
All the 'Hamlet' could hear, it would seem:
A 'Pill of Grim Passion'
Is not what I fashion
To be 'A Midsummer Night's Dream!'"

60929 SHAKESPEARE - ZOTHER PLAYS   Kathleen A. Martin P8401

Their 'Twelth Night' of marriage drew nigh:
"Something 'Moor'" said dear Anne with a sigh.
"If thou shew me the skill
Thou possesseth with quill,
What a merry young wife would be I!"

60930 SHAKESPEARE - ZOTHER PLAYS   Kathleen A. Martin P8401

Kind gentlemen, begging your pardon,
Is it far to the Forest of Arden,
Where men in accord
With the will of their lord
Turn the wilderness into a guardin'?

60931 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Instead of obeying "Milord"
To get herself rumored and bored,
She sheared off her tresses,
And put off her dresses,
And took up a dagger and soared!

60932 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

First Cleopatra grasped the hasp
That loosed her dress then grasped the asp
That she'll to bosom press.
And then when living less,
Her gasp she rasped, they grasped her gasp.

60933 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

Cleopatra - 30 BC
Caesar wept as did Anthony.
"A lovely face, just
A lop-sided bust,
With neither one of them a 'D'".

60934 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

When Cleo wrapped a rug around
And the rug by Caesar's found,
To Persia Caesar hies.
More 9 x 12's he buys,
Unrolling as he's homeward bound.

60935 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

"Heterosex is bologna,
And I love my new chartreuse kimono!"
"If you mean what you say,
We must needs change the play
To 'The One Gentleman of Verona'.

60936 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8401

There was never a need for Falstaff
To tell jokes to make everyone laugh.
He could keep a straight face
And be ultra-straight lace,
But his every remark was a gaff.

60937 SHAKESPEARE - ZOTHER PLAYS   Neal Wilgus   P8401

Blow trumpets! It's just as I told 'yer:
John Falstaff has gone for a soldier.
In the hot summer sun
He, like butter, will run,
Yet be bound for a shelf in the Folger!
(Folger Library - superb Shakespeare Library in Wash, D.C.)
60938 SHAKESPEARE - ZOTHER PLAYS   Laurince Perrine   P8401

That notorious rakehell John Falstaff
Has an undersized, not-very-tall staff,
But the gay wives of Windsor
Say, "When he puts it in, sir,
What a ball, for that small staff is all staff!!"

60939 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8402

When Caesar heard BEWARE THE IDES --
So many ides (brides, tides) -- besides,
He must The Forum go.
Outside he does not know,
Inside there hide his homicides.

60940 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

The propman, with sophomore wit,
Pulled the "dagger switch bit."
When the star turned around
And a real blade he found,
Quoth Caesar, "Et Tu..Holy shit!"

60941 SHAKESPEARE - ZOTHER PLAYS   Michael Weinstein   P8401

Though Webster may make a refuttal--
The source of the nasty word 'brutal'
Is Caesar's "Et tu..."
Translated: "Screw you
And all of your vicious kaboodle."

60942 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P9406

We too could be famous like Brutus
If there had been time to include us.
But all those knives flying
And he busy dying,
There just was no time to ET TU'd us.

60943 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8903

There once was a Roman named Brutus
Who said, "I think Big Julie's screwed us."
So he joined in the queue
To give Caesar his due..
And at that point Big Julie 'et tu'd us.

60944 SHAKESPEARE - ZOTHER PLAYS   Arthur Deex   P9002

"This is serious! Caesar is dead!"
The grieving Marc Anthony said.
"Kindly cease all your jeers!
I said 'Lend me your ears!'
I didn't say, 'Give me some head!'"

60945 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8401

As Caesar crossed the Rubicon,
"With VENI VIDI VICI gone
And not to be surpassed,
I'll use THE DIE IS CAST
And save ET TU for later on."

60946 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

Marc Anthony, it now appears
Was one of Rome's fruitiest queers.
Though his speech often tends
Toward misquote, he said, "Friends,
Romans, countrymen, lend me your rears."

60947 SHAKESPEARE - ZOTHER PLAYS   Michael Weinstein   P8401

There was an old maid name of Minnie
Who chanced to observe a lad skinny
As he beat on his meat,
So she said, "Come in sweet;
That is love's labor lost, you dumb ninny."

60948 SHAKESPEARE - ZOTHER PLAYS   Albin Chaplin 3024 P8401

Picked the Titus Snug Bottom to fuck.
With his prick in that bum,
Did this wicked way come,
But his Love's Labour's Lost 'cause he's stuck!

60949 SHAKESPEARE - ZOTHER PLAYS   Kathleen A. Martin P8401

Major poets have penned troves of treasure.
Musicians, too, increased our pleasure.
Be it Shakespeare or Brahms,
Sonnets, symphonies, psalms.
Both composed or wrote "Measure for Measure."

60950 SHAKESPEARE - ZOTHER PLAYS   Loren Fitzhugh   P0307

Confessing that Measure for Measure
Has never afforded me pleasure;
I know I despise
What others may prize,
And read as a source of great treasure.

60951 SHAKESPEARE - ZOTHER PLAYS   R. J. Winkler   P8401

Oh pity, poor Shylock demanding
(Antonio's ships never landing)
He be lawfully paid,
Seeing high hopes betrayed
By a terrible Miss understanding.

60952 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Two princes woo Portia to wed
But choose to go wifeless instead.
How boldly they acted!
But see them attracted
By gold and silver miss lead!

60953 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Portia came off to some as contentious,
And to Shylock as very pretentious.
But when she made the plea,
"Quality of mercy,"
There were few thought those words portentious.

60954 SHAKESPEARE - ZOTHER PLAYS   Loren Fitzhugh   P0205

The suitors arrived in consortia.
All wanted a portion of Portia.
In fact, although proud,
She was so well endowed,
A portion of Portia would scorch 'ya.

60955 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Our hero to creditor, Shylock:
"Of pity and compassion, why talk?
Though legally bound
Of my flesh, just one pound,
Not one drop of blood shed from my cock."

With my cock I'll repay your loan."

Which I sell as a treat.
I am known as the Merchant of Venison."

The Queen of the Fairies, Titania.

60959 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P9603

Pity Bottom raised out of his class,
With an ass's head on him, alas!
Though beloved by a Queen
For a brief summer's scene,
He later was put out to grass.

60960 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Dear Bottom, the weaver, alas!
You've been given the head of an ass.
Long ears, you have got 'em,
But bear in mind, Bottom,
At bottom, you're no horse's ass.

60961 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

Oh, Shakespeare's love life, 'twould seem,
Was something not quite on the beam.
Too lazy to fuck,
Not wanting to suck,
He preferred A Midsummer Night's Dream.

60962 SHAKESPEARE - ZOTHER PLAYS

Midsummer's Night Dream's like a fever,
When good old Bottom the weaver,
Slipped his huge member out
And up the Queen's spout
Without her knowing. Who would believe her.

60963 SHAKESPEARE - ZOTHER PLAYS   Stephen Cordwell

Fair Thisbe's condition is worse. See,
She's producing a note from her purse; "He
Said, 'Meet me!' I fear a mis-
take's made! My Pyramus
's lost in the wilds of New Jersey."

60964 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8401

'Tis impossible for me to let
The Immortal Bard seem like a get;
Our dear friend, Dr. Deex
Misquotes Will when he speaks --
M. N. D. wasn't hard, it was wet!

60965 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8401

Once Shakespeare awoke with a scream,
His underclothes dripping with cream.
'Twas just a commission
Of nocturnal emission
Which he dubbed, "A mid-slumber Night Stream".

60966 SHAKESPEARE - ZOTHER PLAYS

'Twas Bacon who actually wet
His drawers while he peacefully slept.
Thought the jury's still out,
There is not a doubt
That it helped Franky to deal with his fret.

60967 SHAKESPEARE - ZOTHER PLAYS

Richard, worst of old England's maxi-
mum bad guys, a humpty-back Rex -- he
Was losing the battle,
So he yelled, "Fiddle-faddle!
Forget the horse! Call me a taxi!"

60968 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8402

At Epsom Downs at every loss,
You'll William Shakespeare come across.
"Alas and woe" is heard
But mostly Richard Third,
Act V -- "My kingdom for a horse."

60969 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

When varlets called King Richard "Dick,"
The synonyms made Richard sick.
To them he was hard on!
Not one would he pardon!
With poison their skin he would prick.

60970 SHAKESPEARE - ZOTHER PLAYS   Irving Superior   P8401

In this tale of mystery and death,
Romeo lusts for Lady MacBeth;
Juliet's murder foul,
The police on the prowl,
To discover who's taken her breath.

60971 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

The suspects are much more than two;
Much ado about who, but no clue.
Hamlet may be involved,
And before this is solved,
You must add even old Montague.

60972 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

Juliet was both rich and a bitch,
With an itch for a frequent beau switch;
Hecate hated her guts,
She drove all witches nuts.
Did they kill her? -- Who knows? -- And which witch?

60973 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

Time of death, in the midst of mealtime,
After drinking a lemon and lime;
Poison clearly was used,
But the glass when perused,
Showed no fingerprints solving the crime.

60974 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

Alibis that turn out airtight;
Romeo out of town for the night;
Witches all avouched,
Hamlet safely couched,
Denoument is not within sight.

60975 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

With the end of this poem drawing near,
Who and why still remain most unclear.
Shakespeare shaking his head,
As he heads back to bed.
On the morrow he fingers King Lear.

60976 SHAKESPEARE - ZOTHER PLAYS   Joel D Ash

Shakespeare's plays are quite lewd;
To life in the raw they allude.
Merry wives are a pleasure,
Measure for measure,
And shrews that are tamed...they get screwed!

60977 SHAKESPEARE - ZOTHER PLAYS   Jim Weaver Collection

"Though amusing, the Shrew is a gaff
Against women, too sexist by half.
Do you still want to see it?"
"Yes, if we agree it
Is quite understood we won't laugh."

60978 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

"To avoid matrimonial disaster
And let marriage ties hold a lot faster,"
Said Kate to her sister
Bianca, and kissed her,
"Just acknowledge that MISTER means MASTER."

60979 SHAKESPEARE - ZOTHER PLAYS   Laurence Perrine   P8401

The works of "The Bard" are all great,
But "Taming of Shrew" opened late.
The casting was done
All there, except one;
No actor was found to placate.

60980 SHAKESPEARE - ZOTHER PLAYS   Gary Hallock

Gentle Kate was the last one he wanted
Though her dowry was most highly vaunted.
When she'd rant, rage and rail,
Lesser suitors would quail.
Brave Petruchio, though, was undaunted.

60981 SHAKESPEARE - ZOTHER PLAYS   Loren C Fitzhugh   P0203

Sweet Kate was a number-one shrew,
But Petruchio knew what to do;
He whetted his tongue
On a spot near her bung;
After that, he'd say "Blow!" and she blew.

60982 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8402

"Kiss me!" I cried to dear Kate.
"Let us each other not bait!"
"Too late for that now.
You dissed me and how!
Petruchio! With you I'll not mate!"

60983 SHAKESPEARE - ZOTHER PLAYS   Tutta Gioia

When Petruchio asked, Kate said, "Screw
You and don't annoy
Me. Go find a young boy
Because that's what I'm most prone to do."

60984 SHAKESPEARE - ZOTHER PLAYS   Loren C. Fitzhugh   P9711

The pig-nuts that Caliban dug

And his seizeable nose became pug.

60985 SHAKESPEARE - ZOTHER PLAYS   Robin K. Willoughby P8401

The pitiful Caliban cried,
Since Miranda would not be his bride;

With the royal exile.
Said Prospero, "Put up your dukes!"

60993 SNATCHES - BALD Albin Chaplin 3024-0120

I hear that the girls in St. Louie
Have twats that are really quite gooey;
Filled with big wads of come,
And their paramours gum,
'Cause pubic hairs cause them to ACHOOIE.

60994 SNATCHES - BALD

I don't want to cause any strife;
I won't flame you, or cut with my knife,
But, Scott, cease your telling.
You cause me head swelling!
One St. Looie gal is my wife!

60995 SNATCHES - BALD

But with her there is no ACHOOIE,
No reason to ever PATOOIE!
Not one little hair
Will you find down there;
She shaves it off so it's more chewy.

60996 SNATCHES - BALD

A woman without any fur,
You won't catch me stroking, no sir.
Them deserts are hell
So I might as well
Just bury my tool in a cur.

An overworked harlot was Lizzie,
Who left a young man in a tizzy;
For her pussy was bare
And her answer was, "There
Is no grass on a street that is busy."

61018 SNATCHES - BALD Albin Chaplin 3024-0521

You may think me perverted and crude,
But I love pussy shaven and smooth.
'Cause I love to eat
Lots of pink meat,
And who want that hair in his food?

61019 SNATCHES - BALD Possum TP9802

A perverted boss-whore in North Durham
Said, "Hiring new whores, I de-fur 'em.
A closely-shaved twat
Get the men twice as hot,
And our aim is to sexually stir 'em."

61020 SNATCHES - BALD G1843

There once was a fellow named Herby,
Whose girl wore a bowtie and derby.
And like it or not,
She'd a clean-shaven twat.
So I guess old Herby has no furby.

61021 SNATCHES - BALD Eddie

A pussy just ain't gonna purr,
Unless it has plenty of fur.
With nothing to stroke,
It's merely a joke.
And I won't be laughing, no sir!!

61022 SNATCHES - BALD

A shaved one, however, is choice
My opinion I doth freely voice
Not a hair to be found
On her pubic mound
Into the sheets I do bound!

61023 SNATCHES - BALD

Excuse me for being so blunt..
My liking of hair is no front!
I am in a hurry
To mount something furry,
So piss-off, you're spoiling my hunt.

61024 SNATCHES - BALD

Some snatches prefer to go hairless,
In order that they may then wear less.
But I'm not appalled
By a pussy shaved bald;
It's still pussy, so I couldn't care less.

61025 SNATCHES - BALD MrMalo

An avid bridge player astute,
Observed his opponent so cute
As she raised up her dress
To promote a finesse,
But he noted it was not hirsute.

61026 SNATCHES - BALD Albin Chaplin 3024-1931

Young Bert was checking out the girlies,
And dropping them all off quite early.
Till he asked sweet Lydia,
"Please tell me why didya
Shave off all of your short and curlies?"

61027 SNATCHES - BALD

Seeing how you've been peeking
The answer that you are a-seeking:
It won't tickle you nose
Or your long hose,
When juices I am a-leaking!

61028 SNATCHES - BALD

I'm peeking and feeling what's leaking,
And downwards your panties I'm sneaking.
And when it is bare,
Be sure I'll be there
With what it is you have been seeking!

61029 SNATCHES - BALD

I'm impressed by the rod that you hold,
And your advances are really quite bold.
But hang on a mo,
'Fore my fanny I show --
Warm your hands, they are far too cold!

61030 SNATCHES - BALD

The warm spot I've found is the best;
Now that you are partly undressed
And both of these mounds
Have warmth that abounds,
Please warm both my hands on your chest.

61031 SNATCHES - BALD

Caress my chest with your hand,
My God! that feels just grand.
And when you are done,
Don't forget your tongue,
And place it down there on my gland!

61032 SNATCHES - BALD

Now both of those mounds have a point;
I'll find one more point to anoint.
Around it my tongue
Will bring you unstrung,
And soon you will cry for my joint.

61033 SNATCHES - BALD

Nice of you to notice my nips,
And place your tongue on the tips.
Now don't be afraid
But if you want to get laid,
Place your head 'tween my legs and take sips.

61034 SNATCHES - BALD

And don't want anything for the crabs to catch on."

We were shocked that the cunt of old Carrie
Was all bare, where it once had been hairy.

To find that her pussy'd been shorn.
"That damned Homer Gurley --

When he poked me last night with dried corn."

61047 SNATCHES - BALD Jeanie

So Sadie phoned up her friend Rosie
Rottencrotch, who lived down by Posey.
"Rosie, I've been de-haired!
My fun hole's been bared!
Homer done it when I was all dozey!"

61048 SNATCHES - BALD Jeanie

"Now Sadie, you settle right down!"
Said Rosie. "There's no need to frown.
Some gents like it slick
When they sticks in their dick;
Slick pussy is really downtown!"

61049 SNATCHES - BALD Jeanie

"You think so?" said Sadie, "No foolin'?
I know one thing -- it's mighty coolin...
I reckon it suits
Old Homer, 'cause shoot;
Here he comes in the door, just a droolin'!

Began to itch and to scratch;
She shaved off her hair

It has nothing to do with hygiene.
Not worry about plucking,

At twelve you shaved your pubic hair,
To leave yourself looking so fair?
Twelve's so far away
Can't think to this day,
If I had hair growing down there.

61062 SNATCHES - BALD

It may have been a bit more;
To be honest, I'm really not sure.,
It just made me scoff,
I shaved it all off,
I found pubic hair such a bore.

61063 SNATCHES - BALD

But then when my fanny was bare,
And I no longer had any hair,
It grew again.
And that was when
It tickled beyond compare!

He opened and entered the door;

Tim lit one more match in this place,
Which ignited the gas
That Dot had not passed,
Launching lecherous Tim into space.

62759 SPACE - ALIENS Arthur Pattaffy

An extraterristrial being
Had noses adapted for seeing.
And smelled with an ear,
But used eyeballs to hear
What folks screamed up his nostrils while fleeing!

62760 SPACE - ALIENS Prof M-G

We cannot know where in the sky
A signal is lurking, or why.
We will search even though
The chances are low.
The payoff is well worth a try.

62761 SPACE - ALIENS

An alien Hiftlorss named Xirth
Let fifty spacemen in her berth.
She had fifty cunts
With vibrating shunts --
A cluster-fuck like none on Earth!

62762 SPACE - ALIENS - HIFTLORSS H WHELCHEL

Soon the whole crew had stiff poles,
Her twats started smoking like coals.
When each little sac room
Went slam on full vacuum,
And sucked all their balls through their holes.

62763 SPACE - ALIENS - HIFTLORSS H WHELCHEL

At light speed, when nookies a-drought,
Just let an old adage go South.
If you may choose,
Don't cunt-shoot your ooze;
Best gook a Hiftlorss in the mouth.

62764 SPACE - ALIENS - HIFTLORSS H WHELCHEL

An alien Hiftlorss named Ned
Took twenty-five space-girls to bed.
He had fifty pricks --
They stuck out like sticks --
Around his torso they spread.

62765 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Each wang was a foot long and thin --
The tips like the head of a pin.
The girls smiled in shock,
For each skinny cock
Could vibrate and pulsate and spin.

62766 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

The flat little glanses, mere dots,
Did tickle the depths of their pots.
Occasionally one tip
Would get a good grip --
They'd puff up like doggy-dick knots.

62767 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Each mounted a wand from the front,
Then pulled off a wonderful stunt:
Neds extra score-five,
Each got a face dive --
They had one for mouth, one for cunt.

62768 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Soon each choad entered full bloom,
Displacing both glottis and womb.
The girls were all stuck,
When tragedy struck:
Hiftlorsses must come in vacuum.

62769 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Ned needed suction intense,
The better his spuz to dispense.
The girls got a shock:
On top the air lock
Ned drug them, all stuck to his splints.

62770 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Honking like horns made of brass,
The Hiftlorss let out all the gas.
Pussies a-schism,
The alien jism
Erupted and slew them en masse.

62771 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

The moral, from adage is snatched.
Be sure that your species is matched.
A curious schtup
Could blow your right up.
Best count your dicks fore they are latched.

62772 SPACE - ALIENS - HIFTLORSS   H Whelchel

After you've read theis, dear crew,
You'll know that my mind has now blew.
I beg you not crack
Like I have, alack!
Just light off a flame when you're through...

62773 SPACE - ALIENS - HIFTLORSS   H Welchel

Another old Hiftlorss named Xat
Was mongously purple and fat.
(Most Hiftlorss, my lads,
Have fifty gonads,
And dangerous gonads at that.)

62774 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

The trogg they have named this third sex,
Whose sex pockets do a strange flex:
They turn half in-out.
Small glanses they sprout,
All mounted on pistil-like necks.

62775 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

They don't exactly come in huge fits --
Its like a great oozing of zits.
The dick-things just drool --
The cunt-holes stay cool,
While pheromones fizz from their pits.

62776 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

The troggies of Hiftlorss are spoiled --
Their delicate limbs never soiled.
They're worshipped like queens,
And fed on rare beans,
And sung to, and massaged, and oiled.

62777 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Their purpose is not to be had,
But only fart just a tad,
And watch others feek,
And let off a reek
That drives lorsses sexually mad.

62778 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

(Feek is a Hiftlorss grand stunt,
Where every hose bastes every bundt.
To dance in a swirl,
And go round the world --
That's fifty squared ways to dip cunt!)

62779 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

But if your good trogg is quite pleased,
With you and your partners fine deeds,
It rolls on its rear,
And lets you draw near,
And lick, but not suck, from its reeds.

62780 SPACE - ALIENS - HIFTLORSS   H Whelchel

The troggs are a mendicant caste
Who travel in ships vast and fast.
There are only a few,
And couples must queue
To wait for their turn to get gassed.

62781 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Now Xat was to spend a full week
In Xirths county, augmenting feek.
It went to Xirth's home,
And sat on the throne,
Reserved for a trogg's just to peek.

62782 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Now Xirth was a jaded old whore --
Even feek was becoming a bore.
She massaged old Xat
And took notice that
It had fifty nads plus two more.

62783 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

A freak clearly was just the thing
To give Xirths old coot-holes a zing.
She felt them grow warm,
And sooner than norm,
She summoned her partner to fling.

62784 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Their feek was quite splendid to heed --
A twenty-five hundred shot deed!
Xirths love-tubes were sore
Yet still she craved more --
Xat beckoned the lovers to feed.

62785 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

Each fragment drop of Xats dew
The lovers through trembling lips drew.
But on fifty one,
Xats tip-bud had none,
And likewise none on fifty two.

62786 SPACE - ALIENS - HIFTLORSS   H WHELCHEL

The townsfolk then broke out their sticks,
And struck them with brickbats and kicks,
Until they were raw.
For this is the law:
You can' teach an old dog new tricks.

Now ladies and gents of the press,
I've got an announcement, I guess.
Here's Mary -- I'll marry
Her soon and she carries
A Sprog, which has caused us distress.

62879 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

Last April, it was a full moon,
We lay in a sheltering sand dune.
A strange thing we saw
Come down like a sau-
Cer and we heard a strange tune.

62880 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

A photo I took of it too;
It's here, see, I'll show it to you.
And then... you say what?
It surely is not
A hub cap on some sticks of bamboo.

62881 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

And out of it came a strange bug-
Eyed thing which gave Mary a drug,
And dragged her away,
'Til nearly next day;
When she came back, she was nude as a slug.

62882 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

I grabbed her, still wearing no socks,
And took her along to the doc's.
He checked her, a grunt,
As he looked up her cunt.
"She's fine, still a virgin, no pox."

62883 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

I got the old duffer to sign
A paper declaring her fine.
A virga intacta;
Like, no man had facta,
See here, here's his sig on the line.

62884 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

But soon her belly was swellin',
And doubt in my mind was a wellin'.
But nine months have passed;
The kids here at last,
But that lads, is all that I'm tellin'.

62885 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

You fellows, this story's a fact.
No questions now, one thing is lacked.
My name is is Yusif;
I want an exclusive,
A five hundred k buck contract.

62886 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

Okay Ellen, now we're alone.
It seems we got blood from a stone.
The contract's been signed.
Now if you don't mind,
Call Mary, twin sis on the phone.

62887 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

And tell her, her brats filled its diaper,
And Jesus, the scumbag smells riper
Than a month-long dead skunk.
Then we must do a hunk,
Before all those pressmen go hyper.

62888 SPACE - ALIENS - HORNY -SERIES Tiddy Ogg

From deep space it came, in sec splittious;
It's breasts looked suspiciously tittious;
'Twas a she, I deduced
When my pecker got fused
With a wet part, decidedly clittious.

62889 SPACE - ALIENS - HORNY -SERIES Dirruk

Her lust for sex was so voracious,
We spent all our time copulacious.
But soon we were stopped,
For each planet we hopped,

The Mool came to earth in Tangiers,
An alien race with big ears.
Their stature was small --
Nearly twelve inches tall --
In search of Earth music and beers.

62891 SPACE - ALIENS - HORNY -SERIES H Whelchel

Moroccan brew? - thought it stank.
Afro Pop? -- sounded quite rank.
they met a black whore
And asked, "Is there more?"
She said, "Put on this Walkman and crank."

62892 SPACE - ALIENS - HORNY -SERIES H WHELCHEL

Amused with the Mool (who were drunk),
She played 'em some Hendrix and Monk.
Warm Guiness she poured.
T. Monk they adored,
And raved over Jimi's sweet funk.

62893 SPACE - ALIENS - HORNY -SERIES H Whelchel

She let a Mool climb in her bin,
And crank up his Walkman to ten.
'Twas quite a snug fit --
She cared not a bit
As Voodoo Chile throbbed from within.

62894 SPACE - ALIENS - HORNY -SERIES H WHELCHEL

Now deep inside her crevasse,
(Thank God Mool have gills like a bass!)
The stout make him belch,
Which tightened the felch,
And built up a nice head of gas.

62895 SPACE - ALIENS - HORNY -SERIES H WHELCHEL

She came with a blast and they parted.
Flying through space the Mool darted.
She charged 'em no fee,
Exclaiming with glee,
A Mool and his Sony -- Poon-farted!

62896 SPACE - ALIENS - HORNY -SERIES H WHELCHEL

Oviposited eggs 'stead of gunk.

Alien eggs are terribly obscene;
They're slimy and smelly and green.
They're not very pretty

They cannot impale
Unless they shore up with the splint.

62996 SPACE - ALIENS - ZSERIES

Unlike the Troggs, with their smell,
The Xints only broadcast a knell.
They rise with the moons,
And fart like bassoons,
In chorus and rhythm, as well.

62997 SPACE - ALIENS - ZSERIES

To Earthfolk they look quite a fright
A-spin under moons with strange light.
They dervishly dance
(Don't wear any pants)
With cocks flapping free in the night.

62998 SPACE - ALIENS - ZSERIES

Their skin-glands emit a sweet tune
That wafts over desert and dune
And softly does stun
The sex two and one,
Who dream of their last honeymoon.

62999 SPACE - ALIENS - ZSERIES

Now, mostly Xints do this alone
('Cause most Lorsses like a stiff bone).
But Xit was a peeker,
Not much of a feeker,
And fancied the pit of the drone.

63000 SPACE - ALIENS - ZSERIES

He stalked the Xints into their lair,
And drooled at their fine armpit hair,
Which hung in soft locks.
Old Xits fifty cocks
Were swollen, and dripping, and bare.

63001 SPACE - ALIENS - ZSERIES

Humbly, he spoke to the crowd,
And begged them to fart really loud,
While he just would flit
From pit to sweet pit,
And take a quick whiff, if allowed.

63002 SPACE - ALIENS - ZSERIES

They looked at Xit, kind of like sheep,
And said softly, "Go back to sleep.
We know we're quite smashing,
But some hopes need dashing.
Our duty is only skin-beep."

63003 SPACE - ALIENS - ZSERIES

Further, if flow they don't stem,
The outcome is quite often grim.
The rushing come-drain
Can implode the brain,
And leave it unconscious and slim.

63004 SPACE - ALIENS - ZSERIES

An alien came down here from Venus.
Not a girl, but a guy (had a penis).
With three eyes in between,
Pointed ears that were green,
He was obviously not of our Genus.

63005 SPACE - ALIENS - ZSERIES

He landed at old Johnson's farm.
An arrival that caused some alarm
To old Johnson's daughter,
Who thought if he caught her,
He might want to cause her some harm.

63006 SPACE - ALIENS - ZSERIES

Now our alien wasn't too bright.
He forgot to bring something to light
The night and his way
Through the field filled with hay
Took a left instead of a right.

63007 SPACE - ALIENS - ZSERIES

Now things didn't turn out like they aughter
He did not meet up with the daughter
Instead he found Bessie
And now things get messy.
He not only found her but caught her.

63008 SPACE - ALIENS - ZSERIES

"My Dear you have beautiful eyes!"
"Big and brown like Venutian Creme Pies"
"I can't wait to show mother
Your soft silky utter."
(You're going to be such a surprise.)

63009 SPACE - ALIENS - ZSERIES

From behind the clouds came the moon,
As the alien continued to spoon.
And old Johnson's girl
Let the curtains unfurl
To a scene that made her heart swoon.

63010 SPACE - ALIENS - ZSERIES

The alien was wearing no frock
And Ms. Johnson was given a shock
She believed not her eyes
For there 'tween his thighs
Was an 18 inch glowing green cock.

63011 SPACE - ALIENS - ZSERIES

And so to the steps she alighted.
There were things she just knew must be righted
Tell this guy with the cow
Just exactly how
With her he'd be truly delighted.

63012 SPACE - ALIENS - ZSERIES

She ran through the field up to him.
Stuck her hand out and said "My name's Kim"
And you sir are hot
Look here what I got
For you. It's a seldom used quim.

63013 SPACE - ALIENS - ZSERIES

"I'm sorry deary, but right now
I am currently courting this cow."
The alien said,
Then Kim nearly dropped dead
(Oh my god he just licked his eye brow)

63014 SPACE - ALIENS - ZSERIES

Now Kim was determined as ever
To succeed in this lustful endeavor
And spend the whole night
In the blissful delight.
She was sure the alien would deliver.

63015 SPACE - ALIENS - ZSERIES

She was sure he'd see Bess was a dud.
Just standing there chewing her cud.
It soon became plain
His lust she'd not gain.
Cause he started in pounding his pud.

63016 SPACE - ALIENS - ZSERIES

But it was the last thing that she saw
That for Kim was the camel's last straw
The alien's tongue
Licked Bess's bung
And a smile split the alien's maw.

63017 SPACE - ALIENS - ZSERIES

Oh Bessie my dear let's make haste
To Venus there's no time to waste
That taste oh..oh my!
Venutian creme pie!
And to the space ship the two raced.

63018 SPACE - ALIENS - ZSERIES

Into the welkin they shot,
Leaving poor Kim really hot
For an eighteen inch dick,
And a tongue oh so quick,
So she laid down and played with her twat.

63019 SPACE - ALIENS - ZSERIES

The moon that I surveyed last week
Had little pig creatures that speak.
They led me to shrines,
Through fields sown with mines,
And let me at rituals peek.

63020 SPACE - ALIENS - ZSERIES H

'Bout ten virgin pig-thingys sat
On lingams, each big as a bat.
Each blue steely tower
Had black holes for power.
And then my young rookie crew shat!

63021 SPACE - ALIENS - ZSERIES H

For dildoes proceeded to spin
And plunge and gyrate deep within,
And vibrate so hard,
The smell of burnt lard
Soon sickened them, as did the din.

63022 SPACE - ALIENS - ZSERIES H

Such terrible cruel sacrifice!
Then each massive evil device
Exploded with lasers
That chopped them like razors,
Leaving all crispy and diced.

63023 SPACE - ALIENS - ZSERIES H

The priestess, who called herself Xarbs,
Confirmed (as we cleaned up our garbs):
These dildoes of doom
(As you may assume)
Are know as the pork Cube-B-Barbs.

63024 SPACE - ALIENS - ZSERIES H

The alien Sporch from the rim,
Where starlight is milky and dim,
Have juices that glow,
And jeez, can they flow!
For afterglow, take a bright swim!

63025 SPACE - ALIENS - ZSERIES   Jim Weaver Collection

In cities with high stony dikes,
They raise up their yeast crops and tikes.
The sewers are huge --
But sex? A deluge.
The law requires countryside hikes.

63026 SPACE - ALIENS - ZSERIES   Jim Weaver Collection

It's so damn pitch-dark all the time,
Sporch search out their mates with a chime.
But as they draw near,
A green glowing smear
Lights up the paths taken, with slime.

63027 SPACE - ALIENS - ZSERIES   Jim Weaver Collection

Then as they proceed to caress,
And special sex-buttons depress,
Their phosphorus juice
Bursts forth in a sluice!
The landscape lights up with their mess!

63028 SPACE - ALIENS - ZSERIES   Jim Weaver Collection

Their organs have special by-passes
Between the sweet parts and their asses.
If not for these holes
They'd blow out their poles,
And rupture the cunts of the lasses.

63029 SPACE - ALIENS - ZSERIES   Jim Weaver Collection

Usually, when they're on the verge
Of climax, the Sporch will submerge
Themselves in a lake.
(The pressure's a brake
Which lengthens the time of their surge.)

63030 SPACE - ALIENS - ZSERIES Jim Weaver Collection

The pressure at one hundred feet
Is found to be luscious and sweet.
It's pretty, you know;
A deep greenish glow,
Diffuse in the depths. Really neat!

63031 SPACE - ALIENS - ZSERIES Jim Weaver Collection

Now last year, in some shallow brook,
Two Sporch College kids blew their gook.
Their minds are now toast.
Thus quoth the provost,
appendwaters stun deep!" What a schnook!

63032 SPACE - ALIENS - ZSERIES Jim Weaver Collection

Some aliens abducted a slew
Of young virgins, but not for a screw:
"We won't risk E. coli,
Hepatitis, Eboli;
We'll see they're well done in a stew."

63033 SPACE - ALIENS - ZSERIES John Miller 0072

Even those most accustomed to grue
Were shocked when an alien guru
Deftly made gourmet fare,
Wasting only the hair,
While converting the gristle to glue.

63034 SPACE - ALIENS - ZSERIES John Miller 0072a

That horrible alien crew
Started eating on some unseen cue.
Did they truly not care
'Bout our horrified stare?
To this question they left not a clue.

63035 SPACE - ALIENS - ZSERIES John Miller 0O72b

They finished their meal with a brew,
Then before anyone could say "Boo!"
They wiped off their chins,
Gave us hidious grins,
And blasted off into the blue.

63036 SPACE - ALIENS - ZSERIES John Miller 0072c

To the aliens we're incomprehensible.
When they asked me, I said, "That's not sensible --
Taking you to our King --
We don't have such a thing --
What we do have is downright reprehensible!"

63037 SPACE - ALIENS - ZSERIES John Miller 0344

But after regarding our "King",
Taking tribute from lords in Beijing,
And creating a specter
With his wayward scepter,
They agreed it was much the same thing.

63038 SPACE - ALIENS - ZSERIES Irish

A populous species, the Xaist,
Just float around, orb-like, in space.
Their bods have one hole
With many a role --
Known functions: sex, smelling and waste.

63039 SPACE - ALIENS - ZSERIES

Now, no one knows how to deduce
Just how all these Xaist reproduce.
This though, we know:
The farts that they blow
Are complex, diverse, and effuse.

63040 SPACE - ALIENS - ZSERIES

Along with some spores, small and round,
It's known that, included, is sound.
The theory goes so:
They preggers their beaux
With stinky sweet tunes. How profound!

63041 SPACE - ALIENS - ZSERIES

Now once when I happened to pass
An intergalactic gas-mass,
My sensors played scales
Like those of Earth-whales,
But timbred like woodwinds and brass.

63042 SPACE - ALIENS - ZSERIES

A Xaist-orb was spotted to port.
It turned, and began to distort.
First it grew wavy,
Emitting some "gravy",
And then it grew flattened and short.

63043 SPACE - ALIENS - ZSERIES

Its tiny tight hole, but a blip,
That opened and let something rip.
The space-phones recorded
A dissonance sordid.
I think it had wanked on my ship.

63044 SPACE - ALIENS - ZSERIES

Now, no one knew how to deduce
Just how all these Xaist reproduce.
But this, though, we knew:
The farts that they blew
Were complex, diverse, and effuse.

63045 SPACE - ALIENS - ZSERIES

Unsure how Xaist generate germ
(And what we know's smoke more than sperm),
Our word-smiths were stuck --
'Twas not quite a fuck,
So smokeoffs exobios new term.

63046 SPACE - ALIENS - ZSERIES

Now add to this mystery this thing:
The male of this species was missing.
Although we'd found spore
Of smoke, nothing more.
The riddle, in whole, was quite pissing.

63047 SPACE - ALIENS - ZSERIES

Then there in the void we beheld
No Xaist. Had it also propelled
Itself into warp?
A brief stench of carp
Was all that the gas sensors smelled.

63048 SPACE - ALIENS - ZSERIES

We scanned the whole quadrant for queer E, us,
And tracked a fresh wormhole to Sirius
And as we warped off
I called for a boff
And soon had Lieutenant delerious.

63049 SPACE - ALIENS - ZSERIES

Excited by ventures anew,
I gave a short break to the crew
(Them horny-assed fuckers
Can shure shoot some Smuckers),
And soon they were sticky with spew.

63050 SPACE - ALIENS - ZSERIES

Now back to the story at hand --
(Lieutenant, please stow my fine gland)
From warp-speed we jumped,
And wow, were we pumped!
A zillion fine Xaist! The home-land!

63051 SPACE - ALIENS - ZSERIES

The Star of the Dog, bright and bold,
Illumined Xaist secrets untold!
The musical gas
From Xaist ass to ass ---
A beautiful web to behold!

63052 SPACE - ALIENS - ZSERIES

We quietly lurked for awhile
And shook our heads slow with a smile;
For once we'd translated
The farts generated,
The words weren't all Lesbian style!

63053 SPACE - ALIENS - ZSERIES

We found that in throes of desire,
One partner, the one who got higher,
Would briefly turn male
And thus ends my tale.
Yes, where there is fmoke there's a sire.

63054 SPACE - ALIENS - ZSERIES

Where's he gone? We need him on hand.
This "no farts" is more'n I can stand.
It's quiet in here.
Bring cabbage and beer!
And Xanth who fart best in the land!

63055 SPACE - ALIENS - ZSERIES

On Regulus we found the xeggs;
They raise up their children from eggs.
Each little germ
Has ciliate worms --
Like protrusions that fart when it begs.

63056 SPACE - ALIENS - ZSERIES H Whelchel

The Regulan spring drove us batty;
A whistling opus of flati
Was high-pitched and loud,
But Xegg moms weren't cowed --
They'd barf up a pap, green and fatty.

63057 SPACE - ALIENS - ZSERIES H Whelchel

When moms to the nest would return,
We noticed a thing of concern.
The loud ones sometimes
Got no oily slimes,
And silent worms never were spurned.

63058 SPACE - ALIENS - ZSERIES H Whelchel

With instruments from our valise,
We timed cyclic beg-fart release.
Some wait for a week,
Some always would squeak,
But weekly squeals got all the grease.

63059 SPACE - ALIENS - ZSERIES H Whelchel

Floated free with meteors, see
By myself, alone, was just me.
Now Earth-Moon comes near
Big twin-star from here.
I hope I don't land in the sea!

63060 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

Of course! I have promised to get
Green Cheese for Jayne, my sweet pet.
I'll land on the moon
Sometime real soon,
Then down on the Earth I will set.

63061 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

Oh Boy!   Do I really stink
And my skin has now gone very pink.
I've been far too long
Where sunlights not strong;
So maybe a bath first I think!

63062 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

Through the air, I'm off to Ayr,
While holding the Green Cheese with care.
Though wrapped, it still shows
In the dark how it glows,
And people just stop and they stare!

63063 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

After landing, the time really lags.
It's such a bore, waiting for bags
To come through the door.
So Jayne, here on the floor -
The first of our hot sweaty shags!

63064 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The airport crowd all stood stock still,
And watched as your quim you did fill.
I lay on my back
As you lowered your crack
On my pole, sticking up like a quill!

63065 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The gathered crowd, how they all cheered.
They watched as you bucked and you reared!
But that copper has come
Before we've half come;
We're arrested, just as I feared!

63066 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

Carried off in the throes of passion
We may have now set a new fashion!
And while stuck together
In Court we're still tethered.
Our rudest bits we are still flashin'!

63067 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The Judge saw much more that he ought
And he waved at Clerk of the Court,
Who then stuck his head
Neath robes of bright red
And showed how this judge could be bought!

63068 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The Jury, eight boys and four girls -
(A quadruple menage de triols)
With a cock in each mouth
And one further South -
And quims each with two tongues atwirl!

63069 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The Bailiff, he calls for more order;
The Prosecuter's right on the border.
But when she bent over -
The bailiffs own Rover
Leapt out and began to deep sword 'er.

63070 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

And through all of this, my hard shaft
Continued to pleasure your deft,
And wet little crack.
Your bum I did smack,
And you ground away with much craft!

63071 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

For days the whole Court was kept closed,
And Parliament had questions posed!
Finally exhausted,
Our tenseness de-tauted,
We stopped and then put on our clothes

63072 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

The wise men were brought in to find
What caused this tale and in their mind
It is the Green Cheese
Which from Luna I seized.
A psycho-erotical kind.

63073 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

It's influence is felt far away
No wonder our privates did stray
And Lunatics made
(Watch morality fade)
This Green Cheese - Oh, please take away!

63074 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

And that's why, beneath the full moon,
All Lovers are inclined to spoon.
The moist bits get wetter;
And hard bits unfetter,
As seen on a beach close to Troon!

63075 SPACE - MOON - GREEN CHEESE   Jim Weaver Collection

No hermit, the newest android
Gave pleasure with an easy sang-froid.
And would freely relate
That its celibate fate
Was a droll but mistaken FACTOID.

63076 SPACE - ROBOTS   J'Carlin

An android for sex is fantastic!
Beats all solo games onanastic,
And sounds more yummy
Than a life sized dummy,
Make out of latex or plastic.

63077 SPACE - ROBOTS   Chris Papa

The android would not be amused
By the assumption that the plan used
Was mainly for sex.
It's really complex,
And does many things well when enthused

63078 SPACE - ROBOTS   J'Carlin

Said the android who found Pioneer,
"I'm afraid we had better stay clear
Of Earth's fierce, potent men.
They enjoy sex with 'Ten',
Who strips teeth from my genital gear."

63079 SPACE - ROBOTS   Melvin B. Lewis   P8312

I know a sweet android named Dan;
A construct the government would ban.
His technique is fantastic
For a man of plastic --
Please don't outlaw my bionic man!

63080 SPACE - ROBOTS Karen B

An over-sexed robot named Hank
Made a play for a twenty-ton tank.
His ardor was futile,
The result was quite brutal,
For his nuts hit the floor with a clank.

63081 SPACE - ROBOTS

'Till lately our guys had to suffer
Grave errors and luck even tougher.
Now those days are over,
We have us a Rover.
And "Beagle has landed" -- but rougher!

63082 SPACE - ROBOTS

There once was a woman, bionic,
Whose story was rather ironic;
Her counterpart kissed her;
She blew a transistor.
Now relations are strictly platonic!

There once was a hacker named Ken,
Who inherited truckloads of Yen.
So he built him some chicks,
Of silicon chips,
And hasn't been heard from since then.

63086 SPACE - ROBOTS

There was a young android called "Chip"
Whose programmer shot from the hip
With strong verbal commands
To ignore word demands,
So that Chip wouldn't take any lip.

63087 SPACE - ROBOTS D. A. Marker P8211

And then there's the one about Freud
Who fell for a lady android.
She was built much like Venus
And she envied his penis,
But her libido was totally void.

63088 SPACE - ROBOTS Neal Wilgus P8205

There once was a smug CPU
That figured it was human, too.
Because it used hex
To talk about sex,
And expanded itself from base two.

63089 SPACE - ROBOTS D A Marker P8211

Said a mellow old robot named Newman,
"When a man does not act with acumen,
But is clumsy and coarse,

63091 SPACE - ROBOTS Tony Davie P9704

The robot that just shined my shoes
Seems to think it has nothing to lose,
But it soon better learn

I bought a new kit at the store
To build a man right from the core.

Had a brain like a cool Univac.
But not handy for sex,
Just this dandy cortex--
He hadn't been tooled for dual-sack.

The robots in a perfume factory,
Have love lives described as unsatisfactory.
Where you would expect

They have an appendage, it olfactory.

These robots are amongst those,
For whom human sympathy flows.
When asked how they manage
While sustaining no damage,
Despondent, they just say, "Fuck nose".

63096 SPACE - ROBOTS Jim Weaver Collection

Supercilious fools speak to robots,
As Quixote would joust like the know-nots.
It really seems clear,

There once was a robot named Zerk
Who was programmed for nothing but work.
He would slave while you slept
And keep himself kept
And save the expense of a clerk.

63099 SPACE - ROBOTS Neal Wilgus P9003

Zerk's owner was Ivan Jake Freud
Who lived on a green asteroid.
And there, 'neath the bubble,
Assisting with trouble,
Was Molly McGerkus, android.

63100 SPACE - ROBOTS Neal Wilgus P9003

Now Molly was programmed with spice
On how to be naughty and nice.
So when Ivan Jake Freud
Was away in the void,
Molly sought out Zerk's help and advice.

63101 SPACE - ROBOTS Neal Wilgus P9003

Said Mollly, "Now look, Mr. Zerk,
I've got a new job you can work."
Her expression was odd
When she reached for his rod,
And pulled it erect with a jerk.

63102 SPACE - ROBOTS Neal Wilgus P9003

Now Zerk is still perking away
But when Ivan returns they'll both pay.
For the smile on Moll's face
Is a beacon in space,
And Zerk shirks his work now to play.

63129 SPACE - ROCKETRY Bill Nesbit P0011

When into Earth's orbit they've shifted,
Lady astronauts find that they're gifted

With the freedom from bras,
For in space, more than spirits are lifted.

"There's one thing I don't need to do.
As I'm weightless in space,

Why can't guys on the ship do that too?"

63131 SPACE - ROCKETRY Tom Patton P0011

Through strato-, iono-, and troposphere,
Falls the space junk once known as Mir;
The locale specific
Out in the Pacific,
Is crowded with tuna-boat sightseers.

63171 SPACE - ROCKETRY - MIR   Dr Limerick 03-22-01

There was a young man with no fear,
Spent three weeks in orbit on Mir.
He hoped sex in freefall
Would be new, but all
He could do was to barf, the poor dear.

63172 SPACE - ROCKETRY - MIR   Robert Elliot

Mir was a space station rare;
The Soviets launched it up there.
It served man for years,
Through laughter and tears,
But then fell into disrepair.

63173 SPACE - ROCKETRY - MIR   Tom Campbell

The funding for Mir had gone dead.
"We must deorbit!" they said.
It streaked through the air
With meteoric flare,
Then fell to the ocean, like lead.

63174 SPACE - ROCKETRY - MIR   Tom Campbell

The Russians had to give up on Mir.
It got worse for year after year.
If Mir landed on a trawl,
There were free tacos for all,
But she missed the target, I fear.

63175 SPACE - ROCKETRY - MIR Jerry Pool

The Mir crew has proved itself able
To crash, and now cut a power cable.
Is there vodka on board?
If so, how much is stored?
Used as fuel, could it save the space stable.

63176 SPACE - ROCKETRY - MIR T9707

Astronauts on Mir roar in pain,
To keep the space station on gain.
But worn out rubber,
Wires and air scrubber,
Make me think Mir would lie down fain.

63177 SPACE - ROCKETRY - MIR Daniel Ford

They're having more trouble on Mir.
The crew says, "We're not breathing here.
The oxygen's low;
It's time that we go
Back to Earth for the rest of the year."

63178 SPACE - ROCKETRY - MIR Jim Weaver Collection

A crashed Russian spaceship called Mir
Will soon be abandoned, I fear.
'Cause each new cosmonaut

The cosmonaut, wiping a tear,
Was arrested, and managed, "Oh dear.
Comrades, in short,

I've just smashed the hell out of Mir."

63180 SPACE - ROCKETRY - MIR Jerry Nordal

MIR for many years "carried the freight";
Comes apart at the seams now, of late.
Once a stellar performer,
Now with holes in her dormer;
It's time to retire her license plate.

63181 SPACE - ROCKETRY - MIR Tom Patton P9710

Russia's MIR space station is creaky;
The toilets all smell and are leaky.
Ground technicians frown
When computers shut down;
The should a new MIR that's sleeky.

63182 SPACE - ROCKETRY - MIR Tom Patton P9710

A Russian supply ship, I fear,
Has crippled the space station, Mir.
It bumped into Specter,
And practically wrecked her.
I doubt it will last one more year.

As Cockney to English, unclear.

That made craters so fine;
So fellows, the whole thing was fake.

Those Armstrongs, they both are now gorn.
Old Louis died, holding his horn.

And died in an alley, forlorn.

We prepare on a June afternoon,
To go to the moon very soon.
Explore the dark side;
What does that side hide.
Perhaps nothing more than rock strewn.

63245 SPACE - ROCKETRY - ZSERIES   Joel D Ash

The rocket blasts off into space;
For all it will be a new place.
Scientists all prepared;
Slightly nervous, not scared;
Some thoughts on the dangers we face.

63246 SPACE - ROCKETRY - ZSERIES   Joel D Ash

The landing goes well in the dark,
Equipment and team disembark.
Lights are set out,
Our party will scout,
To search for a dark side landmark.

63247 SPACE - ROCKETRY - ZSERIES   Joel D Ash

The foothills are eerie and strange,
At the edge of a stark mountain range.
Craters are deep,
Terrain getting steep,
Then suddenly we see a strange change.

63248 SPACE - ROCKETRY - ZSERIES   Joel D Ash

Up ahead on the top of a peak,
Something looms very large and unique.
We cannot comprehend,
It looks like a rear end;
We just stare as we gaze at each cheek.

63249 SPACE - ROCKETRY - ZSERIES   Joel D Ash

Is it real or a statue rock hewn?
Mooning us with its dropped pantaloon;
God! What a find!
It's a grand behind!
The backside of the Man in the Moon.

63250 SPACE - ROCKETRY - ZSERIES   Joel D Ash

I'm the first man on the Moon;
They are sending a girl up quite soon.
She arrives in October;
If I manage to probe yer,
We'll expect the first moonling in June.

63251 SPACE - ROCKETRY - ZSERIES   Professor

I'm the first man on the Moon;
I whistle and yodel and croon.
But because there's no air,
And I'm here and you're there,
I fear you will not hear my tune.

63252 SPACE - ROCKETRY - ZSERIES   Professor

I'm the third Pole on the Moon;
They'll send up the second one soon.
Note second, not fourth,
'Cause the South and the North
Are Poles that weren't sent to the Moon.

63253 SPACE - ROCKETRY - ZSERIES   Professor

I'm the first bouncing check on the moon,
And I go up and down like a loon.
Oh me and oh my,
Each jump is so high,
Making love takes a whole afternoon.

63254 SPACE - ROCKETRY - ZSERIES   Professor

I'm the first laughing dog on the Moon.
And I'm having a quiet afternoon.
High up in the sky,
A cow just passed by,
With a fiddling cat, dish, and spoon.

Ah'm a wee laddie fra' Troon,
And Ah'm the first Scot on the Moon.

I'm the first lunar arachnid,
Though confused, I will tell you what Jack did.
He put in his finger,

Miss Muffet said, "You lack the knack, kid."

I am the first lunar sheep;
There's no grass, and I've lost my Bo-Peep.
She fell down a crater,
Now five lune-days later,
Can't get out 'cause the sides are too steep.

63258 SPACE - ROCKETRY - ZSERIES   Professor

I am the first lunar cock,
The ground is as hard as a rock.
Please tell me when
You are sending a hen,
'Cause I urgently need to raise stock.

An astronaut homesick for Perth,
Was blessed with a sizeable girth.
So he snacked on potatoes
And fried green tomatoes,
So he'd fall a bit faster to Earth.

63260 SPACE - ROCKETRY - ZSERIES   John Miller

Now all that he ate turned to gas
And quickly shot out of his ass.
But thinner or fatter,
It just didn't matter;
The capsule still had the same mass.

63261 SPACE - ROCKETRY - ZSERIES   John Miller

That poor astronaut -- what a fool;
His plight goes back to his school.
He spent his time eating
In physics, not reading.
So he missed the more pertinent rule.

There would have been no human race,
Were we in the vacuum of space.
Without any friction
We've no predilection

63263 SPACE - ROCKETRY - ZSERIES

There's lots of great friction out there.
But if your depravity
Depends upon <gravity>,
There's not a whole lot there to spare.

If bump and grind is in my plan.

Snugly wrap the big band 'round your butt
And your honey's; get ready to strut
In time to the dance

But do not, the hull plates, abut.

63266 SPACE - ROCKETRY - ZSERIES

And if you start turning, resist!
I know it's fun, but I insist.
Centripetal force

63338 SPACE - SCI FI - SERIES Cyber Wizard

I travelled the space lanes with 'Aitch,
And built up a monetary cache.
But he was quite cruel
And fed me on gruel,
And often he raided my stash!

63339 SPACE - SCI FI - SERIES

We roamed 'round the sector named "X";
Found lifeforms with really weird sex.
Arrived and departed;
Our ship was power-farted,
Whenever old H flexed his pecs.

63340 SPACE - SCI FI - SERIES

Acquiring my own spaceship too,
Escaping the H-caused "phe-ew",
Across the parsecs
Researching more sex,
I finally found sector "Q".

63341 SPACE - SCI FI - SERIES

Insatiable and feared and flirty,
The huge female, species named Querty;
Now this isn't funny,
They have lots of cunny;
They've quims, each around about thirty.

63342 SPACE - SCI FI - SERIES

And all must be constantly filled;
They need to be constantly thrilled.
Each poor little male,
Alone he will fail,
For all of them are single quilled.

63343 SPACE - SCI FI - SERIES

So in daylight or later in dark,
Or talking a stroll in the park,
The female's surrounded
By numbers unbounded,
Like Remora swim all 'round a shark.

63344 SPACE - SCI FI - SERIES

The male, when he loses the knack,
Doesn't go very far on life's track.
He's removed from her hollow
And with just one swallow,
Becomes a post-prandialish snack.

63345 SPACE - SCI FI - SERIES

Then elsewhere we found the race Qrl,
Who're shaped almost like a young girl.
What they do with their food
You may think is rude,
And your stomach will soon start to swirl.

63346 SPACE - SCI FI - SERIES

The Qrl eat the sentinent Qaart;
By their legs, they pull them apart,
And savour the scream
As they dip them in cream,
Which is served to them all "a la carte".

63347 SPACE - SCI FI - SERIES

Now further on we had to fight
The terribly nasty small Qyt.
They eat at your toes,
They get up your nose,
And fart in there just out of spite!

63348 SPACE - SCI FI - SERIES

So we moved into parts better known,
Though law has not yet even grown.
There's plenty of crime;
Only go in daytime,
And never walk through there alone!

63349 SPACE - SCI FI - SERIES

The Qrbals were where we arrived;
I'm quite sure that nothing there thrived.
After stealing our ship,
They then tried to gyp
When we asked for a drink in a dive.

63350 SPACE - SCI FI - SERIES

They've very short arms and deep pockets,
So we gouged their beady eye sockets.
They howled in distress
As we lifted their dress;
Found gear like their arms, we mock it.

63351 SPACE - SCI FI - SERIES

Reclaiming our means of transport,
We moved to another space port
And found us a Qogg
Who lives in a bog,
And only with Qewes will cavort.

63352 SPACE - SCI FI - SERIES

He served up a tipple of Qumpy;
It's mild and it tastes of oils sumpy.
He started to squirm
When called by a Qerm,
And left us - and boy, was he grumpy!

63353 SPACE - SCI FI - SERIES

A few parsecs away we found Qete,
Who was dolefully beating his meat.
"The nuns in their habits
Are off chasing rabbits",
He explained to us in the sleet.

63354 SPACE - SCI FI - SERIES

No enemas from sexy nurses;
We felt all the unspoken curses;
And banned from the trains
He suffers ball pains --
He's standing 'round waiting for hearses.

63355 SPACE - SCI FI - SERIES

Across a small space lane, short haul,
Discovered a new world named Qaul.
A sentinent Qucket
Wobbled as we'd fuck'it,
Then served us a snail she'd called Saul!

63356 SPACE - SCI FI - SERIES

On the soggy wet planet next door,
We found a loud Qirruk at the store.
He lost his Qutch spike
In a hole in the dyke,
And was trying to buy just one more.

63357 SPACE - SCI FI - SERIES

We looked all around for a Qulla;
Our searches all came up as nulla.
To put it succinct,
I think she's extinct
Or else she has found a new fulla!

63358 SPACE - SCI FI - SERIES

We looked at the next major trip
Across a wide dark barren strip,
Where untamed space storms
Maraud in big swarms,
And the skins off big spaceships do rip!

63359 SPACE - SCI FI - SERIES

The sector this huge rift does split,
And almost our journey we quit.
For there's naught over there
That with here will compare --
Unlearned, uncouth and no wit.

63360 SPACE - SCI FI - SERIES

For a while we will stay and deflower
Young Quals with all of our power.
And where do we stay?
I hear someone say --
Just look at the tall Qeiffel tower!

63361 SPACE - SCI FI - SERIES

Or called on to nurture.
At least the new sick bay's much plusher!

There's one rumor it's now time to curb --
One of lifes's great unknowns --
Why he called Doctor "Bones",
When it's not a noun, it's a verb.

63447 SPACE - STAR TREK - BONES   Laura Goodwin

A dwelling they spy, none too soon.
A toot on the flute
Makes a hoot like a coot,
And there, in the light of the moon...

63489 SPACE - STAR TREK - SPOCK

And now in suspense I will keep
You, while my poor brainwaves can creep,
To bring the denoue-

A fair bet though, that it involves sheep.

Spock cries "Kirk, we got to reverse!" He
Runs, but too late...
We all know his fate...
"It's Sister Christina. Cry Mercy!"

There's no time to stand round and mope.
Kirk thinks, gee, we've only one hope.
Grabs Spock by the ears,
Despite Chrissie's jeers,
Screams "Beam us up Spotty, you dope!"

The moral of this tale, my dears --
Don't let it fall on deaf spock-ears --

And masked his enormous surprise
Before they could blink
He'd be into the pink,

The flood of emotion weren't tears.
His matter transferred,

65315 SPORTS - ZOTHER   Laurence Perrine   P8911

Frustrated? Need relief? Then please call
Or come to the racquet ball hall.
Your balls my be blue,
But with follow-through,
It feels good to smash them on a wall.

65316 SPORTS - ZOTHER   Stephen Ross

Masochistic endeavor? Perhaps...
But it beats escorts and dancers on laps.
The only drip that you get
Is a good healthy sweat,
And only the audience "claps".

65317 SPORTS - ZOTHER   Stephen Ross

So with balls that are yellow or blue,
In clean whites, I'll be waiting for you.
(Though my mind may be dirty)
On the court at 5:30
For a good game of squash for two.

65318 SPORTS - ZOTHER   Stephen Ross

Nearly all families envy the Slades.
They've a skill on which each member trades.
The Slades couldn't care less
About togetherness.
They all share a love for roller blades.

Once met a young hooker named Willie.
He started to hug her;

65320 SPORTS - ZOTHER Bill Wall

Our David's a grumpy young bugger,
And maybe not be much of a rugger,
Though when not at work,
Which he'll never shirk,
I think he's a secret tree-hugger!

65321 SPORTS - ZOTHER

So it's England versus Australia.
With all the paraphernalia.
This game of rugger
Is really a bugger,
If you end up the failia!

65322 SPORTS - ZOTHER Michelle

So what will be the last score?
A hundred for us? Maybe more?
You hide your asses;
We'll fill our glasses,
For England will win. That's for sure!

65323 SPORTS - ZOTHER Michelle

You watch out for the referee,
'Cause that is gonna be me.
Throw in the towel,
'Cause I'll call a foul
And we'll all sit down for tea!

65324 SPORTS - ZOTHER Michelle

You think you're so big and strong?
Well I'll tell you, it won't be long
Till we show you up,
And hold up the cup.
We're mightier than old King Kong!

And waited...but they could not Cum.

65326 SPORTS - ZOTHER SFA

With Aussies, it's more of the same;

The laws of Sir Isaac were found
To bring Megan so fast toward the ground.
Yet she's not smithereens,
Since on all trampolines,
What goes down, must go up, then go down.

65330 SPORTS - ZOTHER Kevin Ahern

She did it, and sure 'nough was caught,
By the net, which alas was too taut.
She bounced, landed, broke
Her pelvis; the bloke
May well find himself in the court.

65331 SPORTS - ZOTHER

I'm sure of this lass he's quite fond,
They must have a very stong bond.

We do these things now by synthesis.
And who would not rather
Have a test tube for father,
That a homo in loco parenthesis.

65674 SUBSTITUTES - MALE Conrad Aiken

A candid young lady named Tudor
Remarked to the chap who'd just screwed her,
"After dildoes, vibrators,
And cunt exhilarators,
The real thing feels like an intruder."

65675 SUBSTITUTES - MALE G2223

An itchy-crotched dolly of Ryde,
Finds it terribly hard to decide
Between using a candle,
And old bicycle handle,
Or a man with a twenty-inch clyde.

65676 SUBSTITUTES - MALE G2198

A lady from down Amarillo
Had sex with a rusty old Brillo.
She ruined her clit
And can't even sit,
Unless she is using a pillow.

65677 SUBSTITUTES - MALE Bob Leclerc

The doll it looks just like Wayne Newton!
It doesn't send the juices shootin'
Round my body parts,
Or else touching's an art.
Do I need lessons? Darn tootin'!!

65678 SUBSTITUTES - MALE

Old Grendel, a kind of afreet,
Slaughtered warriors each day for his meat.
Though he relished the brains
And the nuts of the Danes,
He ate all but the hands and the feet.
(afreet - evil monster or djinn in Arab mythology)
65679 SUPERNATURAL - EVIL A. N. Wilkins P8710

There once was a fellow named Blake;
Of trapezohedrons he spake;
But his soul was possessed.
The moral: "Don't mess
With Azathoth, for goodness sake!"

65680 SUPERNATURAL - EVIL   Daniel Snyder

Of all the fierce feminine wails,
The worst, the dread BANSHEE entails.
A howl fraught with fears,
So stuff both your ears,
'Tis sound that is fatal to males.

65681 SUPERNATURAL - EVIL   Chris Papa

When the drunk hears wails of the BANSHEE,
Thinking it someone he might fanshee,
He'd better stop short
For another snort;
Her interest's only necromanshee.

65682 SUPERNATURAL - EVIL   Daniel Ford

I've heard of that old banshee cry,
But never knew where, when, or why.
Now I am aware
It may cause a scare,
Announcing that soon, one will die.

65683 SUPERNATURAL - EVIL   Maggie

Although I respect your profession,
I have a contrary impression.
The girl is not stricken
By a lack of dickin',
But rather demonic possession.

65684 SUPERNATURAL - EVIL   H WHELCHEL

Religion that's fat, long and wide,
No doubt, is what she needs inside.
I propose mine --
I know it's divine,
When Great God Almighty, is cried!

65685 SUPERNATURAL - EVIL H WHELCHEL

So write her a Holy-Roll script,
Her catacombs then I may rip.
Through sacred transgression,
I'll take her confession,
Then witness her tremble and drip.

65686 SUPERNATURAL - EVIL H WHELCHEL

And when she is spastically jointed,
And gushing from where I just pointed,
I'll libate my phallus
With wine from a chalice,
Proclaiming her fully annointed.

65687 SUPERNATURAL - EVIL H WHELCHEL

His future health now depends
On how this relationship ends.
It's all kind of scary,
And things could get hairy,
'Cause demons are his ghoul's best friends.

65688 SUPERNATURAL - EVIL Marlene Lewis

When the rainbow appeared high in the sky,
Natives bowed, and gave a loud cry.
The chief said with a moan,
(Heard the news on the phone.)
Go home! A disaster is nigh!

65689 SUPERNATURAL - EVIL Arthur Pattaffy

Arabian spirits, some claim,
Gamble recklessly and without shame
For incredible stakes
Like dissolute rakes.
Djinn rummy, of course, is their game.

65690 SUPERNATURAL - EVIL A. N. Wilkins P8407

There once was a fellow named Blake;
Of trapezohedron he spake;
But his soul got possessed.
The moral? Don't mess
With evil, for goodness sake!

65691 SUPERNATURAL - EVIL Daniel Snyder

People thought old Alhazred a loon;
His life ended terribly soon.
His quest for dark knowledge
Went far beyond college.
He was eaten by a demon, at noon.

65692 SUPERNATURAL - EVIL Jim Goldfrank

There was a young lady called Emily
Who was not understood by her femily.
She acted so rummily,
The head of the fummily
Had her crossed by a greyhound from Wembley.

65693 SUPERNATURAL - EVIL G1229

He feared she would breed a facsimile:
Bring utter disgrace on the fimily!
So he read her a homily
In front of the fomily--
And the Devil flew out of the chimily!

65694 SUPERNATURAL - EVIL G1230

A phantasmagorical darky
Was enthralled by the Ghoul Hierarchy.
She arranged a spectacular
Just for Count Dracula,
Celebrating her menarche.

65695 SUPERNATURAL - EVIL G2309

Under the covers in bed,
Trembling with terror and dread
Of bumps in the night.
Pray for daylight.
If the ghoulies want you, you're dead!

65696 SUPERNATURAL - EVIL Karen

Let's both get down under the covers.
It's there, if I could have my druthers,
We'd hide from those ghoulies
('Neath the bed is for foolies)
And there wouldn't be room for the others!

65697 SUPERNATURAL - EVIL Archie

Those goulies, when searching to sup,
Are confused by a noisy lewd tup.
And so while they stalk,
We will just talk
About the first thing to come up!

65698 SUPERNATURAL - EVIL Archie

And what do you think that will be?
Oh Ho! Now I'm starting to see.
A little love bite
Then another one might
Be enough to confuse a ghoulie.

65699 SUPERNATURAL - EVIL Karen

Oh No! The ghoulies are back!
Well, we'll have a midnight snack.
Come under the covers;
You get your druthers;
Ghoulie or love bite attack?

65700 SUPERNATURAL - EVIL Karen

Forget about your witches gear,
It'll be off as soon as I'm near.
Mine is all off too,
Under covers with you.
I'll turn on this torch I found here!

65701 SUPERNATURAL - EVIL Archie

Those 38C's are first course;
I'll nibble without any force.
But there is no rush;
I've just found your bush.
It's real, not a merkin of gorse.

65702 SUPERNATURAL - EVIL Archie

No ghoulies anywhere near;
If we keep this up, my dear,
All the night through...
Oh! That ought to do.
Try it again over here!

65703 SUPERNATURAL - EVIL Karen

The ghoulies have feet made of clay;
(Those that have feet anyway).
To be sure they leave,
I've a trick up my sleeve.
Now let's see if that's a toupee.

65704 SUPERNATURAL - EVIL Karen

My goodness! That's not your head;
But it's big and its hair is all red.
So long and so wide,
No wonder ghouls hide.
Not me; I am fascinated.

65705 SUPERNATURAL - EVIL Karen

As he squeezed her kidneys and bladder.
He wanted his blood,

65710 SUPERNATURAL - EVIL Kitten

One who would mate with a snake'll
Have to learn to kiss cloacal.
If you've no time

65711 SUPERNATURAL - EVIL Daniel Ford

The Grecian myth of the Lamia,
Borrowed from Mesopotamia,
Caused deaths to bereave.
If you also grieve,
I can't believe any would blame ya.

65712 SUPERNATURAL - EVIL Daniel Ford

It doesn't take too long to grasp,
That if you're in lamia's clasp,
Though breasts you may see,
You'll ultimately
Be finished by a fierce piece of asp.

65713 SUPERNATURAL - EVIL Chris Papa

The other night while in my bed,

Had a feast of live brains,
Taken straight from the live victims head.

65714 SUPERNATURAL - EVIL Nik Synytyskyy

They will want you as their next meal;
Ripping you with their teeth of steel.
They'll feast on your flesh,

And won't even bother to kill.

65715 SUPERNATURAL - EVIL Nik Synytyskyy

Reeking of decaying meat,
They all view you as a treat
For their gum-rotted bumps;
No hands, just the stumps;
Furious of your living heart-beat.

From the pyramid when we exhume
A mummy, he's mute we presume.

65730 SUPERNATURAL - EVIL Snaggletoth

Schizophrenic, I admit I am not;
It's species confusion I've got.

But they're not speaking very clearly.
Speak they of towels?
And what are those howls?
It must be the wind in the tree...

65914 SUPERNATURAL - GHOSTS

The ghost that inhabits Fort Steele
Is really alarmingly real;
Chasing ladies for sport
'Round the walls of the fort
With a cock like a large conger eel.

65915 SUPERNATURAL - GHOSTS Hugh Oliver 98b

I rolled into Hogsett today
And asked for the infamous Clay.
As you can guess
My simple request:
"Where can I find him, I say?"

65916 SUPERNATURAL - GHOSTS - BIKE

The man in the store in the town
Was alarmed at my question and frowned.
He told me that Clay
Had long passed away,
But he knew where his 'ghost' could be found.

65917 SUPERNATURAL - GHOSTS - BIKE

"Just look to the end of the street
And point those small wheels on your feet,
To the old grimy house
Where lived the old louse.
Then be careful when his wife you meet..."

65918 SUPERNATURAL - GHOSTS - BIKE

"Would her name be Linda Lou?
I've once been warned of her, too.
I was said to meet Clay
That he had a new way
For my travel -- I'm just passing through."

65919 SUPERNATURAL - GHOSTS - BIKE

He said, "Clay came many years past
Planning to leave this town fast.
But once Linda got him
His future was grim."
He ominously said "And, alas...

65920 SUPERNATURAL - GHOSTS - BIKE

"He never did make his way out
Of her clutches, the poor old lout.
He was never the same.
It was simply a shame,
His ghost is said each night to shout.

65921 SUPERNATURAL - GHOSTS - BIKE

"It's legend that he has waited
For one that will come, it is fated,
In from the midwest
To help achieve rest --
Clay, too, will help him," he stated.

65922 SUPERNATURAL - GHOSTS - BIKE

"Clay's only hold to this plain
Is to keep this from happening again --
Linda Lou gaining hold
Of a 28-year-old,
Just passing through; she'll try to detain...

65923 SUPERNATURAL - GHOSTS - BIKE

"This young man on his humble way
To Maryland, where they say,
His true love waits for him.
She does most adore him;
He has a debt to her to pay.

65924 SUPERNATURAL - GHOSTS - BIKE

"If Clay can help him get in
To the cellar, he'll find a new Schwinn
Mountain bike there,
And then he'll take care
To see the lad get's out again.

65925 SUPERNATURAL - GHOSTS - BIKE

"Linda Lou will try hard not to let
Him out when he goes in to get
That shiny new Schwinn,
That is waiting for him;.
Won't be easy escaping, I'd bet."

65926 SUPERNATURAL - GHOSTS - BIKE

After hearing what this gent has said,
I can see I've adventures ahead.
I hope I can get
Out of Hogsett
But for now, there's a feeling of dread.

65927 SUPERNATURAL - GHOSTS - BIKE

I came to the downtrodden place
Where Linda Lou lived in disgrace.
The paint faded and chipping,
In need of a stripping,
And new paint job right now, post haste.

65928 SUPERNATURAL - GHOSTS - BIKE

The shutters hung cockeyed and falling;
The house was just outright apalling.
And folks round these parts
Lived with fear in their hearts,
Due to Clay's nightly blood-curdly calling.

65929 SUPERNATURAL - GHOSTS - BIKE

The sides were a greenish-grey hue,
But I'm sure that you would be too,
If you were grown over
With ivy and mold, or
Some sort of fungi 'pon you.

65930 SUPERNATURAL - GHOSTS - BIKE

As I tried to peak through the glass,
Of a side window pane, caught a flash
Of something inside,
That left me wide-eyed --
Linda Lou's naked, furry-red ass!

65931 SUPERNATURAL - GHOSTS - BIKE

She was monstrously huge, ten foot tall;
Must have been ten foot wide too by all
Accounts I can give,
But my memory's a sieve
Full of holes and [thank god] can't recall!

65932 SUPERNATURAL - GHOSTS - BIKE

All of the details of that day,
Some things are best kept locked away,
In the darkest recesses
Of minds, or distresses
Might drive us quite mad, so they say.

65933 SUPERNATURAL - GHOSTS - BIKE

I panicked and near fainted then,
But I knew I just had to get in
To the house cellar,
Or this young feller
Might ne'er see that shiny new Schwinn.

65934 SUPERNATURAL - GHOSTS - BIKE

I crept 'round the house hoping maybe
I could avoid that evil lady.
If an external entry
Could bypass that sentry,
Linda, but soon I found gravely...

65935 SUPERNATURAL - GHOSTS - BIKE

The only way into the basement
Was inside, and to my amazement
Seems many had tried
To get that bike but died,
After years in Linda's enslavement.

65936 SUPERNATURAL - GHOSTS - BIKE

I crept around to the front door,
Climbed up the stairs and crossed the floor.
My knees were all shaky;
My stomach was quaky;
Thought I was a goner for sure.

65937 SUPERNATURAL - GHOSTS - BIKE

The planks of the old porch floor creaked
The stench of death from inside reaked
And choked me once more
Then I opened the door
And inside I cautiously peeked

65938 SUPERNATURAL - GHOSTS - BIKE

Expecting to see Linda Lou
Afraid that she might have come to
From the sound of the hinges--
Their squeaking sent cringes
Up the back of my neck and all through

65939 SUPERNATURAL - GHOSTS - BIKE

My muscles, which clenched up all tense;
The tightness in them was immense.
T'was all I could do
To fight my way through.
My urges to flee when I sensed

65940 SUPERNATURAL - GHOSTS - BIKE

That someone was staring at me
I turned just in time then to see
Clay there pointing to
A door I knew through
The stairs to the cellar must be

65941 SUPERNATURAL - GHOSTS - BIKE

I crossed the floor fast as I dared
Toward the portal to which Clay now stared
The door was unlocked
Of this I was shocked
"This should be easy!" I declared

65942 SUPERNATURAL - GHOSTS - BIKE

When I reached the basement I found
Dead bodies there, piled all around.
Spider webs and rats,
Snakes, bugs, and bats
Scurried here/there through air and on ground.

65943 SUPERNATURAL - GHOSTS - BIKE

I saw then what I had come for,
When from upstairs a laughter did roar.
Linda Lou was waking
And I was shaking,
Just then came the sound of a door.

65944 SUPERNATURAL - GHOSTS - BIKE

Being slammed and the sound of a lock
Being turned, and I was in shock.
Paralyzed with the fear
Of being trapped here,
Would've screamed then but I could not talk...

65945 SUPERNATURAL - GHOSTS - BIKE

Many moments stood motionless there
I was clutched in a fit of despair
In a room of gloom
And impending doom
Surrounded by death and dank air

65946 SUPERNATURAL - GHOSTS - BIKE

The smell of the corpses rotting
Around me had my stomach knotting
Up into a ball
There seemed no chance at all
Any way that I'd soon be departing

65947 SUPERNATURAL - GHOSTS - BIKE

Upstairs Linda cackled with glee
Thinking she'd make a sex-toy of me
Like so many before
I'd be stuck with that whore
And never another soul see

65948 SUPERNATURAL - GHOSTS - BIKE

But Clay was growing quite tired
Of Linda Lou's game and aspired
To put an end to it
Was high time to do it
And this time he knew it required

65949 SUPERNATURAL - GHOSTS - BIKE

His interference to end it
For he could no longer pretend it
Would end on it's own.
For a long time he'd known
He'd one day take a stand and defend it.

65950 SUPERNATURAL - GHOSTS - BIKE

After what seemed like hours had passed
I heard the door opening at last
A brief glimmer of hope
Passed over this dope
But it was short-lived, dying fast

65951 SUPERNATURAL - GHOSTS - BIKE

I heard the door slam and stairs quake
Her footfalls caused the walls to shake
Linda Lou was coming
And my heart was drumming
In my ears, not much more could I take

65952 SUPERNATURAL - GHOSTS - BIKE

She approached me, that hideous mass
Of blubber with the furry-red ass.
That bitch sure was scary;
Her tits were all hairy,
Not to mention her bad breath and gas.

65953 SUPERNATURAL - GHOSTS - BIKE

There I stood facing my life's end
In my mind good times passed just then
Carol's image engraved
On my heart is what saved
Me, bringing back senses again...

65954 SUPERNATURAL - GHOSTS - BIKE

As I watched, Linda's soul was devoured
And Clay, no more seeming a coward,
Was at last released
From his ties to that beast.
He could at last rest, now empowered.

65955 SUPERNATURAL - GHOSTS - BIKE

The others, too, could finally rest,.
After years of being distressed;
Trapped here by that witch,
Linda Lou, that big bitch.
They ended her reign of duress.

65956 SUPERNATURAL - GHOSTS - BIKE

As I mounted my shiny new Schwinn,
Made one pass round that cellar of sin
On that cycle's one wheel,
I rode off with zeal,
Right over that whore's corpse and then...

65957 SUPERNATURAL - GHOSTS - BIKE

I carried it up from the cellar's
Darkness while watched by those fellers
That had long been deceased,
And enslaved by that beast.
No longer at night time they'd beller.

65958 SUPERNATURAL - GHOSTS - BIKE

As I rode off into the northeast,
I turned to look back and was pleased
To see Clay on the porch swing,
Pickin' his five string
Banjo, singing loud with no teeth...

65959 SUPERNATURAL - GHOSTS - BIKE

A leprechaun chased his own rainbow,
Searching for his pot all a-glow.
When rounding the bend,
He found at the end
His dream was chasing a shadow.

65960 SUPERNATURAL - LEPRECHAUNS   John

The end of the rainbow I found;
I dug and I dug in the ground.
But gold? No such tripe.
A burst water pipe,
That sprayed me till I nearly drowned.

65961 SUPERNATURAL - LEPRECHAUNS   Tiddy Ogg

While golfing one fine Irish day,
A golfer launched one far away.
Far into the wood,
Searched he for ball good,
And found a small man in cold splay.

65962 SUPERNATURAL - LEPRECHAUNS   Chris Papa

The leprechaun woke, signs propitious,
Told the golfer, "Be not suspicious.
Caught me fair and square;
I'm going nowhere,
Until I've granted you three wishes."

65963 SUPERNATURAL - LEPRECHAUNS   Chris Papa

"Oh no," said golfer, walking away;
Then the leprechaun knew he must pay,
For he had beem caught.
To himself he thought,
"Great golf game, money, sex life, I say."

65964 SUPERNATURAL - LEPRECHAUNS   Chris Papa

Years later same golfer hit long golf;
Again struck the leprechaun, Rolf.
Went into the wood
Where he had once stood,
And again found li'l man next to ball(f).

65965 SUPERNATURAL - LEPRECHAUNS   Chris Papa

Worried golfer inquires with some shame,
"How are you?", "Just fine. How's your game?"
"Great! Par every time
And the money's prime;
Finances seem always the same."

65966 SUPERNATURAL - LEPRECHAUNS   Chris Papa

"Thanks to me," said li'l man, not meek,
"And sir, how does your sex life pique?"
Rolfie asked shyly.
Golfer said slyly,
"Well, maybe once or twice a week."

65967 SUPERNATURAL - LEPRECHAUNS   Chris Papa

"What!" said leprechaun, "Sex should cherish.
Once or twice a week, the thought perish!
Sir, How can that be?"
The golfer said he,
"'S'not bad for a priest in small parish."

65968 SUPERNATURAL - LEPRECHAUNS   Chris Papa

I've never pinched elf that was Puckish,
Or toyed with a toad, mired and muckish,
And never looked on
A Celt's leprechaun;
No wonder I'm down on my luckish.

65969 SUPERNATURAL - LEPRECHAUNS   Chris Papa

'Twas once a Leprechaun named Craig
Whose penis was merely a peg.
Many claimed it'd be luck,
If he'd get a fuck.
Even a trollop he'd have to beg.

65970 SUPERNATURAL - LEPRECHAUNS

Into the woods and old hooker strolled,
Without fear for she was quite bold.
Naive to her ways,
Traded gold for her lays;
Lucky Craig lost his whole pot of gold.

65971 SUPERNATURAL - LEPRECHAUNS

There once was a leprechaun named Pat,
Who lived in a green derby hat.
As legend foretold,
He hid all his gold,
And then he got ate by the cat!

65972 SUPERNATURAL - LEPRECHAUNS

A leprechaun stopped me today,
Shook my hand, and then went on his way.
He carried a sack
Like a hump on his back;
What was in it, he never did say.

65973 SUPERNATURAL - LEPRECHAUNS   Ystap

A colleen from River Sullane,
Was screwed but was randy again.
While collecting peat
Did a leprechaun meet,
And even drove him quite insane!

65974 SUPERNATURAL - LEPRECHAUNS

There once was a Leprechaun from Dublin
Whose sperm began gurglin' and bubblin'.
He wished on a clover
That the gurglin' be over,
But instead it turned green, that was troublin'.

65975 SUPERNATURAL - LEPRECHAUNS Jim Weaver Collection

There once was a wee bonnie lass,
Who'd read Einstein as well as Laplace,
Used equations to prove
That when leprechauns move,
They have no gravitational mass!

65976 SUPERNATURAL - LEPRECHAUNS Prof M-G T9711

One day on the Emerald Isle,
A leprechaun found me nubile.
When he reached for my fanny,
Said I, very canny,
"Beat it, you old pedophile."

65977 SUPERNATURAL - LEPRECHAUNS Mr. Debutts P9708

A colleen who loved to be seen
Sashayed to her mirror to preen.
She let out a cry,
"Dear Jesus, Oh why
Did that leprechaun turn my skin green?"

A tentacular elder monstrosity
With poisonous and pungent viscosity,
Ingested a vicar
On his setee of wicker,
While displaying a most rude animosity.

65979 SUPERNATURAL - MONSTERS Pumilla and Wallace P8211

The Maid's piercing scream split the air
When they found what was left of his chair.
There were gobbets of ooze
In his clothes, in his shoes,
And puddles all over the stair.

65980 SUPERNATURAL - MONSTERS Pumilla and Wallace P8211

That night one of Jeremy's bugs
Tried to give his sister some hugs.
She was drowned in the milk,
All covered in silk,
But was later avenged by her slugs.

65981 SUPERNATURAL - MONSTERS Pumilla and Wallace P8211

Then Jeremy pondered his tomes,
While uttering astounding-type groans.
He was shut fast away
For a night and a day,
And a mysterious man claimed his bones.

65982 SUPERNATURAL - MONSTERS Pumilla and Wallace P8211

But the corpse returned from the grave
To get the revenge it so craved.
The murderer it slew,
And flushed down the loo,
Although that was simply depraved.

65983 SUPERNATURAL - MONSTERS Pumilla and Wallace P8211

Next day in the house on the hill,
They found William all stony and still.
On his flesh was inscribed
How and why he had died,
So they stood around reading the Will.

Involved flooding Newcastle with coals,

Who endorsed their political goals.

If you ask for some help from me,
I'd add on some bits
From my monster kits.
Would you like the result you see?

A mad scientist lives in Kowloon;
He assembled a bride for this June,
From dead dogs and dead tarts,
(She has whiskers and farts).
You should hear those two howl at the moon!

65987 SUPERNATURAL - MONSTERS Allen Wolverton

I've been building monsters again.
At last count I've finished ten.
This building's an art.
I don't miss a part
You *know* the ones I make are men!

65988 SUPERNATURAL - MONSTERS

In my 'frigerator I forage;
Ain't nuthin' to eat but some porridge.
Might as well build men;
I'm going to when
I get all the parts out of storage.

65989 SUPERNATURAL - MONSTERS

The heads are 'cross town in a freezer,
That's watched by a little old geezer.
If some lady thief
Tried to give him grief,
The best he could do is yell "Seize her!"

65990 SUPERNATURAL - MONSTERS

Still, no one has bothered the heads;
Don't need more of those in their beds.
It's the other bits
That do give me fits;
They can't just be locked up in sheds.

65991 SUPERNATURAL - MONSTERS

I rent a meat-locker in case
I need to hide bits with no trace.
They look just like sausage
I don't have much lossage,
'Cause nobody steals from that place.

65992 SUPERNATURAL - MONSTERS

The arms, feet, the legs and the hands
I keep packed in with other glands.
For liver and heart,
The ears and mouthpart
I frequently use the off-brands.

65993 SUPERNATURAL - MONSTERS

Well, anyway, one of these days
I will give up my slothful ways.
I'll busily build,
You'll all be so thrilled,
To see what I mold from my clays.

The Mad Scientist's great masterpiece
Came from parts of his nephew and niece;

Give family reunions no peace!

Mad scientist working away
A-building her monster today.
She opened the trunk
And Oh Boy! It stunk!
She cleaned it up in the bidet.

66011 SUPERNATURAL - MONSTERS   Marlene Lewis

She hustled it back to the table
To patch up as best she was able.
She stuffed in the guts,
And stitched on some nuts,
Then sewed on a enormous cable.

66012 SUPERNATURAL - MONSTERS   Marlene Lewis

The plumbing she hooks up just right;
She next tacks the legs on real tight.
The arms she secures
And her monster stirs,
Which gives the poor doctor a fright.

66013 SUPERNATURAL - MONSTERS   Marlene Lewis

She glues on the hands, yes, just two.
(She wants it to look just like you.)
The foot on the left
Is looking bereft,
Till she gets the right on on, too.

66014 SUPERNATURAL - MONSTERS   Marlene Lewis

She sews her guy right up the middle;
She stops for a minute to fiddle.
That thing's on the rise,
But that's no surprise.
At least the big monster can diddle.

"I don't ask for too much, do I?
I thought this one was best --
He's just like the rest.
Just why can't I build a tough guy?"

66020 SUPERNATURAL - MONSTERS Marlene Lewis

Lock this "monster" up with the others.
Tell him he is visiting brothers.
They'll gossip with glee
Then they will want tea.
I guess that I'll start on another.

66021 SUPERNATURAL - MONSTERS Marlene Lewis

This time I will start with the brain.
I'll hook it up with logging chain.
No stitches and glue,
Just wire and a screw.
I'll build something much less urbane.

Our Mad Scientist got from a zoo
Novel parts for his bride; it is true.
While he stitched in each patch,
He adored her new snatch:
An orangutang's ring-a-dang-doo!

On this bride's voluptuous breast.
He got her a razor
With blade like a laser
To shave her grizzly, hairy chest.

Enstein, he came up with a prank.
Sew this foreskin, he did
Connect to the eyelid,
So that when it did wink, it did wank!

66035 SUPERNATURAL - MONSTERS   John Bellhouse

There once was a monster named Frank,
Who was made in an old fish tank,
Out of old bits and pieces
Of uncles and nieces,
And blood that came from the bank.

66036 SUPERNATURAL - MONSTERS FRANK Gunjan Saraf

The Mad Doc, with his wife none the wiser,
Made a love-hunk designed to surprise her;
He's dank, but well hung;
And speaks with forked tongue;
And the brain's from a White House advisor!

66037 SUPERNATURAL - MONSTERS FRANK

The Mad Scientist, cheap, I would say,
Made his Monster from things stashed away;
The external parts,
Are covered with warts,
And the brain's from an (ugh!) MBA!

66038 SUPERNATURAL - MONSTERS FRANK

A scientist from dark Transylvania
Said, "I certainly hate to detain ya,
But my son Frankenstein
Needs an ear and a spine,
An I don't think their loss would much pain ya!"

66039 SUPERNATURAL - MONSTERS FRANK New Comic Limericks P9501

Young Frankenstein's robot invention
Caused trouble too awful to mention.
Its actions were ghoulish,
Which proves it is foolish
To monkey with Nature's intention.

66040 SUPERNATURAL - MONSTERS FRANK Berton Braley

A scientist called Frankenstein
Built a monster held together with twine.
Neither one was too nice,
But their chase cross the ice
Will sent a great chill down your spine.

66041 SUPERNATURAL - MONSTERS FRANK Neal Wilgus P8409

Frankenstein's creation's a dolt;
He has gone and mislaid his bolt.
There's a hole in his neck;
His head's gone by heck;
The experiment's now at aholt.

66042 SUPERNATURAL - MONSTERS FRANK Tony Burrell

Now where can that wretched bolt be?
I saw it yesterday after tea,
When his leg fell in half
And we lost his calf.
Ah there, it's a substitute knee.

66043 SUPERNATURAL - MONSTERS FRANK Tony Burrell

A mad scientist, deeply depraved,
From dead bodies, a bride has now made;
From dead scraps and bone,
Came her feminine zone;
Only parts of it need to be shaved!

66044 SUPERNATURAL - MONSTERS FRANK

The Mad Scientist ranted and raved,
When his Van der Graaf gen misbehaved;
Corona did sizzle;
His bride-hulk did fizzle;
Her titties were both micro-waved!

66045 SUPERNATURAL - MONSTERS FRANK

Said mad Victor to Mad Doctor Larrow;
"Got male parts here; do check my wheel-barrow;
There's a pud, here, to match
The most hard-to-fit snatch;
But the owners were not all straight-arrow!"

66046 SUPERNATURAL - MONSTERS FRANK

The Bride of Frankenstein was a dish!
And the lonely monster got his wish.
No more solitaire,
For now, as a pair,
They can play forever, ghoul fish.

66047 SUPERNATURAL - MONSTERS FRANK Guy Ben-Moshe

Frankenstein's monster could sing;
What tune to our ears would he bring?
Maybe a blues number;
Perhaps a sad rhumba
Would come from the sin king of swing.

66048 SUPERNATURAL - MONSTERS FRANK Gunjan Saraf

Doktar Frahnkensteen's creature's about,
So I heard the villagers shout.
My wife's on the run;
She's looking for fun;
And she heard his "shvan-stuka" is out.

66049 SUPERNATURAL - MONSTERS FRANK

Is it true that your wife is Frau Blucher?
When mentioned, the horses rebuke her.
For arousing a steed
But refusing the deed
When he said he would pay her in sucre*. (sugar)

66050 SUPERNATURAL - MONSTERS FRANK

I heard, just between me and you,
That 'blucher' is German for glue.
From my books there's no gleaning
That particular meaning --
Can anyone say if it's true?

66051 SUPERNATURAL - MONSTERS FRANK

A gesture (obscenely symbolical) --
She plucked some hairs (including follicle)
From her organ (sex)
For Harry (her ex) --
Served one in each drink (alcoholical).

66052 SUPERNATURAL - POTIONS Jim Weaver Collection

When a woman is horny, to fix 'er
There's a potion for men, and it licks her
Burning need in the twat,
'Cause it sure hits the spot.
And the name of the tonic: elixir.

66053 SUPERNATURAL - POTIONS

My mother said I never should,
With gypsy girls play in the wood.
But like any kid,
That's just what I did,
And did things that I never would...

66054 SUPERNATURAL - POTIONS

I learned to bake hedgehogs in clay,
And how to skin rabbits, and May,
The long-legged vixen,
My eyes most would fix on,
And later fine games we would play.

66055 SUPERNATURAL - POTIONS

We'd find us a nice shady glade,
She'd start to disrobe, and I prayed,
That when she had viewed
Young Ogg in the nude,
She'd reckon that I made the grade.

66056 SUPERNATURAL - POTIONS

I rogered her three times or four,
But still the bitch screamed out for more.
Got in such a lather,
That up came her father,
And told of my pitiful score.

66057 SUPERNATURAL - POTIONS

She kicked up a mighty commotion,
But daddy he had him a notion
To increase my powers,
To stay up for hours,
And mixed up a strange herbal potion.

66058 SUPERNATURAL - POTIONS

The sight of it turned me quite pale,
It tasted like bad ginger ale,
It smells like the crap
From a long-blocked sink trap,
But to satisfy girls it won't fail.

66059 SUPERNATURAL - POTIONS

So come along folks, take my tip,
Close eyes, hold your nose, take a sip.
Compared with viagra,
This stuff's like Niagara,
And that just a holey pipe's drip.

66060 SUPERNATURAL - POTIONS

So fellas, to maintain your mast,
The answer I have here at last.
OK it may killyer,
But you'll have a pillar,
Like you never had in times past.

66061 SUPERNATURAL - POTIONS

So if with those girlies you're dallyin'
Get Roquard (TM) and you'll be a stallion,
Now you'll change the life,
Of your girlfriend or wife,
Send now, only five bucks a galleon... er gallon.

66062 SUPERNATURAL - POTIONS

I felt pretty lousy and troubled,
'Cause years had gone by since I cuddled.
You see, I'm a flop;
The chicks just say 'stop'.
Not one of them wants to be snuggled.

66063 SUPERNATURAL - POTIONS Matthew Montchalin

You know Thirty Seventh and Vine?
That pad at the end of the line?
Ths Gypsy lives there,
With raven-black hair;
Folks pay her to just read their mind.

66064 SUPERNATURAL - POTIONS Matthew Montchalin

I went in and gave her some money;
She looked at my hand and said "Funny!
I see what you need --
Some miracle seed,
In a pint of love potion, with honey."

66065 SUPERNATURAL - POTIONS Matthew Montchalin

"I mixed it last night, in due time!
You see on that label, that sign?
It's made just for you,
If love's overdue;
It's what I call Love Potion Nine."

66066 SUPERNATURAL - POTIONS Matthew Montchalin

I took it and opened it quick --
If only it would do the trick --
And make me a hero
Instead of a zero,
And let me have any I pick!

66067 SUPERNATURAL - POTIONS Matthew Montchalin

I tilted my head and I drank
As much as I could, though it stank.
Like ink it was black;
I didn't hold back,
And down to my knees I then sank.

66068 SUPERNATURAL - POTIONS Matthew Montchalin

I lost all my sense of what's right;
I kissed everything that's in sight.
Oh, where was that Gypsy
And why was I tipsy
And why was the day black as night?

66069 SUPERNATURAL - POTIONS Matthew Montchalin

I ran out the door and tried kissing
And hugging, embracing, caressing,
Each person in sight
In loving delight,
Till a cop ran me in for resisting.

66070 SUPERNATURAL - POTIONS Matthew Montchalin

I almost might say I misspoke,
But I tell you, it's not a bad joke.
For now I do swear,
I was in despair,
When the bottle of potion it broke.

66071 SUPERNATURAL - POTIONS Matthew Montchalin

That Love Potion 'Nine' was all mine;
Just go to the corner of Pine,
Then find the last pad.
Go buy what I had.
But CAREFUL, it makes you go blind!

66072 SUPERNATURAL - POTIONS Matthew Montchalin

A Troll stood by sadly for hours,
Near where'd been two shiny bright towers.
With hot tears in his eyes,
He could not understand why,
But he hurt with the world's greatest powers.

66073 SUPERNATURAL - TROLLS Martin Calderwood

Trolls come from lands far and near;
Through legends and myth they appear.
But right now, today
To the great USA
They wish comfort and love without fear!

66074 SUPERNATURAL - TROLLS Martin Calderwood

Besides, basement trolls are so kind;
Their actions and words are refined.
They're sweet little dollies,
And none of their follies
Including picking on womankind.

66075 SUPERNATURAL - TROLLS

Some say that all trolls deal in charms;
And are likely to do good folk harm.
But mine never do,
For they smile the day through,
And greet me with wide open arms.

66076 SUPERNATURAL - TROLLS Martin Calderwood

I've heard said that trolls are no good,
'Cause they skulk under rocks and in woods..
But mine stay at home;
They prefer not to roam;
And would say so, if only they could.

66077 SUPERNATURAL - TROLLS Martin Calderwood

A troll from under the bridge,
Took a walk to the top of the ridge,
Broke into my house,
Startled my spouse,
Then proceeded to clean out my fridge.

66078 SUPERNATURAL - TROLLS Gearhart

It ate everything in my larder
And that was only for starters.
Then it ate Rover
And my kitten Clover,
Then went next door to the Carters.

66079 SUPERNATURAL - TROLLS Gearhart

It ate everything on our block;
Barrel, lock and stock;
Leaving nothing behind,
Not a crumb did we find.
This troll was becoming a cock.

66080 SUPERNATURAL - TROLLS Gearhart

I called the local police station
To report and give a summation
Of what had occurred,
But it seems they had heard
All about our alarming situation.

66081 SUPERNATURAL - TROLLS Gearhart

The National Guard had been
Alerted and they'd soon be in,
To take out this troll
That couldn't get full,
No matter how much he'd eaten.

66082 SUPERNATURAL - TROLLS Gearhart

The choppers soon swarmed in the air,
Firing and bombing everywhere.
They struck the troll down,
Just outside of town;
The carcass' stench none could bear.

66083 SUPERNATURAL - TROLLS Gearhart

The body was dumped in a trench,
After dragging it on with a winch,
One county over.
And that is why Dover
To this day has that God-awful stench.

66084 SUPERNATURAL - TROLLS Gearhart

Trolls are stuff of which legends are made,
If at home or out on a raid.
So if you're out there
In the cold Scandia air,
Be cautious but never afraid.

66085 SUPERNATURAL - TROLLS Martin Calderwood

There once was a troll named Jody,
Who had scales all over his body.
They were green; he looked sick.
He'd a very short dick.
The bridge he lived under was shoddy.

66086 SUPERNATURAL - TROLLS Jim Weaver Collection

There once live a troll with a style
That used a very scary smile.
He had only one eye
With breath like a pig sty.
You could smell him for many a mile.

66087 SUPERNATURAL - TROLLS Martin Calderwood

My basement is no place to be;
The spiders and bugs make me flee.
The trolls are okay;
With spiders they play.
You'll have to live upstairs with me.

66088 SUPERNATURAL - TROLLS Marlene Lewis

My basement is harboring trolls.
They all have their own cubbyholes.
They wear hand-made clothes
And flashy chapeaux;
In their lives they have played many roles.

66089 SUPERNATURAL - TROLLS Marlene Lewis

My favorite has long black hair;
Her face and her form are quite fair.
She's crystal blue eyes
And squat little thighs;
With her there are none to compare.

66090 SUPERNATURAL - TROLLS Marlene

Her large pointed ears are so sweet,
As are the toes on her big feet.
She's only got four,
Trolls do not need more;
I think that they look rather neat.

66091 SUPERNATURAL - TROLLS

No brain is in her hollow head;
Her hair sprouts out of there instead.
She has a round tummy;
Some might think that's crummy
But I think that she looks well-fed.

66092 SUPERNATURAL - TROLLS

Ten li'l bitty trolls form her court
What brightly colored skins they all sport!
Blue, red, green and yellow
And one rainbow fellow;
Too bad that these guys are so short!

66093 SUPERNATURAL - TROLLS Marlene

May I tell you of my sister Joyce,
Who also collected thses toys.
She went one-up by far
'Cause she had a troll car,
Which she called, I believe, a Trolls Troyce.

66094 SUPERNATURAL - TROLLS Tiddy Ogg

I'm sorry you've only four toes.
Did your other one just decompose?
And as for your thighs,
They're really that size?
I'll tell you just what I propose.

66095 SUPERNATURAL - TROLLS Marlene

My basement is harboring trolls.
They all have their own cubbyholes.
They wear hand-made clothes
And flashy chapeaux;
In their lives they've played many roles.

66096 SUPERNATURAL - TROLLS

I also abhor asininity
From trolls in the nearby vicinity.
They'll be learning their places
When I shoot in their faces,
Some loads that will taste of salinity.

66097 SUPERNATURAL - TROLLS

Should we report trolls who cajole
With limericks, aimed to take toll
On gullible chicks,
Desirous of dicks,
By twat toters shamming a pole?

66098 SUPERNATURAL - TROLLS Travis Brasell

There was a man from Transylvania,
Who married a vampire with dipsomania.
She sucked and he fucked,
Until they were tucked,
For she also had bad nymphomania.

Be careful of what yo desire,
And never the undead admire.
With actions hematic,
As well as dramatic,
You regret what you know will transpire.

66102 SUPERNATURAL - VAMPIRES Nicholas Knight

The vampire said, "As for the flesh,
Every now and then I can enmesh
A slick chick--though not often--
Right out of her coffin.
They're better, of course, when they're fresh."

66103 SUPERNATURAL - VAMPIRES A. N. Wilkins P9010

A Lesbian one day was had
By a vampire, which wasn't so bad.

66106 SUPERNATURAL - VAMPIRES

I went to a vampire dinner,
And the deal that we made was a winner:
Before they could bite me,
They had to excite me!
I left with my blood awfully thinner.

66107 SUPERNATURAL - VAMPIRES Ellen

"Okay, okay," shrieked the Vampire,
When his feet were held to the fire.
We can become bats!
But for bloodsucking rats,
You just seek out any ol' lawyer!

An evil old woman from Preswich
Said, "I feel just like a sandwich."
Squashed under a door,
Piled by rocks by the score;

In England, but ten miles away
From the town that I live in today,
Some centuries past,
There resided the last
Of the Witch Finder Generals, they say.

66307 SUPERNATURAL - WITCHES SERIES Peter W

To find widows or any old maid

If they uttered a curse or a spell,
They were ducked in a river or well.
If they drowned, well OK.
If they surfaced, then Hey!
That just proved they were guilty as hell.

66309 SUPERNATURAL - WITCHES SERIES Peter W

In America drowning was spurned
And very few witches were burned.
Hanging was their fate
But then 'twas too late
To inquire if a lesson was learned.

The fairest is Ermintrude Ogg.
There ain't no lass cuter;

66314 SUPERNATURAL - WITCHES SERIES Tiddy Ogg

So what happens next? The old bitch
Trolls out for to find her a witch,
To conjure a spell
Giving Ermintrude Hell...
It worked with no hint of a hitch.

66315 SUPERNATURAL - WITCHES SERIES Tiddy Ogg

She couldn't change Trudi's angelity,
So cursed her instead with fidelity,

Of course, I have friends in the trade,
So if there's a spell I need made,

The stories of witches abound;
There's plenty 'round her to be found.
Like our own Mary Dore,

Who could turn into owl, cat, or hound.

One other such witch was old Liddy,
From out in the Wallops, this biddy
Was shot, as a hare,
Escaped, then spied there
Plucking shot from her shoulder, poor Liddy.

Now those in the know all maintain,
With silver, a witch may be slain.
Load gun with such bullet,
Grasp trigger and pull it,
And she'll not be seen e'er again.

Next morning some fellows, the bolder
And younger, though warned by those older,
Crept 'round to Kate's house.

You start off feeling so blue.
But give it a while,
Then you will smile,
For it is better for you.

I still get more shit from your crowd.

66497 TOBACCO - STINKS Saint

My pipe ashes stay right in the bowl
Except for an occasional coal.

Well, fuck you, both body and soul.

66498 TOBACCO - STINKS Saint

Well said, Saint, I'm on your side;
I am done with trying to hide
My habits from mother,
And now every other
Nebish buttinski will chide.

66499 TOBACCO - STINKS Karen

Soon we will be locked away
Or taxed out the nose just to pay
For teenagers, you
As parents might do
Better to keep out of my way.

This smoking's for others, not me.
I've this plastic septum, you see.
Smoke creates a coat
In my nose and my throat,
Though I try to keep it low key.

And Luftansa? Schnapps with a plea.

66627 VEHICLES - AIR Bill Backe-Hansen P9005

The traveler, Little Miss Muffet,
Had to fly to Detroit with her tuffet.
"If the plane isn't Boeing,"
She said, "I'm not going,
Tell Douglas and Airbus to stuff it."

66628 VEHICLES - AIR Dick Potts P8511

If shooting down planes is your mission,
And you have just made this admission,
You must first use your brain,
Get a gun and a plane.
But you must acquire admonition.

66629 VEHICLES - AIR Al Willis

I once met this little green man,
With a right puzzled look on his pan.
"Second star from the right,
Was my scheduled flight --
I'll never fly Delta again!"

66630 VEHICLES - AIR KJR

I knew there would just be no way,
To get home on time yesterday.
As always, Northwest,
Puts me to the test,
With the usual three hour delay.

66631 VEHICLES - AIR

As you give Northwest a poor rating,
It sounds like my sex life you're stating;
I start making love,
But heavens above,
"Arrival" takes three hours of waiting!

66632 VEHICLES - AIR

A young airline hostess named Bright
Resolved all the boredom of flight.
In a manner not rude
She served tea in the nude,
Which gave patrons great joy and delight.

66633 VEHICLES - AIR Albin Chaplin

"Hey Sir!" barked the flight hostess, "Wait!
Your bag is too heavy." "I'm late,"
He snapped, "And must go,
So Honey, just stow
My wife down below with the freight."

66634 VEHICLES - AIR Travis Brasell

Today, when one goes on a flight,
A long trip, by day or night,
There's so much to be seen
On one's personal screen;
It distracts me from getting quite tight!

66635 VEHICLES - AIR Arthur Pattaffy

Three Utah men once were emplaned
When their landing-gear fluid all drained.
They poured coffee and coke
But the gear remained broke.
So they peed and safe landing attained.

66636 VEHICLES - AIR Mesterton-Gibbons MG9702

The whole trouble with airlines is planes;
Like the cables cause trouble for cranes.
Like husbands and wives,
Things saving our lives
Are the things that cause us such pains.

66637 VEHICLES - AIR Tuscany

"Why've planes got propellers?" asked Bet.
"I've haven't quite figured it yet."
"They're fans, you young fool,
To keep pilots cool.
One stops, you should see the man sweat."

66638 VEHICLES - AIR Tiddy

The Chief Stewardess on a Boeing,
When asked where the aircraft was going,
Said, "Our navigator
Is joining us later.
Till then we have no way of knowing."

66639 VEHICLES - AIR Paul Alexander

There once was a world famous Baron,
Who put haughty airs in the air on.
Asked why his plane's red,
"'Cause we're fearless," he said,
"And that is why we'll win World War One."

66640 VEHICLES - AIR

Three balloonists, Per, Richard and Steve,
Who, at globe circling failed to achieve,
Mustn't know Santa's sleigh
Calms the winds in its way...
Or they'd plan not to fly Christmas Eve!

66641 VEHICLES - AIR Prof M-G TP9901

From Eagle Pass to Baltimore,
It cost eight thousand and sixty-four,
Dollars just to fly,
A box one foot high.
I'm in the wrong business for sure.

66642 VEHICLES - AIR

Since air cargo's my chosen career,
The task that she mentions is clear;
For eight thousand and change
I, too, could arrange
To charter a Falcon or Lear.

66643 VEHICLES - AIR

Those guys at Eagle are too steep,
And though UPS red is cheap(er),
They won't guarantee,
Early delivery,
So TransGroup I'll just have to keep.

66644 VEHICLES - AIR

"At this point, we've just about crossed
The Sahara," announced Captain Frost.
All we saw below
Were mountains of snow.
"Then again, we might be slightly lost."

66645 VEHICLES - AIR Michael Weinstein P9005

Southwest, with your latest advance,
You have grown far too big for your pants.
'Cause I'm built extra-large,
I must pay extra charge?
Will that mean extra service? Fat chance!
(Fat asses => two seats pay double)
66646 VEHICLES - AIR Limerick Savant

There once was a girl named Elaine
Who fainted on a Spanish Airplane.
"How can this be?"
"Well sir, you see
The brain, in Spain, falls mainly on the plane."

66647 VEHICLES - AIR Speckle Bird TP9901

The Goose, it was not really Spruce,
Built by that Hughes so abtuse.
'Twas birch, far from strongest,
But it's wingspan's the longest.
Oh that whimsical thinking recluse.

66648 VEHICLES - AIR Tutta Gioia

The pilots did not mention tail,
But the stewardesses did not fail
In lap duty then.
Is it different now when
Some cabin attendants are male?

66649 VEHICLES - AIR A. N. Wilkins P9005

A stewardess, hotly pursued
By the captain (both totally nude)
Ran down the aisle
Then stopped with a smile
To dish out the drinks and the food.

66650 VEHICLES - AIR Michael Weinstein P9005

When airplanes were first seen in the sky,
They could not fly too far or too high.
If Wright's eyes could perceive,
They would not believe
What evolved. Brings a tear to my eye.

66651 VEHICLES - AIR Arthur Pattaffy

A would-be circumnavigator, Branson,
Owned jumbo-jets you'd lose elephants on.
But he, being a loon
Tried to go by balloon
And was glad to escape with his pants on.

66652 VEHICLES - AIR Mesterton-Gibbons MG9701

"By gum, George, D'you see that there plane?
Let's see what it dropped," said old Jane.
"This fell from that bird,
A bloody great turd;
It's those damn fat-assed Yankees again."

66653 VEHICLES - AIR Tiddy Ogg

So there were George, taking a pee,
Behind a humongous oak tree.
He just emptied his tanks,
When bombed by those Yanks,
For shaking his W-M-D. (weapon of mass destruction)

66654 VEHICLES - AIR Tiddy Ogg

Now Yorkshiremen think it unsound
To let these Yank planes fly around.
If the bomb they unloaded
Had really exploded,
Repairs could have cost near a pound!

66655 VEHICLES - AIR SFA

A simple young fellow named Lee,
Flew TWA to Dundee.
When the hostess did say,
"Coffee TWA?"
He said, "No, just TWAT!"

66656 VEHICLES - AIR Albin Chaplin 3024-2158

Trans World, the great Airline, we see
With passengers happy and free.
TWA gladly feeds
Most commuting men's needs,
For stewardesses offer TWA tea.

66657 VEHICLES - AIR Tucker D. Ott P9005

Let's hope pilot's not neophyte,
'Cause TYRO, there would be a fright.
'Student Pilot' sign
Would make me decline,
And opt for a later date's flight.

66658 VEHICLES - AIR Darryl

Those airlines, US and United,
Have found that their future is blighted;
So too's BMI, (British Midland)
'Cause people won't fly,
And Osama is surely delighted.

66659 VEHICLES - AIR Tiddy Ogg

They say it was Copilot Falk
Whom two passengers stopped on the walk.
One said, "On this round
Don't fly faster than sound.
My friend here and I want to talk."

66660 VEHICLES - AIR A. N. Wilkins P9005

Although very few thought they might,
Some pioneers dreamed of man's flight.
But canvas and string
And a double-deck wing
Proved Wilbur and Orville were Wright.

66661 VEHICLES - AIR Tiddy Ogg

Across the bright vaulted sky races
An array of World War I aces;
They follow their orders,
And boldly cross borders,
Ambitious for aerial chases.

66662 VEHICLES - AIR Matthew Montchalin

Some brain-dead fool thought he would get
His girlfriend, quite stupid, to let
Him teach her to fly
Via catapult, high
In the air, to be caught in a net.

66663 VEHICLES - AIR - CRASH Tiddy

She did it, and sure 'nough was caught,
By the net, which alas, was too taut.
She bounced, landed, broke
Her pelvis; the bloke
May well find himself in the court.

66664 VEHICLES - AIR - CRASH Tiddy

Said the EP-3 pilot, "A Small
Chinese fighter's not much of a haul.
And I had to yell, "Mayday!"
In the midst of my heyday;
But for peacetime it's not bad at all."

66665 VEHICLES - AIR - CRASH Arthur Deex P0105

I've hinted at fun in Phuket,
So we'll take off for Thailand today.
Now we're gathering height,
So we'll turn to the right,
Or the left? Oh look down. There's Bombay.

66666 VEHICLES - AIR - CRASH Jim Weaver Collection

This thundercloud's thicker than soup;
I'll avoid it by looping the loop,
Then we'll roll to the right.
(Ow! you're gripping too tight
And it's causing a terminal droop.)

66667 VEHICLES - AIR - CRASH Jim Weaver Collection

Oh wow! Did you see that, my pet?
We so nearly flew into that jet.
And I had to dive down;
Now my trousers are brown
And your panties are probably wet.

66668 VEHICLES - AIR - CRASH Jim Weaver Collection

Now at 45,000 plus feet
We've achieved quite a record, my sweet.
'Cos you can't get much higher
In this craft made of wire
And old string. Now hold on to your seat.

66669 VEHICLES - AIR - CRASH Jim Weaver Collection

Oh Phuket, I see it below.
Now we'll dive down to 3 feet or so.
Oh my god, you've gone white;
Are you feeling all right?
Shall we give it another good go?

66670 VEHICLES - AIR - CRASH Jim Weaver Collection

Bloody wheels have dropped off in the sand!
How the hell are we going to land?
And the coast of Phuket
Has gone zooming away
In the blink of an eye. Ain't life grand!!

66671 VEHICLES - AIR - CRASH Jim Weaver Collection

Look, I know, dearest Petal, I know,
We've got hundreds of miles still to go.
But whatever's the matter,
You're mad as a hatter;
Stop kicking my bits down below.

66672 VEHICLES - AIR - CRASH Jim Weaver Collection

My flying career got the shaft --
Got caught in a sudden downdraft.
I flew not again;
I just lost the yen,
After I crashed that Beechcraft.

66673 VEHICLES - AIR - CRASH Tutta

The rescuers dug unabashed,
News of new victims they flashed;
Just a grisly affair...
A graveyard was where
That Cessna two-seater had crashed.

66674 VEHICLES - AIR - CRASH TuttaGioia

There once was a man from old Mass,
Whose head was far up his ass.
He had flown TWA
And all I can say
Is he didn't survive the crash!

66675 VEHICLES - AIR - CRASH Joe Kohn

Oh lover, that landing was grand!
You've driven us two miles inland!
And caused me to spasm
In countless orgasm.
(and filled up my bumcrack with sand!)

66676 VEHICLES - AIR - CRASH

But what about you, my sweet dove?
Got grit when you gave me that shove?
Well show me your wiener
And I'll lick it cleaner --
(Then we'll see a geyser, my love!)

66677 VEHICLES - AIR - CRASH

High-voltage electrical games
Near combustible gas no one aims;
'Round one big funeral pyre,
Some said Saint Elmo's Fire
Sent the Hindenburg crashing in flames!

66678 VEHICLES - AIR - CRASH Allen Wolverton

A daring young man from Rangoon
Flew away in a hot air balloon.
He was humbled, alas,
When he ran out of gas
In a lonely lagoon about noon.

66679 VEHICLES - AIR - CRASH Howard B Cress

A pilot named Manuel Bain
Was flying his glider through Spain;
The winds became high,
He was tossed from the sky,
And he crashed in the hilly terrain.

66680 VEHICLES - AIR - CRASH Cap'n Bean P0108

We're told by the powers that be
That the airplane crash most probably
Was an accident,
With no evil intent,
But it all looks suspicious to me.
(American Airlines A-300 crashes in Queens)
66681 VEHICLES - AIR - CRASH Dr Limerick 11-12-01

There was a young man from Al Qaida,
Who dive bombed his father's hang glider.
But 'twas not Jihad
Killed the lad, said his dad,
But the twelve pints of Olde English cider!

66682 VEHICLES - AIR - CRASH Alexander Baron

There was a young man called Mark
Who wanted to fly like a lark.
So with string and a motor,
Made a hang-glider-floater
And made a BIG hole in the Park.

66683 VEHICLES - AIR - CRASH

As they fished his old plane from the sea,
The inventor just chortled with glee.
I shall build -- and he laughed --
A submarine craft,
A perhaps it will fly -- we shall see.

66684 VEHICLES - AIR - CRASH Nik Synytskyy

The stewardess spoke calm and nice:
"'Neath your seat's a flotation device."
That ain't worth a toot!
It's a damned parachute
We'll need if we fall from the skies.

66685 VEHICLES - AIR - CRASH Tiddy Ogg

The big-wigs are wondering why
Our Stealth Fighter test went awry.
Though it cannot be seen,
Those Serb guys got mean
And blew it right out of the sky.

66686 VEHICLES - AIR - CRASH

The Wright Brothers flew their airliner;
Of pilots there haven't been finer.
They stayed on their course
And had no remorse...
Unlike a dumb "hotdog" from Chiner.

66687 VEHICLES - AIR - CRASH Travis Brasell

Twenty cheerleaders chartered a flight;
Things went wrong and their chances grew slight.
Though the crewmen were brutes,
There were only three 'chutes,
And three crewmen to ponder their plight.

66688 VEHICLES - AIR - CRASH John Miller 0332

"We can save our own butts, that is clear,
But what of those girls in the rear?"
"Aw, fuck 'em!" said one.
"Say that would be fun --
Is there time?" asked the Flight Engineer.

66689 VEHICLES - AIR - CRASH John Miller 0332a

A crack bombadier named Joe Caine
Used to crap from the rear of his plane.
With each bomb he sent down
Came a load, hot and brown.
But he stopped when they wrote to complain.

66690 VEHICLES - AIR - PILOTS Michael Weinstein P8406

The crew drank a gallon of wine;
The stewardess said, "We'll be fine."
With one hand on the stick,
One on co-pilot's dick,
"Ground controllers will keep us in line."

66691 VEHICLES - AIR - PILOTS Arnie Schoenbrun P0209

Said the pilot to co- while dead drunk,
"This flight's gonna be a slam-dunk.
When we land at St. Paul
A taxi we'll call.
You can't drive 'cause you're drunk as a skunk."

66692 VEHICLES - AIR - PILOTS Arnie Schoenbrun P0209

A pilot who drank to excess,
Never gave a thought to the mess.
He would fly wide and high,
Without a care why.
He is not around to confess.

66693 VEHICLES - AIR - PILOTS Jeffrey Beeton

Said the pilot to co-pilot, Pat,
In the airport's small lounge where they sat:
"Very soon we'll be high
in the friendly blue sky."
Said the co-pilot, "I'll drink to that."

66694 VEHICLES - AIR - PILOTS Arnie Schoenbrun P0209

The test pilot got a comission;
Study free-fall effects on emission.
But he got a banger
When leaving the hangar,
Thus screwing the whole fucking mission.

66695 VEHICLES - AIR - PILOTS John Miller

Although there's no highway up there,
It is safer to travel by air,
Than to drive on the road
When you carry a load.
Aircraft head-on collisions are rare.

66696 VEHICLES - AIR - PILOTS William N Nesbit P0209

"This new autopilot," said Fritz,
The captain, "Does all I do; it's
Amazing!" Said Lil,
The stewardess, "Will
It goose me and feel up my tits?"

66697 VEHICLES - AIR - PILOTS Michael Weinstein P9005

Athens, Paris or Rome,
They are rarely at home;
When they are, it can lead to much strife.

He was certain that she'd have a crack up.

66702 VEHICLES - AIR - PILOTS   Bob Giandomenico   P9005

It's a pain in the ass
But you surely will pass,
If you don't grab a passenger's breast.

66703 VEHICLES - AIR - PILOTS   Arnie Schoenbrun   P0209

So simple but yet so profound:
Obsession with sex
Will mentally vex,
Until folks will drive sex into the ground!

The stew raced up the aisle --
Said 3B with a smile,
"But miss, you've forgotten his glass."

66727 VEHICLES - AIR - SCREWING   Martin Wellborn   P9005

I'm sitting right here in this chair
Surrounded by airplanes - out there.
They squat in the dark,
Malevolently park,
Awaiting their turn in the air.

66728 VEHICLES - AIR - ZSERIES

I've not even got on the plane.
If I had just half of a brain,
I'd leave here right now,
Convince work, somehow,
That I am in the most severe pain.

66729 VEHICLES - AIR - ZSERIES

There's weirdos all over the place;
They have made the airport their base.
(I think some are spies!)
And if I'd been wise,
I'd have sneaked in my can of mace.

66730 VEHICLES - AIR - ZSERIES

This little man offers me sex.
He says he has travelers' checks.
Good grief what a place!
(It can't be my face;
I look like I've been in some wrecks!)

66731 VEHICLES - AIR - ZSERIES

The guy in the purple shirt leers,
"Let me rid you of all your fears."
He's sweaty - the smell!
I stand up and yell,
"Were you raised without any mirrors?"

66732 VEHICLES - AIR - ZSERIES

I am overwrought, well, that's true.
I do not like flying, do you?
I don't want to go;
There's no one I know;
I'll be all alone there and blue.

66733 VEHICLES - AIR - ZSERIES

The cure for this dreadful affliction?
A chastity belt and restriction
Of movement. (Suggest
That a straight-jacket's best
To prevent any bodily friction.)

66734 VEHICLES - AIR - ZSERIES

A lady who held 'em all in,
And never once flapped sphincter skin,
Rose into the air.
A crowd gathered there;
Debating blimp? Or Zeppelin?

66735 VEHICLES - AIR - ZSERIES

The hot summer sun swelled her more.
The pressure she bore and she bore.
She vanished in clouds
To "oohs" from the crowds,
A legend of UFO lore.

66736 VEHICLES - AIR - ZSERIES

Like Marlene I try not to fly;
I'm most afraid that I will die.
So I grip the seat tight;
Hold on with my might;
I lift that plane up in the sky.

66737 VEHICLES - AIR - ZSERIES Archie

Most people won't concentrate hard;
We who understand have to guard.
We must concentrate
In an airborne crate,
Else planes will crash in some backyard.

66738 VEHICLES - AIR - ZSERIES Marlene

I could fly United with you
(Though flying on Quantas would do).
If you will think hard
Without self-regard,
We could keep the plane flying true.

66739 VEHICLES - AIR - ZSERIES Marlene

I'm not at all bothered to fly.
The following thought made me sigh:
I would be delighted
If we flew united;
We'd join in that club that's mile high.

66740 VEHICLES - AIR - ZSERIES Frank Fazed

Frank just wishes someone would dub
Him "Gold Member: Mile-high Club."
(If I may be bold --
His member is gold.
I saw it last week in the tub.)

66741 VEHICLES - AIR - ZSERIES Marlene

I would make a run for the gold.
It is such a sight to behold.
But fly, I cannot,
Even with a sexpot;
My stomach cannot be controlled.

66742 VEHICLES - AIR - ZSERIES Marlene

Perhaps you could make me forget
That we're flying in some darn jet.
To fly without drugs
I will give you hugs;
I'll be forever in your debt.

66743 VEHICLES - AIR - ZSERIES Marlene

Okay, I'll go flying with you;
If you'll take the chance, I will too.
United we fly
Till we are mile-high,
Providing a show for the crew

66744 VEHICLES - AIR - ZSERIES Marlene

I'm sure you'll enjoy flying soon,
Especially when you see the moon.
It's such a grand sight
On a cloudless night
When viewed from my hot air balloon.

66745 VEHICLES - AIR - ZSERIES   Frank Fazed

We may not get up a mile high
Past sundown (that's the reason why).
No duct tape will mask it,
When we rock the basket;
You might give the gold one more try.

66746 VEHICLES - AIR - ZSERIES   Frank Fazed

Frank, you're a romanatic, my dear.
I think I'll let go of my fear.
You make my heart ache.
So please, will you take
Me up in the air that's so clear?

66747 VEHICLES - AIR - ZSERIES   Marlene

Ballooning sounds like the right way
To go flying any good day.
The basket may rock;
It won't be a shock,
If this softens my feet of clay.

66748 VEHICLES - AIR - ZSERIES   Marlene

Baloons are much lighter than air.
I might just be able to bear
Not touching the earth
In your basket berth.
You've swept me off my feet with flair!

66749 VEHICLES - AIR - ZSERIES   Marlene

My heart your sweet mind does enfold;
Together we'll go for the gold.
Take me for a flight;
We will be alright.
It's more fun than I was told!

66750 VEHICLES - AIR - ZSERIES Marlene

I offered to 'take you' on high,
But now the air stream passes by.
The lighter, alas,
Won't fire the gas.
If you have no match, we won't fly!

66751 VEHICLES - AIR - ZSERIES Frank

I know there's one thing we might do.
If I get buck naked, will you?
I'll nuzzle your thigh,
And then sparks will fly,
Igniting the flame to burn blue.

66752 VEHICLES - AIR - ZSERIES Frank

The flame's turned form orange to blue;
'Twas caused by the heat 'tween us two.
It isn't surprising,
There is something rising...
Oh look, the balloon is rising too!

66753 VEHICLES - AIR - ZSERIES Frank

You still need a match? Will I do?
I see that you've thought of that, too.
I thought I was ready --
I wore this black teddy.
A good thing you don't have a crew!

66754 VEHICLES - AIR - ZSERIES Marlene

Buck Naked! Well, I suppose...
If you prefer me without clothes.
I'll nuzzle your back.
You have got the knack.
You look awfully good in repose.

66755 VEHICLES - AIR - ZSERIES Marlene

I've noticed some things on the rise.
I'll soon fill the air with my cries.
"Don't rock the basket!
We might blow a gasket!
I can't stand anything that flies!"

66756 VEHICLES - AIR - ZSERIES Marlene

I know, I know -- I'm such a wimp.
But look! The balloon's getting limp!
Don't wiggle that way;
We're starting to sway!
I should not have bothered to primp.

66757 VEHICLES - AIR - ZSERIES Marlene

I fell from the basket you see.
And he fell right on top of me.
We fell in the mud.
Well, I've had it, Bud!
I am limping home for some tea.

66758 VEHICLES - AIR - ZSERIES Marlene

I do try, the best that I can,
But things don't quite follow the plan.
And after a thud,
In that pit of mud,
I'm really a dirty old man.

66759 VEHICLES - AIR - ZSERIES Frank

Smoked no weed, no booze was sipped.
We hadn't a chance to get ripped.
I wasn't able
To keep things stable,
And dammit, that basket got tipped.

66760 VEHICLES - AIR - ZSERIES Frank

Limp off in a snit if you must;
I'd no thought the balloon would bust.
Go on, brew your tea;
Don't worry about me.
All this mud has dampened my lust.

66761 VEHICLES - AIR - ZSERIES Frank

Two jet fighters flew overhead
And sped to a sunset of red;
When they reached full throttle,
I reached for the twattle
Of Heather who lay on my bed.

66762 VEHICLES - AIR - ZSERIES Travis Brasell

Now one of those pilots Captain Turner,
Who's married to Heather, is sterner
Than most, and a joker.
He'll take a hot poker
And give you a real afterburner.

66763 VEHICLES - AIR - ZSERIES Tiddy Ogg

What I'm telling, you're not gonna like;
At the airport they said take a hike.
We don't fly to your honey,
For we're asking more money;
We're Lufthansa pilots on strike.

66764 VEHICLES - AIR - ZSERIES

So I have now to drive east by car;
(For a hike it's a bit far too far).
Thus be patient and wait,
I'll arrive some time late,
But you can leave the front door ajar.

66765 VEHICLES - AIR - ZSERIES

We waited in vain at O'Hare,
But no Fred; we were full of despair.
He had the money,
So it wasn't funny;
One hot dog was what we had to share.

66766 VEHICLES - AIR - ZSERIES Sal R

We asked strangers to cash a small check.
They said "NO!" and we said "Oh heck!"
We left the airport,
A broke hungry sort,
And all of us felt like a wreck.

66767 VEHICLES - AIR - ZSERIES Sal R

We didn't know if Fred was okay.
Slowly the night passed away.
A telegram late
Caused a mix-up in date,
But he arrived safely, next day.

Fifty harlots attired in thir slacks
For a meeting in L.A. made tracks.
Their DC-10 flight

A DC-10 trip bound for Spain
With 200 whores was in vain.

Dutch pilot, in low level flight,

"Now Jack, we could have us some fun,
Let's check on the speed of that one,"
So at the Tornado
Without further say so,
He points with his detector gun.

66772 VEHICLES - AIR - ZSERIES

The plane's systems aren't unaffected:
<Enemy radar detected.>
The pilot's alarmed.
<The port missile's armed>
<Targetting has been effected.>

66773 VEHICLES - AIR - ZSERIES

But luckily for that there copper,
Who really might have come a cropper,
Dutch Jan pushed <Abort>,
He thought it no sport,
The missile stayed put, he'd not drop 'er.

It excited me...here...
I could not take my eyes off your rump.

But just as you shouted, "I'm coming!"
You crashed once again,
While I sailed down the lane
With a stiffy outstanding and humming.

66776 VEHICLES - BICYCLES Peter Wilkins

I quickly changed downwards a gear
And I braked with such violence, I fear,
That I flew through the air
And I landed just...there...
No, this cycling's a stupid idea!

66777 VEHICLES - BICYCLES Peter Wilkins

And you've damaged the wheels

The circle paved with cobblestones.

Don't think it's like riding a bike,
But I'm sure there are girlies who like
To go riding side-saddle;
Their pussies astraddle
The end of that saddle-less spike.

66800 VEHICLES - BICYCLES Peter Wilkins

We all know you're talking pure twaddle;
We all know why girls ride side-saddle.
That seat up your snatch
Can give a good scratch,
But when you dismount, you will waddle.

66801 VEHICLES - BICYCLES Frank SFA

Well, innocent me could not know

My bike is worn out,

To serve as a submarine hand.

66990 VEHICLES - BOATS - LARGE Anon

In claiming it's just a canard
That gals on a sub should be barred,
They're missing the rub,
That gals on a sub
Make service on submarines hard.

66991 VEHICLES - BOATS - LARGE Anon

The problems in submarine space
Arise between denim and lace;
When corridors tight
Force guys with delight
To squeeze past the gals face-to-face.

66992 VEHICLES - BOATS - LARGE Anon

More potties for feminine parity
Would remedy standing disparities,
But toother features
Of feminine creatures
Can stimulate signs of polarity.

66993 VEHICLES - BOATS - LARGE Anon

Since polarization conditions
Could hamper fulfillment of missions,
They'd have to devise
For masculine eyes
Some blinders to limit their vision.

66994 VEHICLES - BOATS - LARGE Anon

The'd need special counseling, of course,
On board the new submarine force.
To settle disputes,
They'd have to recruit
Some lawyers who handle divorce.

66995 VEHICLES - BOATS - LARGE Anon

And guys who remain unconvinced
That gals on a sub is good sense,
Would have to take classes
On working with lasses,
To learn how a gal takes offense.

66996 VEHICLES - BOATS - LARGE Anon

New language they'd have to devise
For orders to not go awry,
And lead to confusion
Or awkward conclusions,
When sailors hear orders to dive.

66997 VEHICLES - BOATS - LARGE Anon

They'll need to install a new credo,
Revamping the conventions lingo,
So women won't fake
The claim: "my head aches",
When needed to handle torpedoes.

66998 VEHICLES - BOATS - LARGE Anon

Recruiters would have to promote
Campaigns to make gals think it haute
To break the taboos
By joining the crews
Who serve on the submarine boats.

66999 VEHICLES - BOATS - LARGE Anon

When P-C desires to be hip,
Recruiters propose a new script:
In breaking taboos,
The Navy needs you
To serve going down on the ship.

67000 VEHICLES - BOATS - LARGE   Anon

Anonymous-source expositions
Declared such proposal a symptom
Of hold-over views
For breaking taboos
For service by gals under Clinton.

With the driver, her rape on the bus,

Once on a ski-bus from Vail,
A lass, petite and frail,
Flashed me a smile,
And with very smooth guile,
Took the last seat; left me on the rail.

The faster his time was abated.
In spite of his aim,
The bus never came,
The thrill of the ride left unsated.

I've told the city cops for years
That when the weather's severe,
That stupid stop
At the bottom of the drop
Would lead to this night of my fears.

There once was a man from Deep River,
Who drank till he ruined his liver.
He'd drink, then he'd drive
(He's no longer alive)
And he ended his days all aquiver.

67232 VEHICLES - CARS - ACCIDENT   Limericks Naughty & Gay

While stopped in my car at a light,
Low life music blares from my right;
That rap I so hate,
It fuels the crime rate;
'Neath his car, I taped dynamite.

67233 VEHICLES - CARS - ACCIDENT

Like a woman, with carts please be tender;
If gentle, she'll go where you send her.
But a fickle front wheel,
With a squeak and a squeal,
Sends this she-devil into your fender.

67234 VEHICLES - CARS - ACCIDENT   Bob Birch   P0800

Some thirty years back now, or so,
In my battered old car we would go,
To a place so secluded,
And my Ermintrude did
Things that would make my dong grow.

67235 VEHICLES - CARS - ACCIDENT Tiddy Ogg

Over my lap she would straddle,
And thereon, as many a lad'll
Tell you, I found
A spot in a mound,
In which I could park my young paddle.

67236 VEHICLES - CARS - ACCIDENT Tiddy Ogg

Together we got in the groove,
The climax we had was to prove
That tattered cliche,
When you've had it away,
We both thought we felt the earth move.

67237 VEHICLES - CARS - ACCIDENT Tiddy Ogg

I looked up and noticed the scene,
Was different to what it had been,
The brake didn't hold,
While boffing we'd rolled,
Into the old muddy stream.

67238 VEHICLES - CARS - ACCIDENT Tiddy Ogg

A breakdown truck gave extrication,
He grinned at our lame explanation,
Which with laughs was received,
And no-one believed,
And thus we lost our reputation.

67239 VEHICLES - CARS - ACCIDENT Tiddy Ogg

Now for these thirty years she's my wife,

Sure our car has a brake,
So now we don't suffer such strife.

I'll have a new law for the book
And its curious drivers I'll hook.
Ad collision, you say?
But one lane should delay,
But in fact we all slow down and look.

Her bare crotch caught his eye;
Four people were killed in the crash.

If you watch how most females drive,
You would thank your stars you're alive.
When they're at the wheel,
I strongly do feel
That no one could ever survive.

67271 VEHICLES - CARS - ACCIDENT

It's a wonder that you're all alive;
Bugged eyes popping out,
From looking about,
To see if us girlies can drive.

They will drive on the right by next year.
After planning for ages,
They will do it in stages --
Starting with trucks first, I hear.

67298 VEHICLES - CARS - DRIVING Mike Dale

Whenever I drive in the town
I never can put my foot down.
They drive nose to tail
At the pace of a snail;
I always come home with a frown.

67299 VEHICLES - CARS - DRIVING Frank

Black night, bright stars and a song.
The freedom to go;
No one to say whoa.
I think I will drive until dawn.

67300 VEHICLES - CARS - DRIVING Azul

A formula driver named Reid,
Left the grid at very high speed.
In his most recent race,

He hit gravel because of his greed.

He took the car for an test run;
At the wheel it felt like lots of fun.
At one hundred plus
With no tremor or fuss,
He travelled like a shot from a gun!

67304 VEHICLES - CARS - DRIVING Arthur Pattaffy

When you're driving fast in the Grand Prix,
You don't know what the outcome will be.
If you're into a spin,
Then some trouble you're in;
You could wind up in eternity,

67305 VEHICLES - CARS - DRIVING   Arthur Pattaffy

A car on a side street I spy,
Fast pulls in front of me. Why?
I've been going 60,
But now I'm at 50.
Rude folks can't let fast folks pass by!

67306 VEHICLES - CARS - DRIVING   Phil T

Some thoughts on the problem of traffic
In other locales geographic:
Right-driving touring
Amid left-driving chauffeuring,
May result in an end that's too graphic.

From conformist history ample,
Of trend-setters suffering a trample,
The Argentines
In the Isles Malvines,
May serve as a perfect example.

In the Falklands, without a rehearsal,
The Argentines ordered reversal
Of the driving direction,

The Argentines drive on the right,
As any new-worlder just might.
But the British residents
Suffered car accidents,
Under Argentine tanks in the night.

67310 VEHICLES - CARS - DRIVING

Although Argentina lost in that war,
The motorists crushed, lost far more.
The left-driving Brits,
'Mid right-driving twits,
Were flattened and ground into gore.

67311 VEHICLES - CARS - DRIVING

Though at home, Brit soldiers ride horses,
'Round Windsor and Piccadilly courses.
While there, please go on the left,
Lest we be bereft
Of a rhymer underfoot of the forces.

67312 VEHICLES - CARS - DRIVING

'Twas on the M3, 'round near Book,
A glance at my speedo I took.
One hundred and nine
Eats the miles up fine;
But then in the mirror I look.

67313 VEHICLES - CARS - DRIVING Tiddy Ogg

You've guessed what appeared in my sight,
A white car with flashing blue light.
Pulled to the curb,
Preparing to burb-
Le excuses pathetic and trite.

67314 VEHICLES - CARS - DRIVING Tiddy Ogg

The speed cop walked over to shoot
His spiel: 'Guess you think it was cute.
Your licence?" and rash-
Ly I said, "In the dash,
With the gun, and you'll find in the boot..."

67315 VEHICLES - CARS - DRIVING Tiddy Ogg

"...The body of my wife, Eileen"
The Officer turns yellow, then green.
He yells in his bleeper:
"Help, Constable Dnieper!"
In no time there's scores on the scene.

67316 VEHICLES - CARS - DRIVING Tiddy Ogg

They search; all is clear. "It's all bleeding
Empty!" yells Dnieper, conceeding.
He stands, face afire.
Says I, "He's a liar.
The next thing he'll say, I've been speeding!"

67317 VEHICLES - CARS - DRIVING Tiddy Ogg

There was one particular jerk
Who passed on the right,
Then sped out of sight.
I'll see him tomorrow at work.

Miss Goodwrench said, "Shove it in...park!
Oh yes!...That's it!...Ohhh!...What a spark!
Your shaft is now seated,
Though quite overheated...
The head is well into it's mark!

67322 VEHICLES - CARS - DRIVING Travis Brasell

A friend of a friend that I know,
While out driving, quite angry did grow.
"Those drivers all suck,
Drive like old people fuck,
Extremely sloppy and slooooow!"

67323 VEHICLES - CARS - DRIVING Jeanie

There once was a corner whereat
You'd approach while you grasped at you hat.
For there was vegetaion
Or earth from one station
To the other, and yes, that was that.

67324 VEHICLES - CARS - DRIVING Liam na Beag

Then the City decided to post
All-way Stops. So with warnings to boast,
Traffic stopped as it should
And then went when it could.
All hail to the City! A toast!

67325 VEHICLES - CARS - DRIVING   Liam na Beag

We loved the new stoppage. But wait!
We had yet to hear from the State.
For they own the street,
And they thought it not meet
To have posted the signs there, of late.

67326 VEHICLES - CARS - DRIVING   Liam na Beag

Now they're gone, All-way stops and my mind.
The State took them all, and I find
No reason at hand
To say why, in this land,
One would jeopardize life in that kind.

67327 VEHICLES - CARS - DRIVING   Liam na Beag

There was a young girl called Tamar,
Whose daddy gave her a new car.
No fun she'd derive;
She'd no license to drive,
'Til she learns, she'll not get very far.

67328 VEHICLES - CARS - DRIVING   Arthur Pattaffy

There was a young lawyer named Kane,
Whose driving stayed in the fast lane.
After a day in court,
With tension he's fraught;
His speeding relaxes his brain!

67329 VEHICLES - CARS - DRIVING   Arthur Pattaffy

He took to the road in a rental;
Not used to a sports continental.
He was driving at speed,
With a small map to read;
His damage was basically dental.

67330 VEHICLES - CARS - DRIVING   Arthur Pattaffy

I've been driving some months with an "L"; (learner)
My teacher quite often would yell.
If you drive in that way,
Not the way that I say,
To pass you will need a witches spell!

67331 VEHICLES - CARS - DRIVING   Arthur Pattaffy

When I have my hair done, I look great.
Assignations I then instigate.
To get to them, I drive,
So feel thrilled and alive,
As I weave along the Interstate.

67332 VEHICLES - CARS - DRIVING   Loren C. Fitzhugh   P9609

As I drove I heard a loud horn blast
From a guy behind coming up fast.
My car isn't slow!
But he knew how to GO!
And he winked and he waved as he passed.....<sigh

67333 VEHICLES - CARS - DRIVING

It's quite clear they are accident prone,
Whether chauffeuring or driving alone.
They're primping or drinking
Or eating, not thinking,
And smoking, while on the cell phone.

Owns a taxi that's just one big dent.
But when you are inside,
You enjoy the ride --
He's cut his rate twenty percent.

67335 VEHICLES - CARS - MAINTENANCE Lims For Year - 01

With key in ignition, I'm thwarted.
My DieHard, I fear, has departed.

I have no amp here.
Dead battery? Don't get me started!

A mechanic who misunderstood,
Used his dipstick to prop up the hood,
While he fixed an old wreck.
Then he did an oil check...
Now his head hurts far more than it should.

67337 VEHICLES - CARS - MAINTENANCE Prof M-G   TP9807

There was an old crusty mechanic
Whose manners were fierce and tyrannic.
Dull headlights would glare
At his furious stare,
And dead engines turn over in panic!

"Oh hi, my new Rolls is such junk,
I know it won't start...send a hunk
Right now with his wrecker
And speedo-dressed pecker;
And one who has plenty of spunk!"
(Hunk towing in Florida for women drivers 2002)
67339 VEHICLES - CARS - MAINTENANCE Travis Brasell

Just because my car will not start,
Does not mean that I have the heart
To get a new car.
It is better by far
That my car and I do not part

67340 VEHICLES - CARS - MAINTENANCE Marlene

And what is your problem, pray tell;
Is your bolide not feeling well?
Is it through old age
Or just heavy usage,
And is it too knackered to sell?

67341 VEHICLES - CARS - MAINTENANCE Frank

I cannot afford a new car;
This one has already gone far.
According to lore,
It still should go more;
Has not reached the hundred thou bar.

67342 VEHICLES - CARS - MAINTENANCE Marlene

Well cars are like people, I fear;
We don't all go on year to year.
Some die in our youth;
Others old and uncouth,
So save up and get some new gear.

67343 VEHICLES - CARS - MAINTENANCE Frank

A new one won't do, I'm afraid --
This style is no longer made.
A cute little box
Does not attract jocks;
Into the background it does fade.

67344 VEHICLES - CARS - MAINTENANCE Marlene

A racer that's sporty and sleek,
Will get the attention you seek.
Just take my advice;
Don't even think twice,
'Cause time's passing on as I speak.

67345 VEHICLES - CARS - MAINTENANCE Frank

A new alternator installed.
Still no good, they said when I called.
Emissions don't check;
Why drive this old wreck?
With attitude I'm not enthralled.

67346 VEHICLES - CARS - MAINTENANCE Marlene

You'll find that if one thing goes wrong,
Another fault soon comes along.
It is called wear and tear,
And frankly, my dear,
You're better off saying "So long!"

67347 VEHICLES - CARS - MAINTENANCE Frank

Okay! We will tinker with it!
They are trying to make sure the fit
To state emissions rules.
If they tweak the tools,
My auto tonight I would get.

67348 VEHICLES - CARS - MAINTENANCE Marlene

Your auto with breath that is bad,
Is a tale that is really quite sad.
But try not to wilt,
Get your engine rebuilt,
And grow old with a sweet smelling lad.

67349 VEHICLES - CARS - MAINTENANCE Frank

Today in my house I am stuck,
Because of that mechanic, the schmuck.
Who's looking for a part,
(I'm sure at Kmart)
Do they sell axles there for a truck?

67350 VEHICLES - CARS - MAINTENANCE

Yes, Kmart sells one super axle;
It's easy to order by faxle;
Don't get in a panic,
Just tell that mechanic
To haul the thing home on his baxle.

With your old Dodge, it requires repair;
It needs regular tune ups, are you aware?
On the rack it must go,
Before I can know
If it's in need of trained intensive care.

67358 VEHICLES - CARS - MAINTENANCE Jenni Saqua

It just hits on "seven", it's true,
And "tune-ups"? The turn of a screw.
If you crank up the rachet,
In hopes you may cache it,
Well you might one ICU.

67359 VEHICLES - CARS - MAINTENANCE Cyber Wizard

Your Dodge needs a tune-up, you say?
A turn of the screwdriver, eh?
I better mention,
I'll check your suspension,
And your balance, too, by the way.

A simple mechanic named Giles
Succumbed to a young lady's wiles.
Though her chassis looked fair,
It showed signs of great wear --
It was driven for too many miles.

67468 VEHICLES - CARS - OLD Albin Chaplin 3024-0168

I'm so ticked off I can hardly speak,
'Cause my car has a bad oil leak --
And I'm sure you can guess
The cause of my distress --
The warranty expired last week!

When a Prussian car can't go vroom
And is scheduled to meet final doom,
It's much worse than that
If the tires are flat;
It ends up in a Junkers wreck room.

Thoughts of trysts that are BUCOLIC,
May be ruined by eating garlic.
Forget the back seat,
Just remain in heat,

A mistake, but far from my worst;
It was Henry's unquenchable thirst
For more, better, faster,
That got the old bastard
To perfect the assembly line first.

So everyone rides in a car;
Faster and ever so far.
And now the back seat
Is surely the treat,
Of the world's young lovers', har har!

'Stead of silky red stuff
And the ladies said, "Wanna see more?"

67702 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

The Hammersmith-City Line guys
Couldn't believe their good luck or their eyes,
For the train was quite full
Of young ladies from school,
Who kept crossing uncrossing their thighs.

67703 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

But the Central Line passengers had
It much worse than the others; it's sad,
For the heat was too much
For a sensuous touch
And I fear it drove most of them mad.

67704 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

On the old Metropolitan Line
They suspended the service for nine
And two-thirds of an hour;
But the passnegers' sour
And grim faces were hardly divine.

67705 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

They just grumbled and moaned as they sat;
No flirtatiously interesting chat.
In one carrieage they hunch-
ed, it is true, in a bunch,
But were only avoiding a rat.

67706 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

The Victoria Line was delayed
Outside Bond Street. A whore and her maid
In the carriage up front
Had a whole queue of punt-
ers. For services rendered they paid...

67707 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

...Up to sixty-five pounds for a quick
In-and-out and ten pounds for a dick-
finger shuffle. (The maid
Had the job to disuade
Voyeurs with a genital kick.)

67708 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

It's always the same in this city;
The underground system is shitty.
A problem or three
Causes havoc you see;
The results I've described in this ditty.

67709 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

A confession -- it's only verse two
And verse three which are actually true.
And the guy who was sound-
ly asleep underground
Was alive. But his name? Not a clue.

67710 VEHICLES - TRAINS - SUBWAY   Peter Wilkins

While packed like sardines in the train,
I pressed hard against sweet young Lorraine.
The tube train's vibration
Caused us excitation...
My pants are all sticky again.

67711 VEHICLES - TRAINS - SUBWAY   Tiddy Ogg

I once had a gal in a flap
Right after a braking mishap.
When pulled from her chest,
They found I had messed
All over her nice sumptuous gap

67712 VEHICLES - TRAINS - SUBWAY   SFA

These hot summer days in the city
Bring out all the gorgeous and pretty
Young girls. In the crush
Of the Underground rush
Hour, I find I'm surrounded by titty.

67713 VEHICLES - TRAINS - SUBWAY

There's cleavage in front of my eyes;
And there's cleavage behind, I surmise.
For there's cleavage in sight
To my left and my right,
Which these girlies don't try to disguise.

67714 VEHICLES - TRAINS - SUBWAY

I frequently find that my hand
Is cupped over a mammary gland;
But it isn't my fault
If we suddenly halt
At a station and come to a stand.

67715 VEHICLES - TRAINS - SUBWAY

Surrounded by titties which press
In my face and my chest, I confess,
Makes commuting worthwhile;
I've a permanent smile
And a stiffie that needs a caress.

67716 VEHICLES - TRAINS - SUBWAY

The old Hammersmith City Line
Is not a very pretty line.
So reduce your loss,
Change at Kings Cross;
Get on the InterCity Line.

67717 VEHICLES - TRAINS - SUBWAY   Richard Long

A young man attempted to woo
A young bus conductress from Kew.
But she told him, "Hey!
You can't go the whole way.
I'm afraid you must stop at Zone 2."

67718 VEHICLES - TRAINS - SUBWAY   Richard Long

It's no good complaining to me;
I'm only the manager, see?
Okay, you're irate,
But be patient and wait
For the one due at quarter-to-three.

67719 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

So what, if it's way after four?
A problem we had with a door.
It kind of dropped off
On a bend -- you may scoff,
But the driver will fix it for sure.

67720 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

Today I've been promised a treat;
Naughty Jane on the train's booked a seat
Next to mine and she's told
Me she's feeling quite bold;
But I think I shall beat a retreat.

67721 VEHICLES - TRAINS - ZSERIES

The last time she said that to me,
I accepted her offer with glee.
But I fear it's so cramped on
Those trains that my hampton
Exploded all over my knee.

67722 VEHICLES - TRAINS - ZSERIES

This next train's a diesel turbine;
You can tell by the distinctive whine.
But just to make sure,
I'll get down on the floor
And put my left ear to the l...

67723 VEHICLES - TRAINS - ZSERIES   Fred

Poor Tiddy Ogg is dead;
A train ran over his head.
He was a bit of a bore
And his limericks were poor,
But still, he was no good in bed.

67724 VEHICLES - TRAINS - ZSERIES   Fred

"The train now at platform thirteen,
Departs about 14:15;
And if you're in luck,
You'll have time for a fuck,
If it stops between Feltham and Sheen.

67725 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

At platform 9, special excursion:
The staff will all read from that Persian
Manual on sex,
While passengers dex-
Terously practice all kinds of perversion.

67726 VEHICLES - TRAINS - ZSERIES   Tiddy Ogg

"A single to Ware, please," said Dan.
"To where, sir?" "To Ware, if I can."
"But where?" "I said Ware."
"But I don't know the fare
'Less you tell me where to, understand?"

67727 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

"Now cloth-ears, just listen to me;
It's Ware up in Herts I must be."
"That narrows it down,
Sir, now tell me which town
For I need to know where, don't you see?"

67728 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

"Just give me a ticket to Ware!
I'm losing my temper, I swear."
"Me too, mate, now leave
And let go of my sleeve,
For there's no fucking fare, mate, to where."

67729 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

So instead he is going to Morrow,
Because he has learned to his sorrow,
You can't get to Ware;
There's no way to get there,
Unless there's a bike you can borrow.

67730 VEHICLES - TRAINS - ZSERIES   Tomea

Last night I was limp as a rag
For my train coming home, hit a snag
And we sweltered for hour
After hour without power;
Too exhausted for even a shag.

67731 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

Of course I don't normally screw
When commuting to London, that's true;
If however the chance
Had been there for romance,
I would hardly have known what to do.

67732 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

I dreamt I was riding a train
Through tunnels again and again;
And the rock of the rails
Made me leave behind trails
Of come from Siberia to Spain.

67733 VEHICLES - TRAINS - ZSERIES

As you rode the Siberian Express,
Through tunnels of love, let me guess,
That you weren't alone,
Playing with your bone,
Your companion a Russian Princess.

67734 VEHICLES - TRAINS - ZSERIES

A mysterious beauty was she,
While indulging your fantasy.
Every dream came true,
Knowing just what to do,
Rocking over each hill and valley.

67735 VEHICLES - TRAINS - ZSERIES

I don't want to make too much fuss
but I get the same thing on the bus
Pauses at a red light
Make me cry with delight
For reasons I will not discuss!

67736 VEHICLES - TRAINS - ZSERIES

Today I go back to the city;
No working from home, what a pity.
I hope on the train
I'll be sitting with Jane,
Who's forever caressing her clitty.

67737 VEHICLES - TRAINS - ZSERIES

[Remember her? Gorgeous young Jane?
She's addicted to riding by train
For the rhythm delights her
And hugely excites her;
She orgasms time and again.]

67738 VEHICLES - TRAINS - ZSERIES

And Doris, I swear, truth to tell,
Tried a cigar there as well;
Put the hot end in first,
Then boy, how she cursed,
"Bejaysus, 'tis hotter than hell!"

67739 VEHICLES - TRAINS - ZSERIES

Now Carmen's old butch matador,
Was French, and he said "Je t'adore.
Please come dear, with me,
By train, to Paree,
Carmen, to the gare du Nord."

67740 VEHICLES - TRAINS - ZSERIES

Commuting is always a pain
But this morning was more of a strain.
Cancellations were made
And my train was delayed
For an hour and a half yet again.

67741 VEHICLES - TRAINS - ZSERIES

I was crammed in the tiniest seat
Of a cattle-truck train and the heat,
Condensation and sound
Made my head ache and pound;
I got cramp in my bum-cheeks and feet.

67742 VEHICLES - TRAINS - ZSERIES

For one of those terrible hours
I dozed fitfully, dreaming of flowers;
Roses, Petals and Maisies
Sweet Kittens and Daisies
And dark secret moist-laden bowers.

67743 VEHICLES - TRAINS - ZSERIES

Romantic? Not half!! But I woke
To find Gertrude (a bag-faced old joke)
Sitting opposite glaring
At what I was wearing;
I feared she might give me a poke.

67744 VEHICLES - TRAINS - ZSERIES

Before I could I ask her just why,
I looked down and I noticed my fly
Was unzipped, gaping wide;
So no wonder the dried-
Up old harridan gave me the eye.

67745 VEHICLES - TRAINS - ZSERIES

We're sorry this train is so late;
It should have been here before eight.
The wrong sort of rain
Is delaying your train,
So you'll just have to suffer and wait.

67746 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

I'm sorry this train isn't stopping
For boarding or even off-dropping.
The driver got lost
In the fog and the frost
(But I think we've just trundled through Wapping).

67747 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

We're sorry this journey is slow.
The lighting is merely a glow.
The heating's defunct
And the toilets are gunked,
And the buffet shut ages ago.

67748 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

The train is much shorter than planned,
And most of you have to stand;
Apologies too
For not stopping at Crewe...
Will you please have your tickets at hand.

67749 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

As clicketty-clack went the train
Over points, it affected Miss Jane
In mysterious ways,
For she left in a daze
With a highly embarrassing stain.

67750 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

And now she's addicted to trains
To relieve her frustrations and pains;
And the faster their speed,
The more urgent her need,
And the more satisfaction she gains.

67751 VEHICLES - TRAINS - ZSERIES   Peter Wilkins

A travelling girl named Lorraine
Liked doing it best on a train.
The rails as they pass
Would jiggle her ass,
From Tulsa to Caribou, Maine.

67752 VEHICLES - TRAINS - ZSERIES   MrMalo

Miss Lorraine was quite a star,
With railroad men, near and far.
From Tulsa to Maine,
Not one did complain,
When they went to the dining car.

67753 VEHICLES - TRAINS - ZSERIES   Kaylin

The train that they call the Express
Was always the one to redress
Any time lags incurred
While riding a herd
Of yaks for a girl to impress.

67754 VEHICLES - TRAINS - ZSERIES

Its tracks were laid down with precision
To minimize wheel wear attrition:
The clackety-clack
Of a train on the track
Was silenced by conscious decision.

67755 VEHICLES - TRAINS - ZSERIES

The yak herd that influenced the lass
Was fueled 'most entirely on grass.
While running beside
The train, if they died,
Were buried right up to their ass.

67756 VEHICLES - TRAINS - ZSERIES

A lady from old Hackensack,
When needing a libidious snack,
Would wave down a trucker,
And get him to fuck her,
And then call it a Big Mack Attack!
(for Mack Trucks)
67757 VEHICLES - TRUCKS VOL 11

Cutsie Blanche used to work at a branch
Of a multispread corporate ranch.
When she rode in by truck,
She'd submit to a fuck,
So that truckers lined up to cart Blanche.

67758 VEHICLES - TRUCKS

There once was a man named Stan,
Who drove a delivery van.
He picked up a chick
Who then sucked his dick,
And he said that I'll come when I can.

67759 VEHICLES - TRUCKS

'Tis the custom in Castelamorrie,
To fuck in the back of a lorry.
The chassis and springs
Are like woodwinds and strings
In the midst of a musical soiree.

67760 VEHICLES - TRUCKS   G0034

A trailer rig driver, we've learned,
Struck a pole, and his truck, overturned;
He survived the hard crash,
But was fried in a flash,
When his trailer ignited and burned.

67761 VEHICLES - TRUCKS   Cap'n Bean   P0101

There once was a gal with some luck;
She invited a man for some duck.
After dinner to a bed
They went and she said,
"Move over"; they fell off the truck.

67762 VEHICLES - TRUCKS   Laura S Baxterlection

With suburbans and Jeeps I am bored:
I'll get an Excursion from Ford.
Only thing it can't pass
Is a place that sells gas.
Wins - hands down - the road bully award.

67763 VEHICLES - TRUCKS   Ellen Goodman's column

In the mud, the ice or the snow,
My truck will never need a tow.
In 4-wheel drive,
She's always alive.
Doesn't drink beer, she's a wino.

67764 VEHICLES - TRUCKS

A trucker whose first name was Fred,
Had fantasies filing his head.
When he should have been truckin',
His mind was on fuckin';
No more truckin' or fuckin', Fred's dead!

67765 VEHICLES - TRUCKS Bob Birch P0107

The gargantuan SUV
Does nothing so moderately.
Those guzzling crates
Ignore interest rates,
As they drive you into bankruptcy.

67766 VEHICLES - TRUCKS Timothy Torkildson

My friends, a disaster has struck;
I can't believe my bad luck.
My girl's up and left --
Left me quite bereft --
And what's worse, she took off in my truck!

67767 VEHICLES - TRUCKS Mike Dale

"The defendant herin is a truck,
The vehicle type is pick-up.
Alleged by a fed
To be found in a bed
Of marijuana, caught in the muck."
(part of a court order returning a truck to pot growers)
67768 VEHICLES - TRUCKS Judge Ken Wangelin P8510

There once was a surfer named Buck
Who drove a huge 20-ton truck.
He said, "It's no lark
If you're trying to park,
But it's great when you want to fuck."

67769 VEHICLES - TRUCKS Jim Weaver Collection

The glory of truck driver, Gray;
"I'm monarch of all I survey.
If downward I glance,
Volkwagens are ants,
And heaven's not too far away."

67770 VEHICLES - TRUCKS IRVING sUPERIOR P8906

Award winning truck driver, Gray.
NO tail-gating inches away.
NO mid-finger raise.
NO withering gaze.
NO 'stupid jerk' ever did bray.

67771 VEHICLES - TRUCKS Irving Superior P8906

A driver of dump trucks is Gray.
He picks-up and drops-off all day.
From nightmares he jumps
"I'm down in the dumps,"
Then drops off to sleep right away.

67772 VEHICLES - TRUCKS Irving Superior P8906

A business-type truck driver, Gray,
To hitchhiking lasses would say,
"It's ten cents a mile
So after a while,
Advise me when I've earned a lay."

67773 VEHICLES - TRUCKS Irving Superior P8906

Near Boston, his lawyer told Gray,
"At ten cents a mile from L. A.,
Inflation, et cet,
I'm willing to bet
She owes you one half of a lay."

67774 VEHICLES - TRUCKS Irving Superior P8906

The judge said to truck driver Gray,
"In judging one half of a lay,
A difficult task.
'Which half', you'll soon ask,
So why not drive back to L. A.?

67775 VEHICLES - TRUCKS Irving Superior P8906

Near Denver is truck driver Gray.
He's nearing four-fifths of his lay.
He's feeling hard-pressed.
He's tearing her dress.
He's pleading the fifth right away.

67776 VEHICLES - TRUCKS Irving Superior P8906

No longer will truck driver Gray,
To hitchhiking lasses not say,
"It's ten cents a mile."
Instead he will smile,
"It's twenty cents as of today."

67777 VEHICLES - TRUCKS Irving Superior P8906

The season has been a real bummer;
I had sex only once the whole summer.
Then that witch told them all
That my pecker's too small.
So, I'll just have to buy me a Hummer.

67778 VEHICLES - TRUCKS Arnie Schoenbrun P0212

I sound like a bitter old crank;
For this you have GM to thank.
In your Hummer you'll hide,
As you're quaking inside,
When I roll down your street in my tank.

67779 VEHICLES - TRUCKS Arnie Schoenbrun P0212

She played on my crank like a fife,
The top open wider than life.
The big rig beside
Went into a slide -
While jacking he did a jack-knife!

Took time to undress 'em,
His identity's based on things dental.

With scrape marks along her sweet ass.
She was getting a tan
On top of a van,
And missed the sign "Low Underpass."

67783 VEHICLES - TRUCKS Bob Birch P0301

On the carpark was written "max height";
The road in was really a sight.
If the place was all maxes,
We are all paying his taxes.
It deserved to be closed every night.

67784 VEHICLES - TRUCKS Arthur Pattaffy

You know what best rhymes with Tom Tucker,
A long-distance hauler, a trucker;
In towns just one night
He lays 'em all right --
That transient and mobile old fucker.

67785 VEHICLES - TRUCKS Armand E Singer P0102

Those who've lost family to STDs, (sexually transmitted

She's forever saying I'm sorry.
While driving a truck
She ran out of luck,

That once noble knight,
No longer polite,
Scares those who risk HIS passing lane.

67794 VEHICLES - TRUCKS Michael Weinstein P9208

The papers grouse about 4x4's;
Two tons with an engine that roars.
They cause chaos at schools;
Mothers threatening duels.
They're for use amongst heather and gorse.

67795 VEHICLES - TRUCKS Arthur Pattaffy

It happens, a type of fast truckers
Are apt to play hikers for suckers.
And some such truck drivers
Appear as muff divers,
And simply are rotten as fuckers.

67796 VEHICLES - TRUCKS Bill Backe-Hansen P9305

All Union truck drivers agree,
For Safety, Rules one, two, and three.
Hitchhikers pass by.

67797 VEHICLES - TRUCKS Irving Superior P8906

A trucker by the name of McBired,
Had a young whore that he hired

Got him so fucking tired he got fired.

67798 VEHICLES - TRUCKS L0998

There was a young trucker named Bryerder,
Who met a good harlot and hired her
To fuck between trucks.
But to truck between fucks,
Made him tireder and tireder and tireder.

67799 VEHICLES - TRUCKS G1751

There was an old trucker named Bryan,
Who drove heavy loads to Cairnryan.
From there, going afloat
On the north Irish boat,
But his load he kept a sharp eye on.

67800 VEHICLES - TRUCKS Arthur Pattaffy

There's a wild sight I frequently see;
Semis speeding in line, one, two, three.
At Daytona Race Track
It's called "drafting." Alack,
On the Interstate, it's lunacy.

67801 VEHICLES - TRUCKS Loren Fitzhugh P2006

Said the truck driver, shifting to high,
And stroking his passenger's thigh,
"Inside my valise,
Are some rubbers and grease.
Let's open them up, bye and bye."

67802 VEHICLES - TRUCKS

Wow! A Peterbilt! Bob, that's great!
At the truck stop near Merced, I'll wait.
There I'll wigwag my bumpers;
We'll cause quite a rumpus,
While in your cosy bunk I'll get laid.

67803 VEHICLES - TRUCKS

Oh dear! Oh god! You sweet Mabel!
With you, I think I am able.
Let's do some making
Out, that ain't faking;
The ride, like horses in the Queen's stable.

67804 VEHICLES - TRUCKS

To get far more bang for your buck,
Go to Mabel, she's built like a truck.
When she shifts to high gear,
She instills in men fear,
That they'll never survive that great fuck.

67805 VEHICLES - TRUCKS

In the dawning of prehistory
The wheel arrived quite suddenly.

There was a young man named Murray,
Who made love to his girl in a surrey.
She started to sigh,
But someone walked by,
So he buttoned his pants in a hurry.

67807 VEHICLES - ZOTHER L1492

A farmer hauling apples first class,
His donkey reached out for some grass.
This man's trousers did rend

There is a young lady named Holly,
Whose disposition is listed as jolly.
If she goes to the mall
She'll get into a brawl;
She's a menace when pushing a trolley.

67809 VEHICLES - ZOTHER Arthur Pattaffy

And down by the corner Quickmart,
Poor Willy was trying his art;
Coming on to some ladies,
Though he had no Mercedes,
He did have some beer in his cart.

67810 VEHICLES - ZOTHER Matthew Montchalin

"Hop in for a ride and a drink;
The beer, once it's opened, will stink.
The cart goes quite fast;
You know it's a blast;
I run way too fast just to think."

67811 VEHICLES - ZOTHER Matthew Montchalin

"Directions you give me and steer,
And I will push hard without fear.
I have lots of nerve
And know how to swerve.
Good sense I obtain from my beer."

67812 VEHICLES - ZOTHER Matthew Montchalin

She climbed in and Willy did start,
He breathed in a bit at the mart.
She drank a good swig,
He pushed at his rig,
And downhill he rolled the old cart.

67813 VEHICLES - ZOTHER Matthew Montchalin

The ride was not smooth but quite rough;
He knew not how much was enough.
His path was disturbed,
(A pebble perturbed
The wheel of the cart by the bluff.)

67814 VEHICLES - ZOTHER Matthew Montchalin

The story goes not too much farther;
The moral you see, is "Push Harder".
Beer made Willy run;
He had lots of fun,
And his girlfriend turned into a martyr.

67815 VEHICLES - ZOTHER Matthew Montchalin

In Rome a young lady named Harriet
Was roped by a man with a lariat.

Driving his eight reindeer sleigh.

And with joy much infused,
To think, this was once "state of the art".

Security at Heathrow Airport
Fills the people with fear and exhorts
The cause. But the "Times"
Fills up the mob's mind

68657 WARFARE - IRAQ Stefan Marianski

There's tanks on the streets in the hunt
For terrorists. Blair, stupid cunt,
Is ass-licking Bush
And wants him to push
The button. It's us bear the brunt.

68658 WARFARE - IRAQ Tiddy Ogg

Despite the reports in the news,
This war ain't about oil or Jews,
Or weapons of Mass
Destruction. Alas!
Iraq has a flock of fine ewes.

68659 WARFARE - IRAQ Travis Brasell

Well now, this suits me just fine.
Please tell me where I have to sign.
You ain't gonna keep
Me away from those sheep;
You'll find me there in the front line.

68660 WARFARE - IRAQ Tiddy Ogg

Let's rescue each warm, woolly mammal.
Or else, as we know, old Saddam'll
Harems to keep us
From sheepus and lepus
Or even from one lusty camel.

68661 WARFARE - IRAQ Travis Brasell

Iraq OK'd weapons inspection
As a ploy to create misdirection,
From what Lampsos has said
About Saddam in bed,
And her failure of missile detection.

68662 WARFARE - IRAQ

Hussein is the duck of Iraq;
Spends all day just washing his back.
He drills so much oil...
Makes Mr. Bush boil,
But soon we will have the last quack.

68663 WARFARE - IRAQ

Iraq's Al-Sahhaf slyly fled
And off from Damascus he sped.
"See, I told you we'd win.
Won't you please let me in?"
"Sir, you cannot be Syria's," they said.

68664 WARFARE - IRAQ Graham Lester

I've come up with a devilish plan,
That may fool that crazy Saddam.
Let's put Ogg and a sheep,
On some Baghdad Street;
He'll will think it's a battering ram.

68665 WARFARE - IRAQ John Henry

Before they have time to strike back.
Civilians we'll slaughter,
Each son and each daughter,
I want a preemptive attack!"

68668 WARFARE - IRAQ Bob Birch P0302

In Baghdad few tears have been shed
And hookers are giving free head.
Girls perform ululation
In great celebration,
Now that Qusay and Uday are dead

68669 WARFARE - IRAQ Arnie Schoenbrun P0308

Saddam, when he's launching his scuds,
Now and then finds that some are just duds;
About one in fifty
Are slow and un-swifty,
And fall to the ground and just "thuds."

68670 WARFARE - IRAQ Gary Hallock

Sean Penn, a guest of Saddam's Iraq,

Said Bush to Saddam, "Well you blew it,
Hid weapons and our CIA knew it."
Out of guilt Bill replied,
"Though a crotch I had spied,
I still claim that I didn't screw it!"
(both started New Years with a bang)
68672 WARFARE - IRAQ Bob Birch P0302

Bill and Saddam they think much alike.
After New Year's, they'll seek a first strike.
Even though both are spent,
Neither one will repent,
But Bill's head won't end up on a pike!

68673 WARFARE - IRAQ Tom Patton P0302

Bill Clinton said, "Welcome aboard!"
As he sneaked in a bangable broad.
While Saddam and his gang
Fear an ear-splitting bang,
And are thinking of sneaking abroad.

68674 WARFARE - IRAQ Arnie Schoenbrun P0302

Etymologists show us with glee
How versatile banging can be;,
Despite Hillary's anger,
Bill's a popular banger;
In war Sadam will be the bangee.

68675 WARFARE - IRAQ Arnie Schoenbrun P0302

We're a country so young, and so small,
Yet we're eons ahead of YOU ALL.

Just like last time, again you will fall.

68676 WARFARE - IRAQ

Like Bush, Tony Blair's in a pickle;
The polls say war fever's a trickle.
If Saddam calls his bluff,
Then all his talk tough
Means he's left himself no room to wiggle.

68677 WARFARE - IRAQ Dr Limerick 09-03-02

But now, WMD-gate!

Or is Dubya a two-faced head of state?

68682 WARFARE - IRAQ   Tiddy

Over Iraq we'll drop an 'O' Bomb, (Orgasm bomb)
Then the only thing from Saddam,

Aren't moans of good cheer,
But whining about his sore palm.

A sudden end to a long start.

68690 WARFARE - IRAQ - SADDAM Tiddy Ogg

There's more bloodshed yet, that's the truth.

68691 WARFARE - IRAQ - SADDAM Tiddy Ogg

I saw an old man with a shoe
Bash a picture of old you-know-who,
When up came a gent,
Lifted skirts and was bent

68694 WARFARE - IRAQ - SADDAM Matthew Montchalin

You see, there's a reason for doing
That kind of thing, that is, shoeing
The face of that man
With sandal or hand;
It's better that double voodooing.

68695 WARFARE - IRAQ - SADDAM   Matthew Montchalin

Like marriage, he could not annul it;
Mishandled his sword and did dull it.
He messed up and missed it;

68701 WARFARE - IRAQ - SADDAM   Tom Patton   P9902

68705 WARFARE - IRAQ - SADDAM Larry Hollister

68706 WARFARE - IRAQ - SADDAM Mul

"In construction, ground breaking is first,"

So in Iraq, it is just reversed.

68708 WARFARE - IRAQ - SADDAM Larry Hollister

When Saddam sent troops to Kuwait,
The havoc his men did create,
Caused the Saudis to cry foul,
And then throw in the towel.
"Call the US to set these things straight."

68709 WARFARE - IRAQ - SADDAM Tomer Shiran

The Iraq situation grows tense,
While the world waits in breathless suspense.
Why has hostile Hussein
Been allowed off his chain?
A mad dog with a hole in the fence?

68710 WARFARE - IRAQ - SADDAM Jim Weaver Collection

Saddam said, "I keep on trying,
My headquarters identifying.
But a hole in the ground
Is all I have found.
Why do they keep those missles flying?"

68711 WARFARE - IRAQ - SADDAM Tom Patton P9610

Now they highlite the crimes of Saddam
And denounce him the ultimate bum.
But forget not the hour,
He was kept in power
When the US and Kuwait he did numb.

68712 WARFARE - IRAQ - SADDAM Nawahl Razak

Yesterday, on TV, it was sad;
It's perplexed me much more than a tad;
What can this portend
When for hours on end,

68713 WARFARE - IRAQ - SADDAM Mike

Some say Clinton attacked with no warning,
But it's obvious something's aborning,
When the President says
Before going to bed,
"We will sortie this out in the morning."

68714 WARFARE - IRAQ - SADDAM Mike

The casualties make this unfunny;
That buildings are levelled so cunning.
The bombed battery site
Leaves a bit of a fright,
That they murdered that little pink bunny.
(bunny is ubiquitous battery ad on TV 1998)

68715 WARFARE - IRAQ - SADDAM Mike

At this time of the year all my bristle
Goes away, as Noel I do whistle.
So, Hussein I do wish
You'll find love and warm kiss-

68716 WARFARE - IRAQ - SADDAM Mike

Hussein, as it turned out, had hidden
In places unsafe and unbidden;
And pausing for plans,
He looked for a chance
To do what he could, but then didn't.

68717 WARFARE - IRAQ - SADDAM Matthew Montchalin

He'd run for it, come the next morning;
That is, he would go without warning;
Though fox-like and sly,
It seems he did die
When blown apart in a night storming.

68718 WARFARE - IRAQ - SADDAM Matthew Montchalin

Saddam Hussein, what a guy.
To get paid, just send kids out to die.
If you get shot before,
You can't kill any more.
Well, I guess claiments just have to lie.

68719 WARFARE - IRAQ - SADDAM Tomer Shiran

As we aimed all those surgical strikes,
At the target of all our dislikes,
We grew slowly aware
That Saddam's facial hair
Was the lamest since, well, the Third Reich's.

68720 WARFARE - IRAQ - SADDAM   Travis Ruetinek

Saddam once had sensitive skin
And no hair on his chinny-chin-chin.
But his lip was pubescent,
A real fertile crescent,
Where follicles quickly grew in.

68721 WARFARE - IRAQ - SADDAM   Larry Hollister

The dictator ruling Iraq
Grew a moustache all shaggy and black.
A little while later
He lay in a crater,
As vultures approached for a snack.

68722 WARFARE - IRAQ - SADDAM   Pat Sajak

"Dad's moustache exceeds any other,"
Cried young Uday to Qusay, his brother.
It will always be there
Because thick facial hair
Is the one trait he shared with his mother.

68723 WARFARE - IRAQ - SADDAM   Brad Simanek

In order to set an example,
Hussein was the right guy to trample.
Now his bushy moustache
And a bit of eyelash
Are what's left for his DNA sample.

68724 WARFARE - IRAQ - SADDAM   Bob Mader

Next to Hitler's, it's not trimmed as well;
More like Stalin's, as best I can tell.
Lenin, too, might dispute
Saddam's 'stache was a beaut.
They can argue about it in Hell!

68725 WARFARE - IRAQ - SADDAM   Brad Simanek

Saddam cut a figure quite charming --
Stalin-like, but perhaps less alarming.
His lip was hirsute,
Which he thought made him cute.
It's too bad that he wasn't disarming.

68726 WARFARE - IRAQ - SADDAM   Joseph Moore

Samson's strength was dependent on hair.
Can Saddam Hussein's mustache compare?
We could tell our troops: Wait!
Spend a buck ninety-eight.
You can rub out the bastard with Nair.

68727 WARFARE - IRAQ - SADDAM   Michael Sheinbaum

While Saddam grew his 'stache with no trouble,
Not so lucky was Chucky, his double.
Though Hussein in his wrath
Threw Rogaine in the Baath,
He could still hardly sprout more than stubble.

68728 WARFARE - IRAQ - SADDAM   Larry Hollister

Saddam, now most likely the late,
Suffered one final, humbling fate:
His moustache ditched his lip
Like a rat from a ship,
And was seen crawling south towards Kuwait.

68729 WARFARE - IRAQ - SADDAM   Joseph Moore

I offer this well thought prospectus
On the scourge of old Homo Erectus;
A beast so uncouth
Since days of his youth,
We're lucky Sadam finally left us.

68730 WARFARE - IRAQ - SADDAM   The Sailor   P0306

Said Saddam as he entered his cave,
"This hiding is not very brave.
There is a bright side:
As long as I hide,
Oh Goody, I don't have to shave!"

68731 WARFARE - IRAQ - SADDAM   Arnie Schoenbrun   P0401

Saddam, a prince among shits,
Giving the whole world shit-fits,
With his brazen hoodwinking...
What was God thinking
When he made him from atomy bits?

68732 WARFARE - IRAQ - SADDAM   Tutta Gioia

At it again, that goat's pizzle,
That weasely scumbag of jizz'll
Dodge, weave and mislead...
What we desperately need
Is a single, well-aimed, cruise-type missile.

68733 WARFARE - IRAQ - SADDAM   Tutta Gioia

To one thing we can't get attuned:
The sight of those kids all marooned
In Saddam's regime...
Their silent eyes scream
And lay open your heart like a wound.

68734 WARFARE - IRAQ - SADDAM   Tutta Gioia

If this government just had the nerve
To do what they must, and not swerve,
It would not be fun
But we'd get the job done,
And Saddam would get what he deserves.

68735 WARFARE - IRAQ - SADDAM Kaylin

Pioneering in chemical science,
Saddam flunks in treaty compliance.
He'll surround his pavilions
With helpless civilians,
Then bravely proclaim his defiance!

68736 WARFARE - IRAQ - SADDAM Larry Hollister

I think the truth is quite plain;
They say we will punish Hussein.
But in fact, we'll just test
The newest and best
Ways to kill and inflict the most pain.

68737 WARFARE - IRAQ - SADDAM John Miller

War's expensive, however it ends;
You're in deep, dude! You might get the "bends"!
So, Saddam, Shit fire!
Relax, man; Retire
To Tinseltown, where you've got friends!

68738 WARFARE - IRAQ - SADDAM

Call me Sad Sack Saddam;
I started my own Viet Nam.
Only six years ago
I said "Ayatolla ya so"?
No that was Iraq; me, I ran!

68739 WARFARE - IRAQ - SADDAM Jim Weaver Collection

We don't tolerate son-of-a-bitches;
The Saddams and the Milosevic's.
They're petty dictators;
We should air-mail some craters,
And bomb them clean out of their britches.

68740 WARFARE - IRAQ - SADDAM

Saddam won't reveal all the facts,
As smoke plumes from the palace smoke stacks.
If you expect to see
Babyfood recipe,
Stay upwind or die of anthrax.

68741 WARFARE - IRAQ - SADDAM Tom Patton P9801

I don't think it's terribly funny
That Muslims, both Shiite and Sunni,
Seem quite unconcerned
That their kids may get burned
By anthrax, while Saddam gets money.

68742 WARFARE - IRAQ - SADDAM John E Mayhood P9801

That camel'd squat down to be manned,
By Sadam who'd grip with his hands.
He'd pump till he's weary;
Now his balls are not hairy,
'Cause of the abrasiveness of the sand.

68743 WARFARE - IRAQ - SADDAM

Saddam is too brutal for words,
But his threat has been reduced by two-thirds.
Once he torched the Kuwaitis,
From Tigris-Euphrates,
But now he just hassles the Kurds.

68744 WARFARE - IRAQ - SADDAM Larry Hollister

He's the foe of the Kurds and the Turks;
The man's ruthless, he kills while he smirks.
Then he rattles his sabres,
Alarming his neighbors;
The Mother of All Total Jerks.

68745 WARFARE - IRAQ - SADDAM Larry Hollister

That statue in Baghdad's now rubble,
But was it Saddam? That's the trouble.
That nasty dictator
Used impersonators,
So was that thing him or a double?

68746 WARFARE - IRAQ - SADDAM Tiddy Ogg

Of course it was him; 'tweren't no ruse;
Consider the bevy of clues:
It's toppling was slow,
(A two hour show!)
And folks beat the thing with their shoes.

68747 WARFARE - IRAQ - SADDAM Travis Brasell

That Saddam continues to gloat,
Cock sure that he'll never be smote.
The UN should raid
While he's getting laid,
They might get both him and his goat.

68748 WARFARE - IRAQ - SADDAM Frank

I can just see him fucking that goat,
With his takritty penis abloat.
The sirens he'd hear,
But stuck in his rear,
He'll wish that he'd just blown a shoat.

68749 WARFARE - IRAQ - SADDAM Tutta Gioia

"In Iraq major theft runs apace,"
Said Saddam with regret on his face.
"Headquarters is gone
(It must be Iran)
And they left a big hole in its place."

68750 WARFARE - IRAQ - SADDAM Tom Patton P9610

April Glaspie, our gal in Iraq,
Said to Saddam Hussein in the sack,
"Can't you wait to get in?"
He heard, "Kuwait you'll win,"
So he ordered his troops to attack.

68751 WARFARE - IRAQ - SADDAM Don Moore P9407

There once was a man from Baghdad;
Saddam was his name - and he had
A manic obsession;
He wanted oppression
And everyone thought he was bad!

68752 WARFARE - IRAQ - SADDAM

I am sure, good Sir or Madam,
Our attacks will not bother Saddam.
He will dote on the slaughter
Of wife, son, and daughter,
And generally not give a damn.

68753 WARFARE - IRAQ - SADDAM John Miller

Now our Middle East ways are insane,
Between Arabs and Jews and no brain.
It's got to be whacky
Killing scads of Iraqi
Just to punish one Saddam Hussein!

68754 WARFARE - IRAQ - SADDAM

That lunatic Saddam Hussein --
You can tell from his name he's insane;
He's a Shiite, or turd;
Hates the Sunnis and Kurds;
In the ass, he is naught but a pain.

68755 WARFARE - IRAQ - SADDAM

Undaunted by ramifications,
Of threats by the United Nations,
Saddam Hussein
Is still a pain,
And a danger to all the Kuwaitians

68756 WARFARE - IRAQ - SADDAM Jim Weaver Collection

68758 WARFARE - IRAQ - SADDAM Cybergeezer

Saddam is a son-of-a-bitch;

68759 WARFARE - IRAQ - SADDAM Jim Weaver Collection

There once was a man from Cape Horn
Whose penis was tattered and torn.
He gave it a twist,

And that's how Saddam Hussein was born.

68760 WARFARE - IRAQ - SADDAM Jim Weaver Collection

Because he was feeling his oats,
Iraq's dictator was losing the votes.
They say he's insane
Since they found his stain
On the coats of the town billy goats.

68761 WARFARE - IRAQ - SADDAM Tom Patton P9811

Hussein from Iraq, he has bluffed us;
Got the whole world raising a ruckus.
'Cept Clinton the loner,
Who stands with his boner,
Praying for no more Saddam Interruptus!

68762 WARFARE - IRAQ - SADDAM Jim Weaver Collection

No lover of life ecological
Could stomach a war biological.
Sending anthrax in clouds

But not Saddam, that mind pathological.

68763 WARFARE - IRAQ - SADDAM John E Mayhood P9801

Others have said, "Saddam sucks,"
But with the inspections in flux,

68764 WARFARE - IRAQ - SADDAM Chris Papa

So Saddam is still messin' about.
He's an evil dictator devout.
We'll enter Iraq,
And get rid of this quack.
It's time someone took Saddam out.

68765 WARFARE - IRAQ - SADDAM Jayne

Saving face must in S. Hussein's case
As a motive has very high place.
It elicits the query
Since it's ugly and hairy,
Is it really worth saving that face.

68766 WARFARE - IRAQ - SADDAM A. N. Wilkins P9104

The aftermath soon will be seen
With tyrants like Saddam Unseen,
Reduced and erased,
His shoes half-unlaced,
And retied with his balls chained between.

68767 WARFARE - IRAQ - SADDAM Matthew Montchalin

Some say he's here and not there;
And others say, saved by a hair.
But really, what mattered
Was whether he's scattered
Like dust blown aloft in the air.

68768 WARFARE - IRAQ - SADDAM Matthew Montchalin

Perhaps, when you read between lines,
Or see from the signs of the times,
Or hear the winds blow,
Hussein had to go,
For doing the Devil's designs.

68769 WARFARE - IRAQ - SADDAM Matthew Montchalin

I asked a commander from Texas,
"Pray tell, how Saddam affects us?"
He said, "What would you do?
This Saddam has voodoo;
We've got to bomb him or he'll hex us."

68770 WARFARE - IRAQ - SADDAM Dohpaz

All this military toil
Is an aid to cheap oil,
To please some gun-toting hill-billy.

68771 WARFARE - IRAQ - SADDAM Dohpaz

In his bunker he sits down and cowers,
Well aware of superior powers.
Saddam's only demand,

Just a quickie with Gennifer Flowers.

68772 WARFARE - IRAQ - SADDAM Jim Weaver Collection

A meeting held of Saddam's doubles,
Was held on one of Baghdad's rubbles.
In an air-raid, stay calm;
Saddam lost his right arm;

So what's left to do but bag dad!

68774 WARFARE - IRAQ - SADDAM Observer

Explosions compacting and lifting;
The desert sands loosened and shifting.

If we figure it needs some more sifting.

68776 WARFARE - IRAQ - SADDAM Matthew Montchalin

To look for some person's remains,
I mean, that is, Saddam Hussein's,
Which may have been thrown up

With pipe bombs that cause such a blast.
Aimed at the police,
One lad, slow to release,
Found the bomb that he held was his last.

68894 WARFARE - TERRORISM Tony Burrell

A coke sniffing dork from Atlanta
Was grabbing a ride with old Santa,
Had a bomb in his shoe,
And I swear that it's true,
That the fire was put out with Fanta.

68895 WARFARE - TERRORISM

To eliminate terror Islamic,
We'll send them two presents atomic,
With Medina the first
Where the mushroom will burst,
Then Mecca, for loss astronomic.

68896 WARFARE - TERRORISM

A bomb-sniffing dog, "Best in Class,"
Once sniffed, at the airport, a lass;
The bomb squad and S.W.A.T
Team probed the girls twat,
And exploded all night in her ass.

68897 WARFARE - TERRORISM Travis Brasell

There once was a sheik -- an Afghani,
Whose likeness to sheep was uncanny.
He caught all the eyes
Of the Taliban guys,
As they waited in line for his fanny.

68898 WARFARE - TERRORISM Irish

Our reality is getting too stark
And Western Civ's crawling towards dark.
You can only say, "Cripes!"
When bombs made of pipes
Blow up in Centennial Park!
(during 1996 Summer Olympics)
68899 WARFARE - TERRORISM CB

Actions taken that he must arrange,
Giant ripples that some see as strange;
Motivation is good,
And the needs understood,
Everyone paying heed to the change.

68900 WARFARE - TERRORISM Joel Ash P0110

Don't worry, Osama's a knave
Who's damned to die deep in a cave,
With all of his cronies,
While picking the bonies
Of that old dead whore friend of Dave's.

68901 WARFARE - TERRORISM Travis Brasell

We're engaged in a frightening race
To get busy and colonize space,
E'er one or more arabs
Using viral scarabs
May wipe all the life from Earth's face.

68902 WARFARE - TERRORISM Dr Limerick

In the end all the Earth will rejoice,
Millions singing with one mighty voice;
Torch of victory lit,
Justice served as befit,
Gentle giant had no other choice.

68903 WARFARE - TERRORISM Joel Ash P0110

The foul deed they've done to our land,
Will bring to their sad nomad band,
More sorrow, I feel,
And hope we can steel
Ourselves, to deal with fisted hand.

68904 WARFARE - TERRORISM Chris Papa

When Afghans find freedoms beguile 'em,
They hope that some hijackers pile 'em
Aboard a jet vessel
Whose pilot won't wrestle,
And flee to the West for asylum!

68905 WARFARE - TERRORISM Prof M-G

When flying I don't have a fear,
Since we're flying "naked" this year.
No bombs in your shoe,
Or plastic knives too,
And nowhere to put any gear.

68906 WARFARE - TERRORISM Barbara Cunningham P0203

The airline is named "Naked Air";
We are friendly and fly everywhere.
From the States to Bombay,
All I wore was a tray,
And not a thing to declare.

68907 WARFARE - TERRORISM Barbara Cunningham P0203

What religion you are no one knows?
It's hard to detect without clothes.
No crosses or stars,
Or cross your heart bra's,
Now let's just see how it goes?

68908 WARFARE - TERRORISM Barbara Cunningham P0203

So joking you better not say,
There's a guy with a knife here today.
Or a man with long beard
Had better be feared,
It's a certain they'll whisk you away.

68909 WARFARE - TERRORISM Barbara Cunningham P0203

So have a safe trip when you fly,
And YOU pick the time when you die.
When you conquer your fear,
You'll feel heaven is here,
And kiss all your worries good-bye.

68910 WARFARE - TERRORISM Barbara Cunningham P0203

Giant rage that is hard to contain,
Lashing out he must fight to restrain;
Proper thought is applied,
And with right on his side,
He embarks on a vengence campaign.

68911 WARFARE - TERRORISM Joel Ash P0110

Stop fanatics from having some fun?
Though something that I've never done,
They'd have met a quick end,
If I or some friend
Had been there and packin' a gun.

68912 WARFARE - TERRORISM

Unfortunate word that: crusade.
But it was instictively made.
So what if some find
It offensive; remind
Them "Jihad" is offensive a shade.

68913 WARFARE - TERRORISM Peter Wilkins

The bombers are more than just sick;
I'd hang them all up by their pricks.
And for their foul murders,
I'd sharpen some girders,
And bleed them to death with some nicks.

68914 WARFARE - TERRORISM

Aytollah, Coca cola, and Rickety-Rax,
We carry out Iran's kamakazi attacks!
With all we stand

You could say we're Ayatollah Koh-maniacs!

68915 WARFARE - TERRORISM Ann Gasser P8712

In limericks, it's hard to express
How I feel about the WTC mess.
Yet, despite my grief,
It is my belief
Life goes on; I'll give it my best.

68916 WARFARE - TERRORISM Christopher Anton

Being half-Arab, I used to be proud,
Shared my heritage often and loud.
But Bin Laden's a dastard,
A Satan-led bastard,
Who is better off wearing a shroud.

68917 WARFARE - TERRORISM Christopher Anton

It is hard to take up the pen,
But please, dear friends, do it again.
Laden's goal's to destroy
All things we enjoy.
We can't let that lunatic win.

68918 WARFARE - TERRORISM Christopher Anton

It's easier now from the sky,
"Assisting" those others to die.
Avoiding the thrill
Of making the kill
While looking the lad in the eye.

68919 WARFARE - TERRORISM John Miller

Lady terrorists, trying to trick us,
Are now wearing explosive knickers.
I believe that's absurd
And I think that I've heard
It's an excuse for strip searching trippers.

68920 WARFARE - TERRORISM AA

A temblor abetted the trauma
Of New Yorker's ongoing drama.
A great mystery!
Would you please tell me,
How you pulled that one off, dear Osama?

68921 WARFARE - TERRORISM John Miller

I've oft heard of that "hidden land,"
Place where Osama's turbaned band
Enjoys a cave warm
Free from the swarm
Of bombs from U.S, Air Command.

68922 WARFARE - TERRORISM Chris Papa

One cheer for the Northern Alliance,
Though Taliban showed little defiance.
Not socially skilled,
Look how many they killed;
Compassion is not rocket science.

68923 WARFARE - TERRORISM Tony Burrell

Weapons of mass destruction
Is just convenient expression
To justify what
We aver it is not;
A war of naked agression.

68924 WARFARE - TERRORISM David Martin

Oh, let me just give you the word;
You're simply a dumb right-wing nerd.
Your lims are a fake;
You're mad and a flake.
Now I'll at your bird, flip the bird.

68925 WARFARE - TERRORISM Archie

If one can tell day from the night,
And can see what is black and is white,
He should not in his rhyme
Make fun of mass crime,
Or invoke the tired "Left-versus-Right".

68926 WARFARE - TERRORISM David Martin

Old Dante knew life was just comic
And Death is at times philanthropic.
To laugh at mass crime,
In prose or in rhyme,
Reduces the stress anatomic.

68927 WARFARE - TERRORISM Archie

If you think he's a man of the left,
Of sense you're completely bereft.
That he should control
A party of proles,
Amounts to an out and out theft.

68928 WARFARE - TERRORISM David Martin

Opinions are held by us each,
But David is no one to preach.
Since he's claiming the right
To send me his shite,
While denying me freedom of speech.

68929 WARFARE - TERRORISM Travis Brasell

"Our task is to sort through the lies,"
Said Donne, "and find the truth that applies."
Then make our demand
With dollar in hand,

68930 WARFARE - TERRORISM Travis Brasell

Dave, should he run out of luck,
Might pick the wrong body to fuck.
A corpse with the smile
Of a hijacker vile,
And then even Dave would upchuck.

68931 WARFARE - TERRORISM

Souls of terrorists and their allies
Are in for a horrendous surprise:
They'll awake -- and then dwell
In eternity's hell,
And not in, as they hoped, paradise.

68932 WARFARE - TERRORISM William Nesbit P0110

Far away I can hear a KABOOM!
Mushroom clouds in the distance doth loom.
Great squirts of gas
Shooting out of their ass.
And their balls will hang from the moon.

68933 WARFARE - TERRORISM Buck

Saddam and Osama Bin Laden
Attempted to take us a hard un.
When faced with defeat,
They took to the street,
And hid in a Syrian garden.

68934 WARFARE - TERRORISM Aussie Owl

You may say that they're on the run,
But in Arab minds they have won.
Their homes they have flitted,
Yet death they've outwitted,
Despite Georges, father and son.

68935 WARFARE - TERRORISM Tiddy Ogg

A Taliban man named Abdul
Was flying a plane from Kabul.

Now I'm cooking in hell.
All that paradise talk was just bull.

68936 WARFARE - TERRORISM Snaggletooth

These virgins are Satan in drag;
You're poking his ass like a fag.
And your sexual gig
Was never that big,
Just barely enough for a shag.

68937 WARFARE - TERRORISM Snaggletooth

Crushed concrete, red stained twisted steel.
These senseless "acts" beyond unreal.
All peoples must now unite.
Respond but do not incite.
To higher powers please appeal.

68938 WARFARE - TERRORISM David J Stein P0110

You all wish the Afghans no ill;
Moslems in general, less still.
How careful you aim
In this aerial game;
Bombs still do not know who to kill.

68939 WARFARE - TERRORISM Tony Burrell

To the hackers and spammers and pederasts,
Infesting the Web, now add terrorists;
Into sites pornographic,
They encode their own traffic,
Instructions for killing and bomb blasts.

68940 WARFARE - TERRORISM Dr Limerick 02-06-01

Hey Merkins, you better take fright;
My warriors come in the night.
It's no use to hunker
Down there in your bunker;
I smuggled in pure anthracite.

68941 WARFARE - TERRORISM

I know that prediction is chancey,
But I, without access to fancy

Knew terrorists, from reading Tom Clancy.

Aren't wars on terrorism
New Colonialism?
Well, at least we'll bring both roads and schools.

68943 WARFARE - TERRORISM Loren Fitzhugh P0212

September eleventh appalling,
Twin towers first burning, then falling;
Screams heard o'er the land,
So united we stand,
Galling threat, our resolve now forestalling.

68944 WARFARE - TERRORISM Joel D Ash P0111

Graceful buildings so tall are now gone,
But not freedom's torch and pylon;
Wan faces uplifted,
Our attitudes shifted,
Thoughts dwelling upon Avalon.

68945 WARFARE - TERRORISM Joel D Ash P0111

Armageddon instilled in each heart,
Legions gather to strike at the start;
Our rampart defended,
The mundane transcended,
Each patriot plays a grand part.

68946 WARFARE - TERRORISM Joel D Ash P0111

Two towers of strength in our minds,
Great purpose and oneness one finds;
Togetherness soaring,
Our battle cry roaring,
This red, white, and blue issue binds.

68947 WARFARE - TERRORISM Joel D Ash P0111

Through acts of unspeakable gloom
The Trade Center site is a tomb;
A mound of debris
So horrific to see,
Where thousands were sent to their doom.

68948 WARFARE - TERRORISM Cap'n Bean P0111

The history books will now tell
Of the day the World Trade Center fell;
September eleven
Sent thousands to heaven,
But those bastards, for sure, went to hell.

68949 WARFARE - TERRORISM Cap'n Bean P0111

The FBI expert concludes
That the plastique found packed in Reid's shoes,
Could have blown a big hole,
Causing loss of control
And a mid-ocean crash with no clues.

68950 WARFARE - TERRORISM Dr Limerick 12-28-01

I'd like it if someone explained
Why Reid sat near the back of the plane.
Is this where the tail
Was at max risk to fail
By a hole adding torque, stress, and strain.

68951 WARFARE - TERRORISM Dr Limerick 12-28-01

Remember flight 587?
On Long Island, it crashed burned and deafened --
Did the tail come loose
Because of the shoes
Of some zealot with ticket to heaven.

68952 WARFARE - TERRORISM Dr Limerick 12-28-01

A terrorist tried something new --
An explosive device in his shoe.
This modified brogan
Caused diversion to Logan
When they caught him with match to the fuse.

68953 WARFARE - TERRORISM Dr Limerick 12-22-01

Right now, people's nerves are quite taut,
And I'll bet his subduction was not
At all kind and gentle,
But unsentimental.
As out of him, folks beat the snot.

68954 WARFARE - TERRORISM Dr Limerick 12-22-01

I imagine they all stood in line
For their turn to subdue this Einstein.
Some cheerful chat while
They stood in the aisle
And pummeled him, one at a time.

68955 WARFARE - TERRORISM Dr Limerick 12-22-01

Though a terrorist act may befall,
I spend every day at the mall.
Said Dubya, "Don't stop
The urge to go shop!"
So I'm answering my country's call.

68956 WARFARE - TERRORISM Observer

The Taliban's beset with woes,
But well then, that's how a war goes.
They're feeling the heat,
And now in retreat,
They've chose the wrong foes to oppose.

68957 WARFARE - TERRORISM Observer

John Walker Lindh's not bin Laden,
Even though his chances were rotten.
So let us be candid;
He's a mere Talibandit,
Who easily will be forgotten.

68958 WARFARE - TERRORISM Limerick Savant

The Taliban's now on the run;
Perhaps they're sorry they begun.
Bring them to justice,
But all the truth just is
Atrocities can't be undone.

FBI documents hidden away,
Probably won't, in the end, help McVeigh.
But the document clerk
Will soon be out of work
For the blunder he found and displayed.

68967 WARFARE - TERRORISM - MCVEIGH Dr Limerick 05-11-01

The cowardly killer, McVeigh,
Has sniveled and begged for a stay.
Said the court, "That's just crap 'n'
It ain't gonna happen;
Get ready, you're goin' away.

68968 WARFARE - TERRORISM - MCVEIGH Observer

Said McVeigh, as he cheerfully waved
To the crowd, "You are sick and depraved,
So, through being rotten,
It's clear that I've gotten
The attention that I've always craved."

68969 WARFARE - TERRORISM - MCVEIGH John Miller

The cowardly killer, McVeigh,
With luck, has held justice at bay.
But the grim reaper waits,
Patiently, at the gates
Of Hell, to award Tim his pay!

68970 WARFARE - TERRORISM - MCVEIGH Observer

An eye for an eye, to each his kind;

That wisdom they never will find.

68971 WARFARE - TERRORISM - MCVEIGH Mastersk8

Of a federal pen with the works,
Watching his tale on cable
While we're still unable

68972 WARFARE - TERRORISM - MCVEIGH Cyberwizard

Most Americans think it just fine
That the death toll's now one sixty nine.
Though sordid and ugly,
They give their thanks smugly,
To a God who says "Vengence is mine!"

He says that his type will hit harder,
If he should become a new martyr.
The scary part is
I'm buying that biz;
You'd hope that our folks would be smarter.

68974 WARFARE - TERRORISM - MCVEIGH Cyberwizard

I find it exceedingly odd
When the squeamish all mew, "Spare the rod!"
See the criminal brain
Is society's drain;
The People shoul get rid of the clod!

68975 WARFARE - TERRORISM - MCVEIGH Tom Accousti

Seems the criminal get all the rights
And the victims are left to their plights.
Tim broke the laws; (McVeigh)
Let society's jaws
Close down and snuff out his lights.

68976 WARFARE - TERRORISM - MCVEIGH Tom Accousti

Tim's point is: Is conspiracy thought
And political underground fraught
With misplaced papers,
And FBI capers;
Make you wonder who else has been bought.

68977 WARFARE - TERRORISM - MCVEIGH Tom Accousti

If Kevorkian is put away
His cell mate should be Tim McVeigh.
When the doc prevails,
He'll clean out the jails,
And true justice will then have its day.

68978 WARFARE - TERRORISM - MCVEIGH Tom Patton   P9708

We saw the All American Way,
Demonstrated by young Tim McVey.
But if might was right,
Why get so up tight,
And blow that poor sucker away?

68979 WARFARE - TERRORISM - MCVEIGH Dr Limerick

Though we differ about execution,
As a decent crime-fighting solution,
You really can't mean
That an act so obscene,
Deserves less than max retribution.

68980 WARFARE - TERRORISM - MCVEIGH Dr Limerick

There once was a man in Afghanistan,
A guest of the rulers called "Taliban."
This man in a turban
Destroyed buildings urban,
And said, "Let's kill every American."

68981 WARFARE - TERRORISM - OSAMA   M Fotheringham

"The jihad will finally find birth,"
He surmised with undisguised mirth.
But all that he triggered
Were Yanks re-invigored,
To sweep his kind off of the Earth.

68982 WARFARE - TERRORISM - OSAMA   M Fotheringham

So, if I were a guy named Osama,
I think I'd be crying for "Mama!"
For what has begun
Will never be done,
'Til Osama has suffered some trauma.

68983 WARFARE - TERRORISM - OSAMA   M Fotheringham

Yes, If I were Osama bin Laden,
I think that my pants would be sodden.
For regardless of wealth,
When your facing a Stealth,
The hole that you hide in, you'll rot in.

68984 WARFARE - TERRORISM - OSAMA   M Fotheringham

We're bombing a big stretch of sand
That once was Bin Laden's home land.
It cannot be wrong
Although he's long gone,
We'll make sure the desert does understand.

68985 WARFARE - TERRORISM - OSAMA   Tony Burrell

Osama, that Al Queda pain,
Lies somewhere in the Hindu Kush Plain.
He broke a few yolks

68988 WARFARE - TERRORISM - OSAMA

We're certain to see justice meted;
Of that fact, almost all have conceeded.
"Bin Laden," says Bush,

Vile acts demand death,
Reconcile ending breath,
Contemplation that brings forth a smile.

68991 WARFARE - TERRORISM - OSAMA Joel Ash P0110

Afghanistan is a small enclave,
Intent on Bin Laden to save.
Though if he's still there,
They don't know just where,
But they're sure he will always behave.

68992 WARFARE - TERRORISM - OSAMA Chris Papa

Old Bin Laden is such a great bore,
I wish they would give him what for.
Just blow up his cave
But all his bits save,
So he could come back as Dave's whore.

68993 WARFARE - TERRORISM - OSAMA Marlene Lewis

America's resolve is firm
As we make old Osama squirm.
And isn't he brave
Hiding out in a cave,
Like a little old cowardly worm.

68994 WARFARE - TERRORISM - OSAMA Observer

This Bin Laden turd is the one

68995 WARFARE - TERRORISM - OSAMA   Marlene Lewis

Our noses Bin Laden went under!
With a pair of dark shades,

Disguised as ostevie bin wonder!

68996 WARFARE - TERRORISM - OSAMA

They've surrounded our friendly Omar,
So he will not get very far.
But then there's a gust,
A hole in the dust,
He's gone by his bike and sidecar.

68998 WARFARE - TERRORISM - OSAMA   Tony Burrell

A crafty old fag named Osama
Could change a young boy to a bomma.
He'd quote from the Koran
And never go whoran,
Yet secretly fucked his own momma.

69002 WARFARE - TERRORISM - OSAMA

Got a message today through my modem
From a friend in L.A., and I quote him:
"When Osama's been taken,
We'll wrap him in bacon,
Then hack, with a box knife, his scrotum."

69003 WARFARE - TERRORISM - OSAMA

Osama Bin Laden is glum;
His prick is the size of his thumb.
Since late last December
He's played with his member,
And still he is waiting to come!

69004 WARFARE - TERRORISM - OSAMA

Osama bin Laden's been found!
At a place where Big Gulps have been downed.
They noticed a mug
With a face not so smug --
Perhaps you have seen him around.

69005 WARFARE - TERRORISM - OSAMA

I hear the perverted Osama,
When fucking the cunt of his mama,
Was belittled by her
Cause he came in a blur,
And his dick was the size of a comma.

69006 WARFARE - TERRORISM - OSAMA

The mother of Slimey bin Laden
Bore numerous kids for jihadin',
And from giving such birth
To the scum of the earth,
Had a pussy the size of a garden.

69007 WARFARE - TERRORISM - OSAMA

Whatever the mess that he's in,
Be it even one caused by his kin,
It's fair to assume
To believe and presume
That old Dubya blames Bin Laden.

69008 WARFARE - TERRORISM - OSAMA   Phil T

"Osama," said Bush, "would of prospered
If he would have took what I offered;
But now a big blast
Just blew his ass past
My ranch here in Texas near Crawford."

69009 WARFARE - TERRORISM - OSAMA   Travis Brasell

It would be a terrible shame,
If Bin Laden wasn't to blame,
If in the event,
He proved innocent;
Oh Hell! Let's bomb him just the same.

69010 WARFARE - TERRORISM - OSAMA   Tony Burrell

Osama's been Laden with dirty thought;
Pretends it's a holy war he's fought.
Truth is, in his teens,
He tried American jeans,
And in the zipper his pecker got caught.

69011 WARFARE - TERRORISM - OSAMA   Gunjan Saraf

Up to his ass in large boulders,
Bin Laden's head's still on his shoulders.
So he bought his way out;
Left his troops in a rout;
We will dance on his corpse when it molders.

69012 WARFARE - TERRORISM - OSAMA   Tomer Shiran

Now the courts have discovered a gaffe
Over who'll try bin Laden; his staff,
The U.S. or Afghans,
But the Mossad has plans
For giving each country a half.

69013 WARFARE - TERRORISM - OSAMA   Dennis M Hammes

Got caught with a goat he was proddin';
The mullah said, "Mister!

Since the lady in question beat feet.
It's now moot, so quit bitchin'
And get out of the kitchen,
If you find you just can't take the heat.

Said a fisherman fishing in Michigan:
"Here comes that sweet little bitch again!"
So he hoisted her anchor,

The trophies hung up on the walls
In the bedroom are lovers

Suspended from hooks by their balls.

Them; of that there's no question or doubt.
('Cept the mother-in-law
For there's nothing so sure;
She's a wicked and ugly old trout.)

Such praise on her's lost,

She's in an unendable sulk.

She cut it's head off with a rake!
The man yelled in pain

You couldn't have been much more blunt.
Wife and boat with the same
Ridiculous name.

There once was a girl named Bette.
When she became a majorette,
They found her too skinny
To wear a cute mini;
They plumped her with a helium jet.

69365 WOMEN - CHEERLEADERS Phyllis Johnson

Soon that round majorette was the toast
Of the crowd, as she gave her utmost,
And in flamboyant leap,
Won the game with broad sweep,
Sailing squarely between the goal posts.

69366 WOMEN - CHEERLEADERS Mary Sullivan

A helium plumped drum majorette,
Is a sight to behold, you can bet.
That game winning fete,
To the crowd, was a treat.
Which they're likely not apt to forget.

69367 WOMEN - CHEERLEADERS Don Tidwell

It's a very peculiar affair,
For it seems as Bette flew through the air
And sailed through those posts,
To the cheers and the toasts,
She changed from a round to a square.

69368 WOMEN - CHEERLEADERS John Pickersgill

It was all for the best, truth to tell,
That her shape metamorphed as she fell.
She got squared off, all right,
Else that gas-induced flight
Might have puffed up her ego as well.

69369 WOMEN - CHEERLEADERS Mary Sullivan

Well, I won't say the dear girl was fat,
But a sports fan relayed to me that
When our Bette hit the ground,
There was heard to resound
An earthshattering squishy KER-SPLAT!

69370 WOMEN - CHEERLEADERS Mary Sullivan

The poor girl was in dire distress,
Green grass stains all over her dress,
And the umpire they called
Was completely appalled
As he gingerly surveyed the mess.

69371 WOMEN - CHEERLEADERS Don Tidwell

That descent past the end-zone she met
Gave new meaning to "hedging a Bette".
For she landed with flair
On a ripe prickly pear,
And the prickles, they are in her yet.

69372 WOMEN - CHEERLEADERS John Pickersgill

In agrarian terms, it's quite rare
To encounter a ripe prickly pear
In an area made
So team games can be played...
Makes me wonder how come it was there.

69373 WOMEN - CHEERLEADERS Don Tidwell

It's surrounding the site like a shield.
And the reason will soon be revealed.
Yes, that ominous cactus
Was there to protect us
From limerickers storming the field.

69374 WOMEN - CHEERLEADERS Mary Sullivan

Then a doctor was called to the scene,
To remove those sharp spines long and green.
With a small hemostat,
He explored where they're at,

69375 WOMEN - CHEERLEADERS Don Tidwell

I've heard rumors that this girls fecundity
Abounds in the greatest abundity.
Well...Helium jet?
That's the best I've heard yet!
To explain her excessive rotundity.

69376 WOMEN - CHEERLEADERS John Pickersgill

I submit then for what it is worth,
This resolves the true cause of her girth.
We should celebrate her joy
With her new girl or boy,
And raise up our glass at the birth.

69377 WOMEN - CHEERLEADERS John Pickersgill

A young man from up in the booth
Asked his cheerleader girl for the truth
"I know from their eyes,
You've played ball with the guys,
And more call you Babe than say Ruth."

69378 WOMEN - CHEERLEADERS

Yes, they call her the Home Run Queen,
And I'm sure you know what they mean.
She'll go all the way;
They score every day;
She's the greatest thing they've ever seen.

69379 WOMEN - CHEERLEADERS

Sure, with many fellows she's been;
With her the team always can win;
She's scored with the stars
And gotten some scars,
As the batter would safely slide in.

69380 WOMEN - CHEERLEADERS

A too popular cheerleader said,
"I'm afraid that I'm failing phys ed.

And to act as your personal maid,
I have pleaded, cajoled,
And at last I've struck gold,
By persuading my neighbour, young Jade.

Wash your dishes, look after your mails,
Cook escargots in wine
Which are simply divine,
For she picks out the juiciest snails.

The candles and wine, though, I'll bring us
And using my flexible fingers
Massage you and rub
You with oils in your tub;

Showed off all her paraphernalia.

Said, "I feel like a queen,
And people adore my regalia."

A beautiful woman is one's desire,
A homely woman to inspire.
One cannot tire
To gaze upon fire,
For each one is perfect in attire.

70003 WOMEN - LOVELY

Support all the girls who demand
These gross competitions be banned;
Degrading they be,
As I think you'll agree,
And it's time that we all took a stand.

70004 WOMEN - LOVELY Peter Wilkins

Miss World, Miss Japan and Miss Kitts,
(To name but a few) are the pits;
They are lacking in taste
And should be replaced
With Miss Pussy, Miss Ass and Miss Tits.

70005 WOMEN - LOVELY   Peter Wilkins

Whose beauty steals my breath.
Five foot three, eyes of brown,
Long brown hair hanging down,
And always impecably dressed.

When Dudly Moore came to America,
He gave that cute film star, Bo Derrick, a
Prize-winning 'Ten';
Now I have a yen
To give at least ten to our Ericka.

70008 WOMEN - LOVELY   Travis Brasell

In your southern home, Palladian,
We'll find the rhythms circadian.
And I'll shout "Amen!"
When you give me a "Ten",
'Cause that's just like fifteen Canadian!

70009 WOMEN - LOVELY   Ericka

The ugliest gals in Pawkisski
Turned beautiful, sexy and frisky.
It happened quite soon
In a raucous saloon,
When I guzzled a fifth of cheap whisky.

70010 WOMEN - LOVELY Travis Brasell

There was a young lady named Dot,
She doesn't know what she has got.

That gives egos a lift,
And the boys seem to like it a lot.

Miss June the First is erased
And now has been duly replaced,
By Miss June the Second
More suited, I've reckoned,
To all you good people's good taste.

70012 WOMEN - LOVELY

July is but three weeks away,
So send me some good ones, I pray.

A partner to go with Miss June.
So you ladies as well
Have someplace to dwell,
As you lurk by the light of the moon.

70018 WOMEN - LOVELY Arthur Pattaffy

Never mind if they're fat or they're lean,
Real buxom or somewhere between.
Real bright or real dumb,
Here's one rule of thumb:
It sure helps a lot if they're clean

In fact I love all of her fancies.
Her nipples, her tits,
And her other sweet bits,
Hidden teasingly 'neath her dear pantsies.

Met a city gal in a short skirt.
His face turned bright red;
He spluttered and said,
"You're lovely, you're shapely, you're pert!"

70022 WOMEN - LOVELY Arthur Pattaffy

I concede that what you say is true,
But a man must be careful, now, Hugh,
'Cause a woman's singing
Can sometimes be stinging,
And will leave the poor guy in a stew!

70023 WOMEN - LOVELY

Be proper you otter,
And never, but never be crude."

70025 WOMEN - LOVELY Jean Fox

A lady must always be sweet,
Polite and attentive and neat.

"Yes Mother", to her I would say,
A good girl -- I'd always obey.
But now I am older
And got so much bolder,
I'm sweeping and running astray!
(sweeping men off their feet)

70027 WOMEN - LOVELY Jean Fox

And beat his ass red with a plank.

Despondency, gloom and despair.
It would seem I have lost my sweet Claire.
She's in love with another;
But wait ... there's her mother
Who's gagging for shagging, I swear.

Clever people invented The Bomb,
Mars Rover, Pc, Cd-Rom;
They won't be contented
Until they've invented
A full scale replacement for Mom!

Once the substitute womb comes to pass,
Virgin birth will be common as grass;
With the women deserting,
The men will be hurting,
Converting to substitute ass.

An old North woods logger named Hank,
He smoked and he cussed and he drank.
When asked why he had
All these habits so bad,
Said, "I have my old Mother to thank."

70129 WOMEN - MOTHERS Frank Ward P9310

I know I'm a mother adoring,
With stories most others find boring.
But if your kids were like mine,
You pride would soon shine,
And I'd be the one who was snoring!

70130 WOMEN - MOTHERS Half Plume

Said a wife with twelve kids, Mrs. Shay,
"I'm expecting my thirteenth in May.
I am done playing games
'Cause we are all out of names.
I think I'll call this one 'A-day'.."

70131 WOMEN - MOTHERS Michael F. Ellis P8902

"I've twelve children," said old Mr. Court,
And my wife has refused to abort.
This makes thirteen to date
And the hospital's great.
I call it my private "heir-port."

70132 WOMEN - MOTHERS Michael F. Ellis P8902

The telephone rings as I bathe;
My mother to scold and to scathe:
"Are you washing the dishes
Or feeding the fishes?
Is it too much to ask you behave?"

"No mother, I'm taking a soak
With heavenly bubbles," I croak.
"The vodka has ice;
My book lots of spice;
Just leave me in peace, okey-doke?"

Oh Gioia mia, your mum...
Really her timing is dumb!
We've so little time
For our furtive sex crime,
Will she call once again 'fore we come?

70135 WOMEN - MOTHERS

To her daughter a lady named Tate
Had suggested her sex life should wait,
Unaware she'd been laid
By the fire brigade;
So the Tate tete-a-tete came too late.

70136 WOMEN - MOTHERS Hugh Oliver A039A

Today I'll pay homage to Mother
Who bore me a sister and brother
And seventeen more
(My God -- what a chore!)
By Pop, neighbor Joe, and some other.

70137 WOMEN - MOTHERS Travis Brasell

They'll tell you there's nothing that's finer
Than to wake up in South Caroliner.
Having lived here, I'd druther
Wake up with your mother,
Buried deep in her smelly vaginer.

70138 WOMEN - MOTHERS

I called my son last week, said Hon,
Please send me a ticket to come
Out for a visit,
To stay for a bit.
I need to have a little fun.

70139 WOMEN - MOTHERS Carol

"Don't worry, I'll sleep anywhere,
Like that really comfy lawn chair
I slept on last time.
((My back now feels fine.)
The brace I no longer must wear.

70140 WOMEN - MOTHERS Carol

"I will babysit all night and day;
Your wife and you can go and play.
I'll cook and I'll clean,
I'll make your grass green,
Just like I did last year, Okay?

70141 WOMEN - MOTHERS Carol

"Send a ticket to your poor Mum,
So to visit you I can come
For a much needed rest.
I won't be a pest,
And first class too, don't be a bum!"

70142 WOMEN - MOTHERS Carol

Last night, I was doing my wash,
When a woman came in and by gosh,
She stripped her kids bare,
Said, "For clean underwear
On our budget, we can't be too posh."

70143 WOMEN - MOTHERS John Miller 0102

I said, "Ma'am, don't your children get chilly?"
She said, "Mister, you're sure talking silly;
I feed 'em on greens,
Potatoes and beans,
Than Mexican stuff is too frilly!"

70144 WOMEN - MOTHERS John Miller 0102a

She chose "Pre-soak," then quick as a wink,
She popped all three kids in the sink.
As she bathed them she said,
"Would you have me instead
Put clean clothes on young bodies that stink?"

70145 WOMEN - MOTHERS John Miller 0102b

Well I must say her ways were proficient,
The results thereof more than sufficient.
But somehow I think
One of us needs a shrink;
I could never be quite so efficient.

There was a young fellow from Astor,
Who was screwing the wife of the pastor.
He said, with a grin
As he started to sin,
"I'd have the daughter too, if I'd asked her."

70147 WOMEN - MOTHERS VOL 11

While through life's options we sift,
Hoping we might heal human rift,
The birth of a child
To a mother mild
Embodies a most wondrous gift!

Young Adele is a trim little craft,
Delightfully curved, fore and aft,
So that mere observation
Leads to such stimulation,
That her gangplank is always well-staffed.

70149 WOMEN - NAMED Isaac Asimov

There's a pretty young woman named Sally,
The pride and the joy of our alley.
She will do for you
Anything you want to;
Very pally in the alley is Sally.

70150 WOMEN - NAMED Bob

I once met a Sally girl too,
Drunk and vomiting in my loo.
I ask, "Do you mind if
I slip you my fine stiff?
It's something my fetish must do..."

70151 WOMEN - NAMED Jack

Amanda's young body is beautiful;
Her ass most exceedingly cutieful;
Remains to be seen
If she's eager and keen
To be wholly submissive and dutiful.

70152 WOMEN - NAMED Peter Wilkins

From Rome to the Lago Maggiore,
There's no gal like Angela Torre;
Her tits and her ass,
Her lips -- now there's class:
All proof that's a posteriori.

70153 WOMEN - NAMED Armand E Singer 954

There was a young charmer named Bell;
Whatever she did, she did well.
Like jogging or playing
Or cooking or laying --
Or paving the road straight to hell.

A bashful and speechless Bernice
Would not let a man touch her crease.
Said her shrink, "You're too meek;
You should learn how to speak,
Or forever you must hold your piece."

An eager nymphette, Betty Doyle,
Grabbed the boys she liked to despoil.
But when they climbed into bed,
The boys jumped out and said,
"Your water-bed starting to boil."

In Lafayette Square there's a lady
Whose name (I just learned) is Bev Grady;
She's really attractive
And stays very active
In dealings that may be deemed 'shady.'

70157 WOMEN - NAMED

For instance, on Saturday nights,
Bev stands under street corner lights;
She shows off her thighs
And waits there for guys,
Who dance for their living in tights.

70158 WOMEN - NAMED

On Sundays she goes to two Masses,
And sits with twin freckled-faced lasses;
When both twins are kneeling,
Bev's fearlessly feeling
Their tits and the cunts and their asses.

70159 WOMEN - NAMED

Each Monday Bev's normal routine
Finds her at the old Dairy Queen,
Where she lets the cook
Take one lasting look
At her cunt through a torn window screen.

70160 WOMEN - NAMED

On Tuedays Bev goes to Wong Shu's
And buys some fake nails in dark blues;
While Wong Shu is gluing
Her nails, Bev starts viewing
Some pictures of Wong screwing ewes.

70161 WOMEN - NAMED

But Wednesday Bev sure has a lot
Of fun at her burial plot;
She goes there at seven,
Pretends she's in heaven,
While strumming a harp with her twat.

70162 WOMEN - NAMED

When Thursday comes, Bev's at the zoo;
She feeds all the lions -- apes, too;
That night she engages
To enter their cages,
And jerks off the males 'til they spew.

70163 WOMEN - NAMED

Friday's the day Bev loves best;
It's better by far than the rest;
She goes in disguise
To old homeless guys,
And pays them to come on her chest.

70164 WOMEN - NAMED

Bev Grady's a very fine lady,
Her actions, though, are a bit 'shady',
As you can well see,
But take it from me,
Bev's mild next to her sister Sadie!

70165 WOMEN - NAMED

A hot-pants young lady named Biddle
Cried out in her passion, "Oh, fiddle!
Did you come from Eau Claire
To jerk off in that chair?
Well, cut out the doodling -- let's diddle!"

My buxom french maid, Desiree,
Like to housekeep in her negliege.
My house is quite neat
But she distends my meat,
And her bed ends up in disarray.
